THE DECATUR DAILY REVIEW

FORTY-FOURTH YEAR—NO. 87. DECATUR, ILLINOIS, WEDNESDAY EVENING, MARCH 28, 1923. 16 PAGES—PRICE THREE CENTS

Court Told Brundage Tried Jury "Fixing"

Waukegan Judge Hears Counter-Charge; Adjourn Small Case Until Monday.

[*By The Associated Press.*]

Waukegan, Ill., March 28—The Grand jury investigating charges of tampering with veniremen and the jury which acquitted Governor Small of charges of conspiracy here last year, adjourned today until Monday morning without any announcement from States Attorney A. V. Smith whether true bills had been voted.

It had been rumored earlier in the week that two true bills had been voted on Monday, the first day of the investigation.

AWAIT CALL.

As the 3d day of grand jury investigation charges of attempted bribery of the veniremen and jurors that acquitted Governor Len Small of charges of misuse of state funds opened today, Elmer Green, former sheriff of Lake county, and now superintendent of prisons, Wilson L. Gee, bailiff during the trial and P. A. Doolittle, also a former bailiff awaited a call before the grand jurors

In answer to published charges of a Waukegan newspaper that only one side of the alleged jury tampering was being investigated, Colonel A. V. Smith, states attorney, said those three would be called. The newspaper's editorial said that the three men had knowledge of alleged attempts of jury tampering by John Glaser, said to have been an employe of attorney general Brundage's office during the trial.

ATTEMPTED INFLUENCE.

The charges against Glaser, it was reported, stated he occupied the chairs of bailiffs at various times during the trial and remarked within hearing of jurors that "he's guilty."

In advance of publication of the editorial, it was reported that a proof of the editorial was sent to State's Attorney Smith.

A conference between Smith and Judge Claire Edwards followed.

Leslie Small, the governor's son, the second witness before the grand jury yesterday was reported today to have told of demands made upon him at his office in Springfield by two men from Chicago. The register of the St. Nicholas hotel of Springfield showing that Cornelius Shea, Eddie Kaufman and Eddie Courtney, registered there under date of Feb. 6 has been brought here.

CORROBORATES TESTIMONY.

Werner W. Schroeder, counsel for Governor Small, during the trial, followed the governor's son before the grand jury. He was reported to have corroborated the testimony of the governor's son and added that when the two men came to his office he ordered them out, refusing, as did Small, to countenance their alleged demands.

Other witnesses before the grand jurors were Edward Evans, a fingerprint expert, Harry C. Pegyman, a Chicago detective, W. T. Ziegler, cashier of the Antioch, Ill. state bank, who took his bank books into the grand jury room, Andrew Wedeen, proprietor of an Antioch hotel, Manuel Talcott, postmaster of Waukegan, and W. E. Comb, superintendent of the American Steel and Wire company plant here.

WANT NO SHIPS SOLD TO ALIENS

Shipping Board Asked to Regulate Disposal.

Washington, March 28—The United States Ship Operators' association, second of the organizations representing interests identified with the American Merchant marine to respond to the shipping board request for co-operation in formulating a policy, recommended today that the board scrap all unserviceable tonnage, sell its good tonnage to American operators, and strictly withhold any tonnage from aliens.

HEIRESS TO MARRY OLD SWEETHEART

St. Charles Man to Get $40,000,000 Bride.

Los Angeles, March 28.—A marriage license was issued today to Miss Dellora Angell, heiress to $40,000,000, and Lester Norris, newspaper cartoonist. The ceremony was to be performed at noon today at the Angell home in Pasadena, according to relatives.

LONG COURTSHIP.

Chicago, March 28.—The friendship of Miss Dellora Angell, heiress, to the late John W. Gates millions, and Lester Norris, young cartoonist and son of a furniture dealer at St. Charles, Ill., whose marriage was set for noon today in Pasadena, began at St. Charles, Ill., 11 years ago when as children, they were playmates. In their home town they attended the Methodist Episcopal church together and engaged in the same childhood games and competition.

HARVARD WITHOUT UNKISSED MAN IF GEORGE MADE GOOD

BY EDMUND HART.

(Copyright, 1923)

Boston, March 28—While Columbia University may boast if twenty-one unkissed students, Harvard is without an unkissed man on her rolls.

That is, of course, if George R. McLeod, who bore the distinction until yesterday—a doubtful distinction, in his mind, plucked up his courage sufficiently last night to take a fall out of cupid's bow.

GEORGE REBELLED.

Publicity and the stares of her to whom was pointed out as Harvard's unkissed man" caused McLeod's rebellion against his status. He sallied forth from the dormitory late yesterday with the parting to his roommate:

"When I come back Harvard won't have any such person as an unkissed man. As long as you fellows knew I had never been kissed, it was all right, but since it's been broadcast, I refuse to be known as the unkissed man of the college."

REMAINS SILENT.

Harvard is wondering this morning whether McLeod carried out his threat. But McLeod, as the old saying goes, "ain't telling."

McLeod's distinction became known when Harvard set about to take a poll after Columbia university had announced that twenty-one of her seniors had passed the four years of campus life without listening to the sirens. McLeod is a middleweight boxer, but is shy.

"It was really a mistake," he admits. "I should have kissed a girl before this. I often wanted to, but somehow I never could master sufficient courage."

GERMANY FAVORS U. S. DEBT PLAN

Washington Understands Berlin Approves Commission.

Washington, March 28.—The statement of Germany's attitude toward the reparations problem, recently laid before Secretary Hughes by the German embassy here is understood to have indicated approval of the American plan for an international fact-finding commission as a first step toward a solution of the present Franco-German disagreement.

PRINCE OF WALES THROWN FROM NAG

London, March 28—The Prince of Wales was thrown Tuesday at a water jump in the army point-to-point races at Arborfield, but was unhurt.

The prince was thrown into the boughs of a willow tree on the opposite bank, but scrambled back to rescue the horse which was plunging about in water up to its neck and rapidly sinking in the mud.

News Flashes From Capitals of World

Washington.— Representative Cole, Republican, Iowa, proposed the president call an extra session of congress to enact laws to prevent gambling in sugar and other staple products.

—:—

Paris—Premier Poincare, speaking of the situation in the Ruhr told the finance committee of the chamber of deputies that he held great hope that Germany would yield "by the end of May."

—:—

Washington.— Prohibition commissioner Haynes has issued orders to arrest all persons caught drinking intoxicating liquor on railway trains throughout the country.

—:—

Berlin. — Foreign minister Von Rosenburg told the foreign relations committee of the Reichstag that there would be no capitulation nor any relenting in the passive resistance of Germany along the Ruhr front.

—:—

London.—Lady Mary Cambridge is engaged to the Marquis of Worcester heir to the Duke of Beaufort, according to the Daily Times. She is the second of Princess Mary's bridesmaids to become engaged since the latter's wedding.

MOTHER GONE, 3 CHILDREN BURN

Andover, O., March 28—Three children of Mrs. Charles White, ranging in age from one to six years, were burned to death, when fire destroyed the family home at Williams Field, five miles south of here Tuesday. Mrs. White had gone to visit the home of a neighbor.

HALF YEAR FOR SUGAR PROBE

Government Will Need Six Months to Complete Inquiry.

Washington, March 28— Although the machinery of the tariff commission already had been set in motion today to clear up one feature of the much debated sugar situation, it was indicated that at least six months would elapse before the results of its inquiry could be made known.

The inquiry was requested by the President in the following telegram addressed to Thomas O. Marvin, chairman of the tariff commission:

DOUBT REASON.

"Have tariff commission make an immediate inquiry into the relation of the sugar tariff to the current prices of that commodity. It is difficult to believe that the duty on sugar can have any part in making the abnormal prices which prevail, but if the commission finds there is any ground for believing the duty to be even partially responsible, I shall be ready to proclaim a reduction in sugar as provided by law."

The presidential order, it was explained, will result in enlisting another official agency in the government's endeavors to ascertain responsibility for the gradual increase in sugar prices starting early in February when sugar was selling at five and six cents a pound retail as compared with present quotations running as high as 12 cents.

The department of commerce for several weeks has been studying the sugar situation and several days ago acting Attorney-General Seymour announced in Washington that the department of justice was making an inquiry which would continue until responsibility was fixed.

WANT CONGRESS CALLED.

Washington, March 28—An extra session of congress to enact laws to prevent gambling in sugar and other staple products, should the attorney general find present status insufficient, was proposed Tuesday by Representative Cole, Republican, Iowa.

"The cost of an extra session of congress," he declared in a statement, "to provide laws which will protect the public would be nothing compared to the $110,000,000 taken from the sugar consumers with every cent increase in price. I am urging the United States Chamber of Commerce to take cognizance of the national crisis. The greatest business enterprises in the country ought to be powerful enough to stop such manipulations in the price of food products."

SERVE COL. ASHBURN WRIT ON RIVER

Judge Refuses to Rule on Legality of Service.

St. Louis, March 28—U. S. District Judge Faris today withheld comment as to whether the service of a restraining order on Col. T. Q. Ashburn of the war department, who seized the Edward F. Goltra river fleet on Sunday by a deputy U. S Marshal near Cape Girardeau, Mo., yesterday was legal.

In serving the writ of injunction which asks Col. Ashburn to show reason why he should not be enjoined from seizing the barges, Deputy Oscar A. Knehaus of Cape Girardeau boarded the tow boat Vicksburg in the Mississippi river on which Ashburn was directing the cruise down stream of the seized boats.

USES STRATEGY.

The deputy attempted to serve the summons on Ashburn, but he was reminded by the officer that as the boat was on the Illinois side of the river he was not within jurisdiction of the local district court. The deputy then resorted to strategy.

Knowing the channel of the river wound close to the Missouri shore at the approaching point, Knehaus waited until the boat, riding in the channel, neared the Missouri side and then threw the writ near Col. Ashburn telling him he now was within the jurisdiction of the court. The colonel repeatedly refused to acknowledge service of the writ.

Agents of Goltra put the writ in the hands of Knehaus by speeding to Cape Girardeau in an automobile. The deputy hired a motor boat in boarding the Vicksburg.

GENERAL MAUNOURY, FRANCE, IS DEAD

Orleans, France, March 28.—General Maunoury, former military governor of Paris, was seized with a fainting fit and died on a train today shortly after leaving for Bordeaux.

VETERAN ALASKA TEACHER IS DEAD

Dixon, Ill., March 28—Miss Ruth A. Messer, who was the first American school teacher at Sitka, Alaska, where she went in 1868 when the United States acquired the territory, died at her home in Dixon last night.

SOVIET STAYS BISHOP'S DEATH

Catholic Church Dignitary Not To Be Executed at Once.

[*By The Associated Press*]

Warsaw, March 28.— The Polish government has been informed through the Soviet minister in Warsaw that the death sentence against Archbishop Zepliak, head of the Roman Catholic church in Russia will not be carried out by the Russian government, "at least for the present," and that the affair will be taken up in diplomatic negotiations.

Premier Sikorski made this announcement to the Polish senate this morning.

"OUTRAGE" SAYS WASHINGTON.

Washington, March 28.—Decision of the Soviet government to execute Archbishop Zepliak and Monsignor Butchkavitch of the Catholic church in Moscow tomorrow, was characterized today by state department officials as constituting an outrage against humanity which could not fail to create the deepest feeling of resentment and horror in the United States.

SAYS U. OF I. HONOR SYSTEM FAILURE

Commission Votes to Abolish Plan, 8 to 5.

Champaign, Ill., March 28—By a vote of eight to five, members of the student honor system commission of the University of Illinois last night recommended the abolishment of the system. A minority report was submitted declaring the honor system, by which students are placed on their honor not to "crib" during examinations, had not been given a fair trial and asked its continuance.

H. M. Keel of Monticello, Ill., president of the commission, declared the honor system to be a failure, that much cribbing is being done, and that reflection is being cast on the entire campus. The minority report supported the system.

CHANGE DUTIES.

"Let the commission use their true function as that of a body to promote and propagate the principles of the system, rather than a body of student judges," the report says.

The honor system was established by a two-thirds vote of the student body. Further action of abolishment or retention of the system will be recommended by the student senate or council, followed by a vote.

DENY HART GUILTY OF MISCONDUCT

Los Angeles, March 28—Detailed denials from William S. Hart, motion picture actor, and his wife, Winifred Westover Hart, screen actress, of charges that Hart was the father of a child born on September 3, 1917, to Elizabeth MacCaulley, a Boston school teacher, and that Mrs. Hart planned to incorporate the charges in a divorce complaint, became public today.

"Bill" Hart denied categorically the paternity of any child other than William S. Hart Jr., born to his present wife, and declared he never had "made any trust or other provisions for the support of any child other than my own son, above mentioned."

Mrs. Hart's denial was issued through her attorney, who added "the incident would have no bearing on the case, even if we did want to use it."

METHODIST CHURCH MERGER FURTHERED

St. Louis, March 28.—The subcommittee on unification of the Methodist Episcopal church, south, meeting here has decided on formation of a general conference to handle all major matters of both churches under the proposed coalition.

Under the plan, however, each branch would have its own jurisdictional conference to administer lesser matters of church government.

DELAY O'NEILL WOMAN'S BILL

"Eight Hour" Legislation Postponed Until April 10, 68-67 Vote.

[*By The Associated Press*]

Springfield, March 28—Consideration of the O'Neill women's eight hour bill was postponed today by the house until April 10, on a roll-call which showed 68 members voting for delay and 67 for immediate consideration.

When the bill was called up on second reading, Representative Browne, Democrat, Ottawa moved for a continuance of two weeks that members might study the bill further.

POSTPONE PROBE.

Further consideration of the elections contest of Michael Hennebry, Democrat of Wilmington, against Illinois' first woman legislator, Mrs. O'Neill, and Representatives Walker and McCabe, all Republicans, of the 41st district, was postponed until April 10 this morning by action of the house committee on elections.

Postponement was voted by a party division, the Democrats all voting for immediate investigation of the ballot boxes and tally sheets at Downers Grove, the home of Mrs. O'Neill, and all the Republicans voting for postponement.

The house passed 133 to one the Smejkal bill reappropriating $19,000,000 for the Illinois waterway from Lockport to Utica. The measure goes to the senate.

The house passed 124 to 0 the bill of Representative Holderman, Morris, changing dates of terms of Iroquois county court.

ADVANCE POLICE BILL.

Senator Dunlap's state police bill was advanced to third reading in the senate at noon today. Several proposed amendments were beaten without a record vote.

Three bills introduced by Representative L. S. Holderman, Morris, at the request of the American medical liberty league were killed today when the house committee on judiciary reported them back with the recommendation that they do not pass. They required a health officer to obtain approval of the physician in charge before issuing a quarantine order, provided that any one professionally educated to be a physician shall not be eligible as a public health officer, and provided that quarantine regulations applicable to persons afflicted with smallpox shall apply to persons vaccinated against that disease.

FAVOR U. OF I. REQUEST.

The senate and house appropriations committee reported favorably the bills appropriating $10,500,000 to the University of Illinois. It is believed the appropriations will pass both houses by satisfactory margins, but it is not known if they can be passed over a possible veto. Governor Small's estimate for the institution for the next two years was $9,205,000.

TEXAS G. O. P. FIGHTS KLAN

Dallas, Texas, March 28—Carrying out "its declared opposition to the Ku Klux Klan," the Republican party of Texas, through its executive committee, has recommended the dismissal from federal service all government employes known to be klansmen. R. B. Creager of Brownsville chairman of the state Republican executive committee said in an announcement here today.

PECORA TALKS TO YOUNG DAUGHERTY

New York, March 28—Draper M. Daugherty, son of the attorney-general of the United States, appeared at District Attorney Pecra's office today and was questioned at length concerning any information he might have about blackmail plots in which Dorothy Keenan, slain model, figured as decoy.

"Lilly" and "Big Babe" Cause Legal Jumble at Rockford

Rockford, Ill., March 28.—Batteries of lawyers continued the fight in county court today over the question of who is liable for the raw meat "Lilly," the tiger ate and the tons of hay consumed by the ever-hungry "Big Babe," the elephant, in Rockford's now defunct zoo.

An odd situation arose in the trial when it became known several of the nine lawyers employed in the trial did not know just what case was being tried. The fact was developed that three cases against the alleged directors of the zoo were being tried as one case. It was finally agreed to proceed with the cases individually and the one in which B. R. Lyddon, a contractor, who built quarters for the animals, was declared to be the one on trial.

TO PROVE EXISTENCE.

Proving that the zoo society actually existed appears to be a difficult task for the attorneys representing the creditors. There has been a scramble to find the minutes of the society's meetings, especially of the one at which the name of the zoo was adopted, but no one seems to know where they are.

Supervisor Thomas D. Reber testified he donated a dozen monkeys and built a house for them. It was known as "Uncle Tom's monkey house."

DECLARES WOMEN OF U. S. WILL BE BALD

Must Forbear Cream Puffs and Tight Hats, Say Experts.

BY JUNE HADDAWAY.

(Copyright, 1923)

New York, March 28.—Cream puffs and tight hats will make American women bald if they don't cut out one or the other as a steady habit.

This is the situation which confronts the nation as the fifth annual convention of the American Hair Dressers' association floats today on a wave of perfume, accompanied by the tinkle of curling irons, into the second session of its three-day meeting at the Waldorf-Astoria.

LOSE HALF DOZEN INCHES.

The difference in food and headgear since grandmother's time has cut half a dozen inches from the American woman's hair. Tresses that fell to the waist were commonplace in those days. Yet it is difficult now to find women with hair twenty inches long, a fact proved when the hairdressers advertised for women with hair that length to enter the national permanent and marcel wave contest.

ATE PLAIN FOODS.

"Grandmother ate oatmeal, cornmeal, plain and wholesome foods and did not wear hats that encircled the forehead tightly nor live on rich salad dressings and cream puffs," says Mrs. S. T. Burgess of Wisconsin, asked to tell the truth about hair from root to rat. She was for two years state inspector of beauty parlors in Wisconsin. "Why are men more likely to be bald than women? Because they have for decades worn hats that bind the head, restricting the circulation and starving the hair roots."

PURNELL MAY TAKE STAND

Rumored House of David Head to Testify In Suit.

Grand Rapids, Mich., March 28.—An air of expectancy pervaded the federal court chamber here today as hearing in the $80,000 suit of John W. Hansell against the Israelite House of David was resumed. Its basis was a report circulated over night that Benjamin Purnell, "king" of the Benton Harbor colony, might appear as the final witness for the defense, to refute charges that immoral practices were indulged in by him at the House of Shiloh.

WIFE NOT PRESENT.

The report concerning Purnell's possible appearance was first heard yesterday when his wife, Mary, failed to occupy her seat at the side of the cult's attorney, H. T. Dewhirst. One rumor said she was ill at a hotel here, while another was that she had joined Purnell at the colony's branch on High Island in Lake Michigan, for the purpose of inducing him to take the witness stand.

Purnell's whereabouts were not known here. Reports of the last few days have located him in Europe, Canada, in Grand Rapids and at High Island. A witness testified yesterday he left the colony two months ago.

Attorney Walter M. Nelson, for the plaintiff, has contended throughout the trial that Purnell was the only person capable of offering an authentic denial of the charges, because of their nature.

"NEXT MOVE IN COURT" SAUNDERS

[*By The Associated Press.*]

Memphis, Tenn., March 28—Clarence Saunders, head of Piggly-Wiggly Stores, inc., rested Tuesday night on telegrams sent to the New York Stock Exchange, taking issue with stock exchange statements as to the extent of the "short interest" in Piggly-Wiggly's recent sensational day in the "street," declared flatly he wanted no compromises and reiterated his intention to fight out the issue in the courts.

"My next statement will be in the courts," Saunders told newspaper men.

NEGRESS, BORN IN SLAVERY, IS DEAD

Centralia, Ill., March 28— Marget Sims, negro who had passed the century mark in age, died here Tuesday. She was the mother of seven children born in the slavery period before the civil war.

TO MARK VISIT OF FATHER MARQUETTE

Quincy, Ill., March 28.—The 250th anniversary of the discovery of the Mississippi river and the journey through Illinois of Father Marquette is to be celebrated by the Illinois Knights of Columbus, meeting here in convention May 8 and 9. The meeting also will celebrate the 25th anniversary of the state council of the Knights of Columbus.

President Says Mr. Daugherty Premature

Harding Was Not Ready To Have 1924 Plans Made Public, Statement Shows.

SINCLAIR OIL PLANT BURNS

Loss at Louisiana Refinery Will Reach Million, Is Report.

New Orleans, March 28—The refining plant of the Sinclair Oil company at Merneaux, about eight miles south of here on the Mississippi river was reported as having been badly damaged today by fire. At least four oil tanks were said to have been destroyed.

The loss was placed at approximately $1,000,000 and the flames were still raging, although it was believed the fire fighters had it under control, according to information reaching here.

POVERTY HOLDS UP BERNHARDT'S PLANS

Famous Actress Cannot Be Buried at Belle Isle.

[*By The Associated Press*].

Paris, March 28—The body of Mme. Sarah Bernhardt will be removed at noon Thursday from her late home on the Boulevard Pereire to the Church of St. Francois de Sales, in a nearby street, and thence conveyed to the cemetery of the Pere-Lachaise, the last resting place of hundreds of France's famous people of all times.

It will be one of the most impressive funerals of a great public figure since that of Victor Hugo in 1885. Hugo's funeral was under the auspices of the government; Bernhardt's will be at the expense of the city of Paris.

POVERTY INTERFERES.

Poverty is given as the reason that Bernhardt will not be buried in Belle Isle, where many years ago she had a tomb dug in the solid rock. It is explained that shortly before her death, pressed as always for ready money, the actress was obliged to sell the house with the land at Belle Isle and it is suggested now that at some future time permission be obtained from the new owner and the body transferred there.

ST. AUGUSTINE TO HONOR CAVALIER

America's Oldest City to Pay Ponce de Leon Homage

St. Augustine, Fla., March 28 — With a touch of historic sentiment; St. Augustine, the oldest city in the United States, will celebrate the discovery of Florida by Ponce de Leon on April 4, 5 and 6. The celebration to be presented this spring is the first since the World War and into it there is to be crowded all the gayety, beauty and charm of sixteenth century romance.

Plans for the Ponce de Leon celebration are unique and essentially a part of St. Augustine, for the program is designed to portray famous historical happenings of which the city has been the center during the centuries gone.

ON EASTER, 1513.

It was near St. Augustine, historians declare, that Juan Ponce de Leon, seeking the fountain of eternal youth, stepped upon the shores of Florida on Easter Sunday, 1513. Flowers bloomed, birds sang and it was in truth a Pascua Florida, or Flowery Easter, To Ponce de Leon, weary from his search and gladdened by the sight of the delightful country, it seemed indeed that the veritable fountain of his quest must lie within its borders.

WANT PRIEST ON LIQUOR CHARGE

Denver, Colo., March 28— Father Walter Grace telegraphed the United States district attorney here today he is in Harrisburg, Pa., and asked time to complete personal business before returning to Denver to answer federal charges of forging liquor permits.

Granby Hillyer, United States district attorney turned the telegram over to the department of justice and a message was dispatched to Harrisburg authorities asking that Father Grace be taken into custody. The telegram from the priest gave no address in Harrisburg.

[*By The Associated Press*]

St. Augustine, Fla., March 28 President Harding, it has become known, did not consider necessary the recent statement by Attorney-General Daugherty, predicting that the chief executive would be a candidate for renomination, or that the statement was opportune or in good form.

The arrival here today of Attorney-General Daugherty brought Mr Daugherty and President Harding together for the first time since the former issued his statement in Miami, 10 days ago, predicting that Mr. Harding would be a candidate for renomination. Consequently there was considerable interest in the meeting between the president and the man who acted as his chief spokesman in the 1920 pre-convention campaign, and who since has been his chief political adviser.

WILL GIVE AID.

The president, by telegraphic order to the tariff commission yesterday to investigate the relation of the tariff rates on sugar to the recently increased sugar prices, indicated that the administration is going to do as much as it can to fix the responsibility for the high cost of sugar to consumers. The department of justice has an investigation under way and persons close to the president said it was safe to say that the sugar price question would be discussed.

It is presumed the president will discuss the subject with the attorney-general, who arrived here early today from Miami, where he has been recuperating from a recent illness. The president and Mr. Daugherty have not met since the latter issued his statement and there naturally was the keenest curiosity whether there would be further developments before the president returns to Washington.

DAUGHERTY SILENT.

St. Augustine, Fla, March 28—The announcement was made on behalf of Attorney-General Daugherty on his arrival here today to join President Harding's vacation party that he would have no statement of any kind to make in connection with the injection of the name of his son, Major Draper M. Daugherty, into the Keenan killing mystery.

CONTINUE HERRIN MINE RIOT TRIAL

Resume Murder Hearing After Two Day Recess.

Marion, Ill., March 28—The trial of Hugh Willis, state board member of the United Mine Workers, and five other defendants charged with murder in connection with the Herrin riots, was resumed today after a two day recess caused by illness in the family of one of the jurors.

GOULD CO-HEIRS S SIGN PEACE PACT

New York, March 28—The serious illness of George J. Gould in France has caused his co-heirs to the millions of the late Jay Gould, to sign a pact which ended the long drawn out litigation involving the administration of the Jay Gould estate.

REPORT ZIEGFIELD GIRL TO WED PEER

London, March 28 — The engagement of Jessica Brown, of Buffalo, N. Y., former "specialty dancer," with Ziegfield's Midnight Frolic," to the Earl of Northesk, a Scottish peer, is rumored.

BLIZZARD TIES UP NORTHERN REGION

Sault Ste., Marie, March 28—A blizzard, accompanied by a fifty mile an hour wind tied up all traffic and sent the thermometer to sub zero readings Tuesday.

The Weather

Chicago, Mar. 28—Following are the weather indications for Illinois: Fair and continued cold tonight; Thursday probably fair and somewhat warmer in north, and increasing cloudiness in south portion.

LOCAL OBSERVANCE.

Following is the range of temperature as corded by Prof. J. H. Coonradt, United States weather observer:

7 p. m., Tuesday	38
Highest Tuesday	57
7 a. m. Wednesday	25
Noon Wednesday	35
Lowest Wednesday	24
Sun rises (Standard time)	5:50
Sun sets	6:20

WEATHER MAP

Chicago, March 28—Canadian Northwest 14 below to 40 above cloudy.
Northwest, 14 below to 22 above, clear
West, 25 to 32, clear.
Southwest, 32 to 40 cloudy
Ohio Valley, [illegible] to [illegible], partly cloudy.

A. G. WEBBER SAILS ON HISTORIC WATERS

Writes of Visit to Constantinople.

SOLDIERS DRILLING.

American Warships Among Allied Fleet.

Constantinople, March 3, 1923

Editor Review —So much has already been written about this cruise that some of your readers will doubtless be tempted to say, "Can't you shut that fellow off?"

I had not intended to write anything more about this trip, until after we left Constantinople, but this afternoon we passed through waters that have a history.

Everyone came on deck when we approached the Dardanelles, or Straits of Hellespont as it was formerly called.

EVIDENCE OF BATTLE.

There is mute evidence here of the awful consequences of the battle between the Allied Warships and the Forts and concealed guns on the shore, trained upon the entrance to this stragetic channel or outlet from the Black Sea to the Mediterranean There is also evidence of the terrible preparation made by the Turks in having this Strait mined. Here are semeteries where more than 100,000 brave Allied soldiers are buried Along the shores are still exposed the wrecks of five warships

At Gallipoli, the narrowest part of this Strait, about thirty-five miles from the lower entrance, was fought the death struggle where heroic Allied soldiers landed in the hail storm of Turkish bullets only to be immediately exterminated

ALLIED WARSHIPS SENTINELS

At present Allied warships, twelve in number are standing sentinel, ready for action On shore are the white dotted outposts of tents in which Marines are doing duty to prevent a surprise attack by the Turks on the battleships stationed here

This Strait of Hellespont was crossed on pontoon bridges, by Darius King of the Persians, many centuries ago and afterwards by Alexander the Great

SITE OF TROY

On the shores of the Straits for its current toward the Mediterranean is strong once stood the famous city of Troy and other places of renoun of history. The civilization and progress of Europe and Asia will be set back 500 years by the loss of this inter-continental waterway between the two continents.

VISITED PLACES OF INTEREST

On arriving at Constantinople, we made two sightseeing tours through the city. We visited the ancient Mosques, the king's palace, the imperial museum, the ruins of the seven towers ,the underground water reservior, and other places of interest

Included in the itinerary was a trip up through Bosphorus to the Black Sea.

I will give a brief sketch of the geography of this part of the world for the benefit of those who do not have it clearly in mind

LOCATION.

The Black Sea, with Russia on the north, Roumania and Bulgaria on the west, Turkey on the south and Asia Minor on the east, is approximately 190 miles north of the Mediterranean Sea. These two seas are connected by the Strait of Bosphorus, about eighteen miles in length, running in a southwesterly direction out of the Black Sea, and emptying into the Sea of Marmora The Sea of Marmora is about 135 miles in length and empties into the Dardanelles which Strait is forty-three miles long and empties into the Mediterranean Sea.

Constantinople is located on the Sea of Marmora and is little above the southern entrance of Bosphorus It is about 175 miles north of the Mediterranean and 18 miles south of the Black Sea. This city of Constantinople is built on both sides of the Bosphorus around the Golden Horn and has a population of nearly 2-000,000 On the one side of the Bosphorus is Europe and on the other is Asia

The Bosphorus, the Sea of Marmora, and the Dardanelles, otherwise known as the Hellespont, are the inter-continental waterways of Europe, Africa and Asia With the exception of the Strait of Gibraltar they constitute the most stragetic waterway in the world

WANT CONTROL.

For many years Russia has coveted the control of this direct waterway for its commerce outlet into the Mediterranean, England has claimed the right to the free use of this international waterway Turkey now disputes the claim of the Allies to the right of using this channel for military purposes It is said here however, that Turkey does not dispute the right of free commerce to all nations

Here is the crux of the dispute between the Allies and Turkey The former claim a free use of this waterway for all purposes at Turkey refuses to recognize the right of the Allies to use these waters for warships without her consent There are a number of other matters in dispute but I take this to be the major question

I have thus described the location of these waters so that what follows will be understood in its full meaning It all bears upon this all important pending international controversy, which I hope will be solved and amicably settled before this article reaches those for whom it is written

Now let us return to what we saw and heard in Constantinople during our previous visit there

HAVE GUIDES

About forty guides had been delegated by the authorities to show Constantinople to the passengers of the Mauritania and the Caronia which were both lying in the harbor there on Sunday March 4 These young guides were from among the best families of the city and many were graduates from Robert College at Constantinople. They constitute a society of Scouts for the promotion of the public welfare These young men certainly rendered loyal service to their cause

BACK REPUBLIC

It appeared to me that these guides simply represented the young Turkish Republic in their propaganda to the American visitors Seemingly they tried to present the message of their government, namely, that this young Turkish Republic desired to work out its own destiny, without interference or intervention by the Allies They said that they had overthrown their despotic monarchy and established a free representative government by the people That every young Turk was behind this new republic, with his life and his property. They appeared sincere and in dead earnest

When we entered the Bosphorus we saw another fleet of Allied war vessels, much larger than the other some miles from the southern end of the Dardanelles In the city we also saw a number of companies of French and English soldiers drilling At the King's Palace we found French soldiers drilling outside the walls and Turkish soldiers drilling on the inside of the same wall, each getting ready against the other

We were informed that the Allies have between 4,000 and 5,000 soldiers inside the city and between 15,000 and 18,000 soldiers as outposts outside of the city."

AMERICAN WARSHIPS

The surprise came when we saw American warships among the Allied fleet and learned that about 500 American soldiers are stationed inside of the city.

Were it not for the history of this city, with a population predisposed to war for many generations, I would not take these conditions to portend any real danger Judging the future by the past, it is my humble opinion that only wise counsel, just decisions and moderate demands, will tide over this critical condition of affairs without blood shed.

No doubt the warships could easily destroy the greater part of the city but that would only bring the Turkish Army, now acting elsewhere, to the field The spirit of Turkey might be aroused to arms, and all would be united to fight against the Allies The Allies should be governed by the wisest of counsel and not make anything but moderate and just demands, settling these questions by diplomacy and not with battleships, if it is possible to do this without sacrificing important rights

A G WEBBER

DEBATING SOCIETY ELECTS OFFICERS

Charles Deck is Named President and Hugh Baker Secretary.

A meeting of the Adelphic Debating society was held last Thursday evening at 7 30 at the Mary W French school Officers for the second term were elected Charles Deck was elected president in place of John Hell Hugh Baker was re-elected secretary by a unanimous vote The rest of the meeting was taken up by current events Most of the members took part

DEBATES

The society has had a mock trial In this many of the members showed marked talent in the line of public speaking At the next meeting which is April 5 there will be a debate on the subject, 'Resolved that the president of the United States should be elected for six years and not be reelected ' Other subjects of debate are, 'The League of Nations," "The Protective Tariff ' 'Harding's International Court" and many other political problems

The invasion of the Ruhr has been of great interest to the society. The club also makes a special attempt at effective reading and parliamentary law Miss Mabel E Wilson is the advisor of the club and it was through her efforts that the club was founded a little over a year ago

Because of the coming elections there will be some strong debates concerning candidates. Any boy who is really interested in public speaking is invited to the meetings

PAINTS SEATS IN CENTRAL PARK

Method Suggested to Finance City Hall.

Park Superintendent Frank Torrence has painted the seats in Central park a nice bright green and they are all ready for the tired and foot-sore and the gentlemen of leisure. The air is still a little too chilly for the G. of L., but by the time the buds on the trees begin to open the benches will be occupied

WOULD LOAN $100,000.

"Just think what a handsome business block could be made of Central park," said a well known Decatur man a few days ago 'The city has been talking for many years of building a city hall Dan Dinneen, while mayor, secured a quit claim to Central park for the city with the idea of using the west side of the park as a site for a city hall Since then, however, the city plan has been adopted and under the city plan the public buildings will be located in the south part of the city It will probably be several years before the city will be financially able to erect a city hall, but there is one way in which a city hall can be financed We would be glad to loan the city $100,000 and take a mortgage on Central park The city could then build on a site selected in the city plan"

WOULD BE PROTEST

The park might be sold outright for much more than $100 000 and ground of equal size purchased in what is proposed as the civic center and enough money be left to go a long way toward the cost of a handsome municipal building There probably would be a great protest against selling Central park It is thronged with visitors on every circus day and in hot weather many citizens loaf there A similar tract, with a beautiful building in the civic center would probably attract the same crowds and everybody who has any spare time to sit around in the shade

SERVE SUPPER AT ILLINI CHURCH

Home Bureau Unit Holds Event to Raise Money.

The Illini unit of the Home Bureau will have a supper and a social at the Illini church Saturday evening March 31 The money so earned is for the benefit of the unit The serving of supper will begin at 6 30 o clock

BLUE MOUND UNIT

The Blue Mound unit held an interesting meeting March 23 at the home of Mrs. Hughes. The clothing chairman of the unit, Mrs. Black, gave a helpful talk on "Choosing the Becoming Hat." This unit has made seventeen dress forms in the last few months. The next meeting will be held with Mrs. Aggie Davidson, April 27

TO GIVE PLAY.

The Macon unit has arranged to give the Home Bureau play, "The Gypsy Rover," in the high school in Decatur the first week in April.

TO DECIDE ON GRAVEL ROAD TO LONG CREEK

Work May Begin This Season.

The construction of a two-mile long gravel road from the pavement of Route 10 into Long Creek will probably be decided upon at the April 3 session of the Long Creek town meeting Coupled with a recent offer of Mt Zion township to extend a gravel road into Mt Zion if Long Creek will construct a gravel road south from the Ocean to Ocean highway out of Antioch, and the additional offer of Sangamon residents to haul the gravel free from the hard road into Sangamon the probability is that construction of the Long Creek section of the road will begin this season if the town meeting approves

ANXIOUS FOR ROAD

The farmers in the Long Creek neighborhood are anxious that the highway be completed as soon as possible as it will be the main road into Decatur from that locality

16 FEET WIDE.

The proposed road will be ten feet wide and ten inches deep The estimate is that about 1600 yards of gravel will be needed per mile The contract price is estimated to be about forty cents per ton-mile With the numbers of farmers who have offered to haul the gravel free or at cost the price may be lessened

$3 000 ON HAND

According to J H. Carmean, highway commissioner of Long Creek township, there is about $3,000 of the bridge and road fund on hand The oil levy for the farmers has been 25 cents each year If this is raised to 50 cents this year and the money turned into the gravel road work the farmers will have the gravel road that will be available for traffic all year round Mr. Carmean has consulted the state's attorney and has found that it will be possible to start work this season by having the orders of the township sanctioned by the county superintendent of highways

If the Long Creek township votes to carry on the work it is probable that construction will begin in August

USES MATCH TO HUNT GAS LEAK

Two Slightly Injured — House Shaken.

Hunting for a gas leak with a match is closely related to looking in the gasoline tank with a match or playing with an "unloaded" gun. So an employe of a local moving firm discovered Tuesday, much to the discomfort of the occupants of the Osborne residence, 1107 Lincoln avenue

HOUSE FLOODED WITH GAS

The noon meal was being prepared in the house when a workman for a furniture and moving firm called to connect up a gas stove for one of the roomers in the home A plug had either been left out or had come out of the gas pipe in the basement, flooding the house with gas until the occupants were almost driven out Then the workman started into the basement to find the leak and struck a match

TWO SCORCHED.

Fortunately, he was not badly injured but he was scorched some and very much shocked Also the residents of the home were rudely disturbed Plaster from the walls and not a little of it was sprinkled into the dinner in course of preparation The roomer, for whom the stove was being connected up, was also scorched some but not badly hurt.

REAL DRY AGENTS STEP IN ON FAKERS ROBBING VESSEL

New York, March 28— Twelve rum pirates, posing as customs agents, invaded the American freighter Martinique on her arrival here Tuesday and almost got away with 100 bottles of liquor, dug out of the crew's effects.

They were surprised by the arrival of the real customs agents just as they finished piling the contraband on deck, however, and fled in a small boat, leaving the liquor behind

MUCH OF INTEREST IN OLD REVIEWS

On Display Daily in Review Window.

The Review of "twenty-one years ago," on display daily in the front window of The Review building, is attracting a great deal of attention and comment.

LIBRARY STORY.

The first page feature of March 27, 1902, was the story of the start of the work on Decatur's Carnegie library building, with a three-column picture of Andrew Carnegie, who gave largely to its cost. There also was an appropriate poem by 'Dad" Stearns and the library story told of the first shovelful of dirt being overturned by Mrs. Alice G Evans, then, as now, the librarian. This institution has become more and more popular and useful through the years and has more than met the expectations entertained on that momentous day, twenty-one years ago by its promoters and friends.

Each day the pages of The Review files in the window are turned, disclosing what was published in this paper on the corresponding day more than a score of years ago.

MOTHER! MOVE CHILD'S BOWELS

"California Fig Syrup" is Child's Best Laxative

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, bilious, constipated or full of cold, children love its "fruity" taste, and mothers can rest easy because it never fails to work all the souring food and nasty bile right out of the stomach and bowels without griping or upsetting the child

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.

IF YOU HAD A NECK AS LONG AS THIS FELLOW, AND HAD SORE THROAT

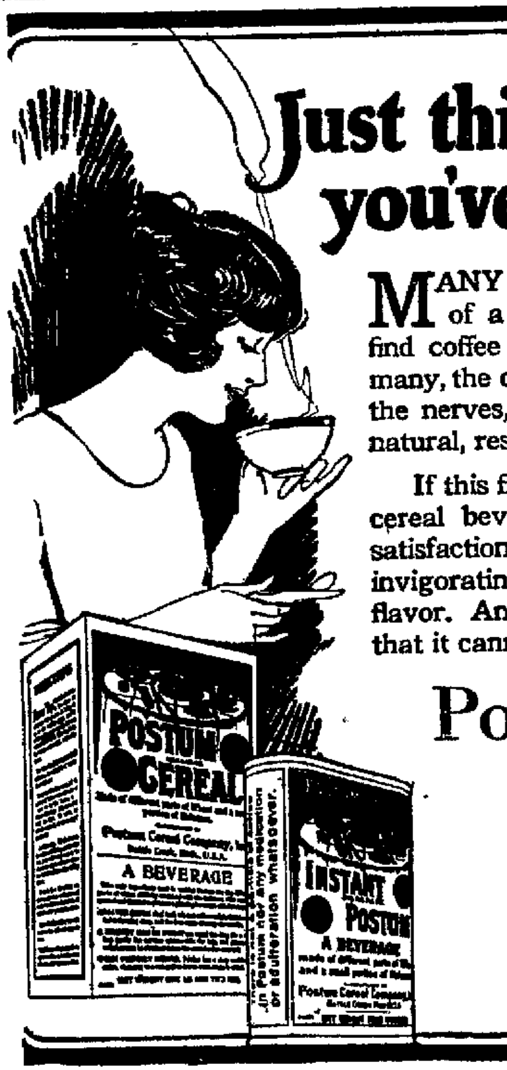
HOSTETTER'S STOMACH BITTERS

ACIDS IN STOMACH MAKE FOOD SOUR

CAUSE INDIGESTION

"Experience has taught me that most people who complain of stomach trouble and indigestion possess stomachs that are perfectly healthy and normal," says a well known authority. The real trouble which causes all the sourness, gas and pain, is excessive acid in the stomach This acid irritates the delicate stomach lining, sours and ferments the food before the point of digestion is reached.

Artificial digestants are not needed in such cases. They give only temporary relief, do not correct the cause and often do great harm. A better plan, if you suffer after eating, is to drink a glass of hot Magnesia water made from a teaspoonful of four tablets of pure Bisurated Magnesia which can be obtained from any reliable druggist. This instantly neutralizes the acid sweetens the stomach and your meal digests naturally without pain Try this for a few weeks and see if your stomach does not feel one hundred per cent better.



Just think what you've been missing!

MANY people deny themselves the comfort of a hot drink with meals, because they find coffee and tea detrimental to health. For many, the drug element in coffee and tea irritates the nerves, retards digestion and often prevents natural, restful sleep.

If this fits your case, try Postum. This pure cereal beverage supplies all the pleasure and satisfaction that a hot mealtime drink can give—invigorating warmth, fine aroma and delicious flavor. And you can enjoy it in the full assurance that it cannot harm health.

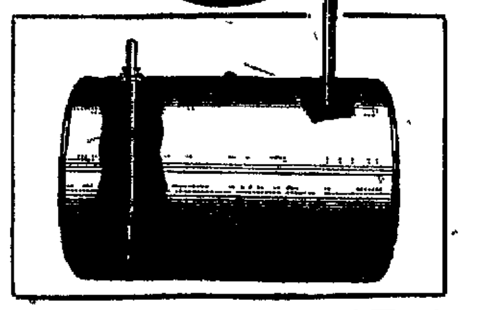
Postum FOR HEALTH

"There's a Reason"

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer to make the drink while the meal is being prepared; made by boiling fully 20 minutes.

Made by
Postum Cereal Co., Inc., Battle Creek, Mich.

Leader



Can't Leak Underground Tanks

In every way, every day the demand for safe underground oil storage is growing. Leader has one for every use—capacities 112 gallons up to 5,180 for private garages, service stations and residence home heating plants. Larger sizes Leader rivet-weld construction — riveted for strength, welded for tightness. Every Leader Tank asphaltum coated. Leader Underwriters Tanks cost less, because they are built to last. Write for prices.

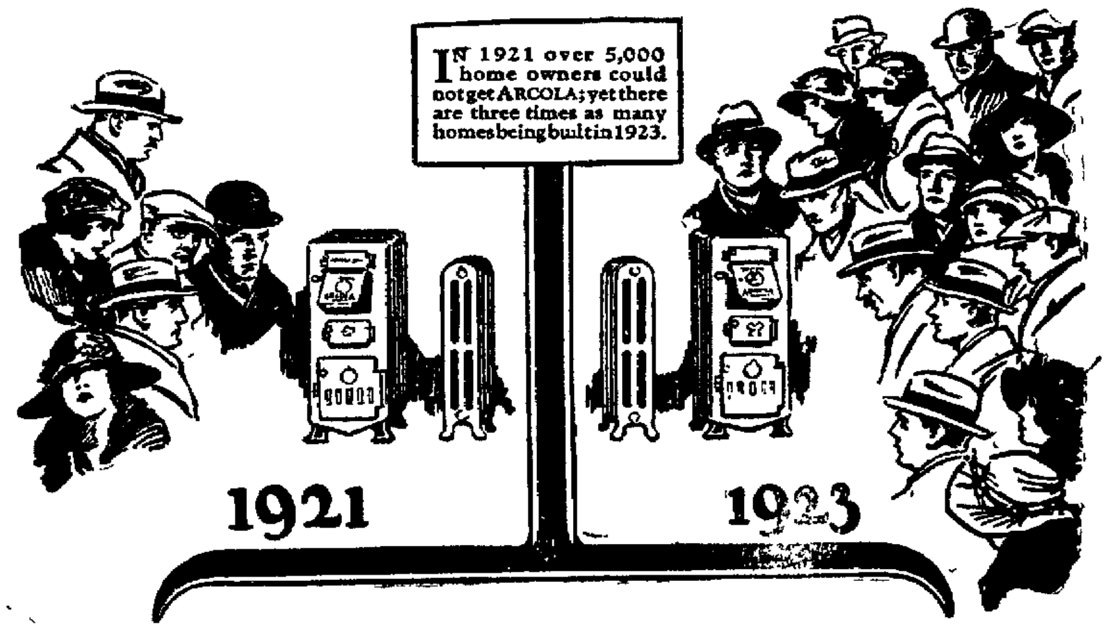
Decatur DISTRIBUTOR Illinois



IN 1921 over 5,000 home owners could not get ARCOLA; yet there are three times as many homes being built in 1923.

How many *thousands* will be unable to get ARCOLA this year?

IN 1921, 5,000 families who wanted ARCOLA had to go without.

This year three times as many homes are being built as in 1921. Yet because our factories are already over-taxed with orders for larger Ideal Boilers, we can make no more ARCOLAS in 1923 than we made in 1921.

This means just one thing— *if you wait until next fall you will be cold next winter.*

ARCOLA is our hot-water (or steam) heating plant for small homes—*different* from any other. It is connected with a genuine American Radiator in each room. That means warm bedrooms; breakfast in a warm dining room; protection for the children from colds and grippe; plenty of hot water for washing and bathing.

Please telephone your Heating Contractor for an estimate today. The installation can be made without disturbing the family; and *in three average winters ARCOLA will pay back a large share of of its cost in the fuel it saves.*

ARCOLA Heating Outfit

Installed ready to use with radiator in each room

Under normal conditions $180 to $550 Plus Freight

Save from $52 to $78 a year

You will be amazed to see how the use of "Bull" Durham will cut down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

Here's one reason: The government tax alone on 50 machine-made cigarettes is 15 cents—5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!

The average smoker saves $1 to $1.50 a week by "rolling his own" from "Bull"—or from $52 to $78 a year. This makes quite a Christmas fund—or pays for a fine trip.

★ What a place "Bull" Durham holds in the hearts of Americans! Can you think of any other brand that has been the favorite of three generations?

Look at its history. From the Civil War to the Great War "Bull" Durham has been the American's greatest standby. Sixty years.

There really is no smoke in the world so altogether satisfactory.

A "Bull" smoker never switches. You can't interest him in any new experiments. He carries his preference wherever he goes.

This is because the special flavor and aroma of "Bull" Durham make a cigarette that can not be duplicated.

Find out. You will never know how good a cigarette can really be until you roll your own out of "Bull".

BEGIN HERE TODAY.

Vendetta begins between
MICHAEL SAYERS noted criminal and
SIR NORMAN GREAVES once of Scotland Yard, when Sayers beautiful housemaid
JANET saves him from Sir Norman by shooting dead an officer sent to arrest him Janet becomes Sayers wife and accomplice In the Leeds bank robbery Michael narrowly escapes capture and is forced to leave the country

Janet receives a legacy of two hundred and fifty pounds and takes passage to Marseilles A passenger named Louisa Martin comes to Janet's stateroom and reveals herself as one of Michael's confederates Louisa travels to Marseilles with Janet and takes her to Michael's hiding place Sayers and Louisa accuse Janet of treachery but Janet denies their accusations

NOW GO ON WITH STORY.

Greves Takes Up The Story

DURING the third week of March after a somewhat restless few months of travel in Egypt and Algeria I returned Monte Carlo to find a telegram from my friend Rimmington begging me to come at once to Marseilles I realized that there could be but one reason for such a request, and in less than twelve hours I found myself with Rimmington and Monsieur Demayel, the chief of the Marseilles police, ransacking the contents of a small villa in the suburbs of Marseilles, which had lately been the scene of one of those crimes for which the place was fast gaining an unenviable notoriety

I had had no conversation with Rimmington, and I had no idea why my help had been sought in this case which appeared to have no special characteristics The late inhabitant of the villa a man of over 70 years of age had been found 24 hours ago suffering from severe wounds about the head and in a state of collapse He was lying in a neighboring hospital and was unlikely to recover This much however was clear he had been robbed of a large sum of money the possession of which he had foolishly bragged about in a neighboring cafe We went through the usual routine of examining the means by which entrance had been forced into the h[illegible] and hearing the evidence of the [illegible] gendarmerie Afterward we drove to the police headquarters and it was in Monsieur Demayel's private room there that Rimmington at last explained what had been puzzling me [illegible]

'You know of course Greves' he began what my having sent for you means?"

"[illegible] I hope?"

"We traced him to Paris he said "and afterward here Almost immediately as Monsieur Demayel will tell you there was not only an increase in the number of crimes in the district but there were evidences of a master mind behind them all Monsieur Demayel told me, an hour or so ago that thefts to the value of over 11,000,000 francs had been committed within the last two months"

And the connecting link? I questioned.

'Eight days ago Rimmington said watching me closely 'Janet Soale sailed from Tilbury for Marseilles [illegible] the woman who was M[illegible] New York who goes by the name of Louisa Martin after traveling from America to Havre, joined the same steamer at Gibraltar, having evidently chosen a circuitous route to avoid suspicion These two women are both on their way to Marseilles they are due to arrive, in fact tonight—and will be closely watched Furthermore I think that Monsieur Demayel can show you something of interest

Monsieur Demayel placed a leather bound volume before me and pointed to an entry

I read the few lines quickly

Henri Guy French-Colonial bachelor 5 ft 6 inches, morose, gray hair and beard, physical appearance described elsewhere address Villa Violette Bandol Has large correspondence subscribes to English newspapers among them 'Golf Illustrated' Has small car and has been seen on Hyeres golf links

And finally? I asked

The person in question" M Demayel continued is reported to have changed at the Casino at Bandol last evening one of the mille notes stolen from the house we visited this afternoon"

How far is it to Bandol?" I inquired

'Forty-seven kilometers' the chief of the police replied 'and we should have been there by now, but my friend Mr Rimmington here insisted upon waiting for you"

I asked only one question on the way

'You spoke of Janet Soale as coming out on the boat" I said to Rimmington "That was her name before she married Michael

Rimmington nodded

'For some reason or other she has renewed it It is possible that she has discovered something about Michael which I have suspected for some time"

I controlled my voice as well as I could I did not wish even Rimmington to know how much this meant to me

What do you mean?' I asked

I believe he replied 'that Michael was married many years ago to this woman Louisa Martin Janet Soale may have got to know this She may be coming out to [illegible] and discover the truth It is certain that for many months she has not been in communication with Michael

The chief of the police gazed thoughtfully out of the window

* * *

WE reached Bandol just before dusk and found the Villa Violette on the outskirts of the town We left the car in the road and took the path which led to the front door Our summons was at once answered by a stout good-humored Frenchwoman who shook her head regretfully when we inquired for Monsieur Guy

"Monsieur is out in his automobile she told us "He may return at any moment or perhaps not at all tonight The gentlemen will leave a message?"

'We will come in and wait for a little time" Demayel suggested

The woman did not remove her portly form from the threshold

That alas monsieur, is impossible she declared "My master receives few visitors and he would not suffer anyone in the house'

Monsieur Demayel touched her on the shoulder He was looking curiously into her face

'Madame' he said I am Chef de la Surete of Marseilles and I go where I choose Furthermore it seems that your face is familiar to me'

She shrunk away

'Chef de la Surete'' she muttered But who has done wrong here"

We searched the sitting-room and dining-room of Monsieur Henri Guy and we found nothing that might not have belonged to a French Colonial who had made a small fortune in sugar But in his bedroom covered over with a sheet and hidden behind a cupboard I found a prize Indeed I found the golf-clubs which Stanfield had used when he had played against me at Woking I drew from the bag the putter which had sealed my defeat and even in that moment of triumph I felt a little thrill of pleasure when I realized its perfect balance

Our search is over' I pronounced

Our search is not over" Rimmington reminded me 'until we have found the man

We were there altogether for half an hour during which time we searched the place closely The small garage was empty and Rimmington pointed out the six or eight empty tins which had evidently just been used

We announced our intended departure The housekeeper who now seemed certain of her master's immediate return, did her best to persuade us to linger Monsieur Demayel cut her short

Madame he said you will be so good as to consider yourself under surveillance I shall leave a gendarme in the house with you '

The woman burst into a torrent of furious complaints and abuse lapsing into a French argot which was absolutely incomprehensible to me Monsieur Demayel listened to her thoughtfully. Then he turned to the gendarme who had come with us from Marseilles

'Do not let this woman out of your sight" he ordered She is of the Maritime Quartier where I suspect her master is in hiding by now

The gendarme saluted and laid his hand upon the housekeeper's shoulder Suddenly she burst into a fit of laughter and pointed up the avenue

'It is Monsieur who returns" she announced "Now what will you say to him—you who have ransacked his rooms and upset his house' Chief of the Police, indeed' La la''

We stood by the front door, and I for my part was amazed An elderly gentleman of highly respectable appearance drove up in a small car and lifted his soft felt hat to us courteously

"Good evening gentlemen" he said 'You are paying me a visit?"

"You are Monsieur Guy' Demayel inquired ?

'That is certainly my name" was the prompt reply

"And this is your house'

"I rent it subject to your pleasure gentlemen

GOOD EVENING GENTLEMEN HE SAID YOU ARE PAYING ME A VISIT?

HE descended from the car and looked at every one of us inquiringly I knew better than any other what a past master in the art of disguises Michael was but I knew that this was not he

My name is Demayel the Chief announced I am the Chef de la Surete in Marseilles You will be so good as to answer me a few questions

'Chef de la Surete the newcomer repeated and if his amazement were feigned it was very well feigned indeed

'But certainly' You have lived here for how long?

"For ten months monsieur

'You changed a mille note at the Casino yesterday"

I certainly did"

'From where did you obtain it?"'

From my desk monsieur It has lain there for weeks

This is your only car?' I put in

'But naturally, was the prompt response 'There is no room in my garage for more than one '

I excused myself for a moment and returned with the bag of golf clubs

These are perhaps yours?" I asked

Now a QUICK Quaker Oats
Cooks to perfection in 3 to 5 minutes

Women Wanted
Quick cooking—here it is

Countless women have asked for an oat dish that cooks quickly. Now our experts have perfected it.

Quick Quaker cooks in from 3 to 5 minutes It is the quickest cooking oats in the world

Now your grocer has Quick Quaker as well as the regular.

Just smaller, thinner flakes

No change whatever in quality or flavor.

But in Quick Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

In both you get that matchless flavor which has won the world to Quaker.

Both are flaked from the finest grains only—just the rich, plump, flavory oats. We get only ten pounds of these premier flakes from a bushel.

But that is why Quaker Oats dominates Millions of mothers, in every clime, send overseas to get it.

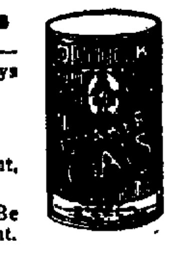
You want your children to love oats. It is their food of foods Then always get this super-flavor.

Get Quaker—Quick or regular—the style that you prefer.

Regular Quaker Oats
Come in package at left—the style you have always known.

Quick Quaker Oats
Come in package at right, with the "Quick" label.

Your grocer has both. Be sure to get the style you want.



Packed in sealed round packages with removable covers

FARMERS BURNING THE CHINCH BUGS

Expect to Destroy Millions Today.

If a smoke pall sweeps over Decatur Wednesday, and reports come in from the suburbs of what seems to be prairie fires, do not be alarmed, it will be nothing more serious than the incineration of millions of chinch bugs in Macon county by the farmers who began Wednesday to burn out the fence rows in an effort to rid them of the pests that are wintering there.

GOOD RESPONSE.

Reports at the Farm Bureau Wednesday indicated that most of the farmers in the county were planning to respond to the call for a general burning of the bug-infested spots Wednesday. County Farm Adviser E. H. Walworth and his assistant have sent the word out to the township chairmen of the Farm Bureau organization who in turn have notified the district men in each school district, and from them the word has gone to men in each section. Mr. Walworth will make a hurried trip in the closer townships Wednesday afternoon and evening to note the progress and extent of the burning.

DECREASE ACREAGE OF 1923 POTATOES

Effect of Heavy 1922 Yield Is Seen.

Chicago, March 28.—An effect of last season's exceedingly heavy potato crop in excess of all ordinary requirements was seen today in reports that eleven southern states had decreased their acreage for early potatoes 23 percent. Nine intermediate sections were reported to have made similar reductions.

Of last season's stock that went into storage 40,000 carloads deteriorated by March 1, until no longer fit for food or seed. Despite that inroad on the available supply, reports indicated that probably 90,000 carloads were being held for market between the first of this month and June 30.

HEAVY MOVEMENT.

Between March 1 and June 30, last year 55,000 carloads of old potatoes were shipped to markets, an unusually heavy movement because of a shortage in the central territory and in 1921 only 40,000 cars were shipped during the same months.

Despite the exceedingly large supply yet in storage and that an average of 700 cars daily have been shipped to markets this month, last week's potato market advanced sharply, jumping from 20 to 30 cents a hundred pounds occurring as far west as Wisconsin. Minnesota showed a gain of 10 to 20 cents and Idaho cash track prices advanced 30 cents for rurals and 80 cents for russets the two varieties closing at 70 to 75 cents and $1.10 to $1.25 respectively.

WEATHER IS FACTOR.

Damage to early potatoes by cold weather, decreased acreage in certain states, and the fact that heavy movement from Florida was not begun until about April 20, it was believed, would give northern stock a greater outlet. Some dealers held their supplies for further increases in the market.

Florida also reduced its cabbage acreage to 1,960 acres this year from 11,280 in 1922 and 5,370 in 1921.

The market was irregular last week.

Apple markets were steady. The movement of both boxed and barreled stock was lighter although heavier than the same week in 1922.

COMMODITY NEWS.

AUTOS.

Cleveland, March 28—Although navigation has not formally opened on the Great Lakes, the Steamer Lakeland is expected from Detroit shortly with a cargo of automobiles. This vessel braved the ice because of the unusual demand for cars.

Detroit, March 28—The used car problem of automobile dealers and manufacturers is being partially solved by the general prosperity of the country which is providing a market for these vehicles. One of the largest makers of cars of the $500 class has reports today from all dealers showing the average number of used cars on hand was only six per dealer representing an average investment per dealer of $1,500.

St. Paul, March 28—Reports still unconfirmed are current here today that the Studebaker Corporation plans the erection of an automobile factory on 35 acres of land near this city on the Mississippi river. Owners of the property admit negotiations are under way.

JEWELRY.

Seattle, March 28—The approach of the wedding season has resulted in a considerable improvement in the jewelry trade in the northwest. The price trend is upward, due, it is claimed, to the increase in the price of metals, especially silver and to high wage scales. Fluctuations have been particularly marked in mellee diamonds.

CEMENT.

Zanesville, Ohio, March 28—The Pittsburgh Plate Glass company has started work on a $1,000,000 cement plant here. The company also operates a lime quarry near this city.

FARM PRODUCE.

Ft. Worth, Tex., March 28—Texas farm acreage will show an increase of 15 per cent this year as a result of breaking of new land in western and southwestern counties. Damage from the belated norther which swept this territory, it now is declared will amount to half the fruit and truck crops.

PAPER.

Boston, March 28—The paper market is strong here and general prices have advanced ten per cent since the first of the month. Further advances are expected owing to rising costs. Wages today are back nearly to the war-time peak.

DRY GOODS.

Chicago, March 28—Reports from wholesale dry goods salesmen now on the road throughout the middle west indicated today that sales of fall lines were far heavier than last year. Manufacturers of children's dresses report an active call for organdie, voile and pongee models.

SHOES.

St. Louis, March 28—The shoe manufacturers of this section have orders on their books which will necessitate capacity operations for months to come.

PAINTS.

Atlanta, March 28—Paint and varnish sales have been stimulated lately in this section by a series of clean up and paint up campaigns sponsored by civic bodies in various cities.

BUILDING MATERIALS.

Philadelphia, March 28—Tile setters here are demanding $2 an hour and threaten a strike if their demands are not granted. Forty-eight boys are being taught plastering in one of the high schools to help overcome the shortage in that trade.

DRY GOODS.

New York, March 28.—Business brisked up in the market for cotton cloths today. The tone of the market was stronger due to the improved position of the raw staple at the opening and standard print cloths were quoted at 11¼ to ¾ for 64x60's and 12½ to ¾ for 68x72's. Sateens were in better demand and some business was in evidence in drills and twills. Sheetings were quiet.

The raw silk market softened and trading was very quiet both here and in Yokohoma. In the latter market no sales were reported. Quotations were XXA 13-15 denier $9.05; XXA 20-22 denier $9.00; XXB $9.02½; extra $8.92½; Best No. 1X $8.90, Best No. 1 $8.82½; Kansai No. 1 $8.75. Cantons were unchanged.

BOND MARKET HAS LITTLE OPTIMISM

BY GEORGE T. HUGHES.

New York, March 28.—The more cheerful feeling apparent in stocks found no counterpart in today's bond market.

High grade investment securities continued very heavy within some cases new lows being recorded. U. S. government bonds were an exception. Here there was a slight rally from yesterday's extreme weakness but liquidation in first grade corporation securities went on unabated and investors seeing the trend stood aside waiting better prices.

The result is that there are many cases such as that of Illinois Steel Debenture 4½'s which yield at today's price about 5.6 per cent. This bond is guaranteed principal and interest unconditionally by the U. S Steel corporation which owns all the stock of the company. While not secured by mortgage the company has no mortgage indebtedness.

Second grade bonds moved irregularly.

In the foreign list about the only feature was an advance in Chinese 5's and a reaction in Czecho-Slovakia 8's.

Financial Notes.

New York, March 28—The British coal output for the week ending March 17 set a new high for the year with 5,721,000 tons compared with 5,715,000 tons the week previous.

Regular quarterly dividends today: Norfolk and Western Adjustment preferred; Atlas Powder preferred; New York Central, Lackawanna Coal.

Coffee was quoted: May 10.51, July 9.50; Sept. 8.84; Dec. 8.57. Raw sugar: May 5.61, July 5.82, Sept. 5.96, Dec. 5.71; Jan. 5.40. Refined sugar, April 9.05, July and August 9.25.

New York bank clearings $712,000,000. New York bank balances $77,000,000. New York Federal Reserve bank credits $58,000,000.

GATES GIVES U. S. CORN COMPARISON

Chicago, March 28—L. R. Gates of Lamson Brothers, has issued the following comparative figures on corn:

Seaboard stocks now 4,605,000; year ago 11,093,000. Stocks at Duluth, Minneapolis and Milwaukee 1,524,000 year ago 12,848,000; Chicago stocks 17,272,000, year ago 13,737,000; stocks at Buffalo, Toledo, Indianapolis are almost negligible, export and domestic demand east of Chicago must be filled at expense of Chicago stocks, without material competition at any other market. Fair proportion of Chicago stocks already sold for shipment.

Industrial demand both locally and at Eastern points must be supplied largely from Chicago stocks.

Price Current Report.

Chicago, March 28—Recent snowfall in western portion of Kansas and Nebraska drifted badly and did not cover ground evenly when melted. Chances are western portions these states will not produce acreage crop on account insufficient subsoil moisture.

Growth winter wheat now averaged as follows: Missouri, 91; Iowa, 90; South Dakota, 70; Nebraska, 75; Kansas, 73; Oklahoma, 77. Percentage acreage winter wheat estimated will be abandoned: Missouri, 6; Iowa, 14, South Dakota, 25; Nebraska, 11; Kansas, 13; Oklahoma, 5. Percentage marketable farm surplus wheat sold estimated: Missouri, 93; Iowa, 84; Minnesota 80; North Dakota, 71; South Dakota, 90; Nebraska, 89, Kansas, 91; Oklahoma, 82. Of oats, Missouri, 92; Iowa, 75; Minnesota, 81; South Dakota, 75; Nebraska, 80; Kansas, 81. Reports from Missouri, Iowa, Minnesota, South Dakota, North Dakota, Nebraska, Oklahoma, indicate increased acreage oats.

FURTHER RECOVERY IN COTTON PRICE

BY GEORGE D. MOULSON.

(Copyright, 1923)

New York, March 28.—There was a further recovery in cotton today during which July contracts sold above 28½c, a cent from low levels of Monday. Entirely regardless of the future course of the market, a straight decline of 3c in a week entitled the situation to some readjustment.

Improvement continued today, some large buying orders being executed at the opening.

As selling pressure proved limited, the filling of scattered outside buying orders held prices throughout the morning. October sold at 25½c and January at 24.65 or 140 points from low figures of the week.

Strength of the May position in holding nearly a cent over July remains a factor of considerable importance. While the whole position appears to have entered a new phase, many spot houses have obligations with mills still to be filled. For months domestic consumption has been running over 550,000 bales monthly so that while mills held 2,000,000 bales on March 1st, there is still four months of the current cotton year to be provided for as well as the month of August when very little new cotton is received, American mills therefore will have to obtain more cotton to carry them through until the next crop. Part of this necessary raw material has been arranged for in the shape of purchases of contracts for future delivery. These contracts remain outstanding in the shape of obligations in actual cotton which will be needed during the coming few months.

PIONEER STOCKMAN DIES AT AGE OF 93

Mechanicsburg, March 28.—David S. Hall, one of the oldest stock men of Central Illinois, died at his home in Mechanicsburg at 3:55 Tuesday afternoon. He was nearly ninety-three years old, and death was due to senility.

Mr. Hall was born at Shelbyville, Ky., June 9, 1830, and was one of eleven children born to David and Juliet Hall. There were six boys and five girls, only two of whom, Mrs. Harriett O'Connor and Preston Hall of Buffalo, Ill., survive.

Mr. Hall came to Sangamon county and with his parents located on a farm four miles west of Mechanicsburg in 1834. He lived there until the next year after his marriage to Elizabeth Fullenwider on March 15, 1855, when he moved with his bride to Mechanicsburg, in which village he lived the remainder of his life. His wife died Feb. 11, 1902.

Mr. Hall was a prominent stockman in the period prior to the advent of the railroads, and drove his cattle to New York City overland from Illinois.

FLIVVER WORN OUT? FEED IT TO STOCK

New Use Found For Henry Ford's Product.

BY HARRY SPENCER.

(Copyright, 1923.)

Dodd City, Ark., March 28.—Chalk one for Henry Ford! Another use has been found for his chief product.

When your flivver wears out, feed it to the live stock. That is the advice of John Quigley, a saw mill owner and lumber dealer of Dodd City. Mr. Quigley knows whereof he speaks, because he has fed a touring car to a herd of goats and range cattle.

Mr. Quigley drove out to his timber tract near here and left his car parked in the woods for several hours, while he walked about. When he got back his flivver resembled a hand-picked goose. The range steers and goats were devouring the last morsel of the upholstering as Mr. Quigley arrived. A big goat was standing on the hood taking big chunks out of the top. He had finished two-thirds of his meal.

ILLIOPOLIS.

Mrs. George Canaday and son, of Mt. Auburn returned home on Sunday afternoon from a visit with her parents Mr. and Mrs. W. G. Pickel of Illiopolis.

Mr. and Mrs. Jack Adams and family visited his parents, Mr. and Mrs. Frank Adams of Illiopolis Sunday.

Helen Bell of Virden visited Miss Verda Weddell of Illiopolis Friday afternoon.

Bentley Adds Steam To New York Boiler

He Can Pitch Or Be Used As Utility Man and Pinch Hitter—Gets Down to Grind.

BY JOHN B. FOSTER.

(Copyright, 1923)

San Antonio, Tex., March 28—The addition of Bentley to the Giants simply is an attachment of power to a boiler in which enough steam is now being generated to force most of the National league to it's knees if the parts of the engine move smoothly and no one throws emery into the bearings between now and an indefinite future.

Now, Bentley, of course, is the present feature of the Giant camp. Bentley joined the Giants in the long hours of a hot evening, and strange fact, did not ask for food but for a bed. He wanted to sleep. He had been riding long over the bounding Texas plains in one of those bounding India rubber trains which are good for the liver but tough on the living.

ARRIVES IN CAMP.

The next morning early he awoke in his strange quarters and before he had time to realize that he was down in Texas where Davy Crockett and Bill Travis were real fighters in their time, he was snatched away from the breakfast table and put to work on the ball ground. Unfortunately it had been raining and the clay was like glue. So much of it accumulated on his baseball shoes that he thought he was walking with snowballs on his feet and he began to fear that he was adding weight instead of parting from it.

He batted and ran and had his picture taken repeatedly by the photographers. He was high in flesh and sometimes when he stooped for the ball he was reminded that his belt embraced more rapturously than it did last fall when he quit playing.

SEVERAL PLACES.

He fielded a lot and threw a lot. It was a good workout for the first day and now he has been properly initiated into the lodge of world's champions. He is to be used as a pitcher because the Giants need a little more left hand ammunition than they have been able to serve to date. If he makes good as a pitcher the chances of the New York club have another boost in the percentage column. If he doesn't make good which is not to be thought of for a moment, he can play substitute outfield, substitute first base and pinch hit.

They called him the Babe Ruth of the International league and oddly enough he does give you sort of a Ruthian impression except that he is for business where Babe is for golf. He comes from Baltimore where Ruth practiced his early childhood and if by any chance he should get going in the National league somewhat as Ruth has left the barrier behind him in the American league, it would be a source of joy to the National which seeks the exotic in its ambition to keep pace of the younger organization.

MARKET IS HIGH

With Kamm over in Seguin boosting the cotton market and Bentley and O'Connell in San Antonio modestly carrying their costly avoirdupois here and yon, the state of Texas at the present moment has a decided dip toward the equator. So much cash commodity is centered upon one spot that the Gulf of Mexico may be forced into one of its erratic uprisings to try to establish equilibrium

Bentley admits that he wanted to join New York. He stuck it out with Jack Dunn for a long time but he always was satisfied to stay with Dunn because he was well paid for his services. The bubble of fame had no great attraction for him. A Mexican dollar earned in the International league went as far as one earned in a bigger league.

TIRES OF SCENERY.

Long association with the International and with the scenery along the route finally palled on him He got so that he knew every sign on the railroads whether for spavined pitchers or decadent teeth and he sought a respite. So he told Dunn one day that he wanted a change of signs and asked that he be passed along to some team in the major league. Dunn knew that he had a market for Bentley and opened the door to the offers of the men who carry dollars in their bootlegs

REDS PASS HIM UP.

Cincinnati had made a bid of several thousand for him. One day last fall the manager of the Cincinnati team saw Bentley. It was given out after he had looked upon him that Cincinnati did not want him because he lacked promise.

Later the New York club purchased him. Again Cincinnati said that it was not in the market for him whereupon Dunn showed a communication from the Cincinnati club in which it was in evidence that Cincinnati had been very much in the bidding up. The Reds appear to have been distanced in the transaction for the player and after a second good squint at him the innocent outsider may be forgiven for thinking that it would have been a good idea for Cincinnati had it gone higher.

ZUPPKE'S SPRING FOOTBALL ENDS

About 45 Men Were Out For Bob's Grid Work.

Urbana, Ill., March 28—Bob Zuppke's spring football practice at Illinois ended this week. Less satisfactory in point of numbers and interest than previous "spring" sessions, the coach is not pessimistic.

"Although we only had about forty-five players out as compared with more than double that number last year, most of them were men I had never heard of and this was a good thing," commented Zuppke, "The regular varsity men hardly came out at all and the prominent freshmen were out only intermittently."

LOSES FUTURE GREATS.

Zuppke, of course, has lost some of the freshman stars who were highly touted. Inability to make the scholastic grade was one of the chief reasons for defections, although financial difficulties caused others to withdraw. Baker of Rockford and Cook of Muskegon, Mich., are two freshman-varsity stars who are gone, although the former is said now to be a student at another Big Ten university.

On top of these inroads, several other good first-year men have scholastic kinks to untangle before they are eligible. Upon their success in this undertaking depends much of Illinois' prospects for next fall.

IN COACHING SCHOOL

Zuppke will spend the rest of the school year and six weeks of the summer session teaching football On July 28 he will hike to the Michigan woods to paint until the tocsin sounds in September. That Oct, 6 date with Nebraska looms formidably. This is the game for which formations—not plays, mind you, just the formations in which each team will lineup—are to be exchanged by Coaches Dawson and Zuppke,

BRADLEY DEAN AGAINST RULE

Tech Will Welcome Freshmen on Their Teams.

Peoria, Ill, March 28—They aren't figuring on killing athletics for a while yet up on the hilltop.

If anyone believed for a moment that that freshman rule bugbear was likely to fasten its hold on at Bradley as at Millikin and Knox, banish the thought.

Tech officials, almost to a man, are firmly entrenched against any such invasion.

Listen to what Chairman Dr. V. F. Swaim of the Bradley athletic board has to say about the one-year ruling

"The freshmen rule is entirely out of place in the Little Nineteen. It was made for the big university where they have so many athletes they cannot give all of them a fair tryout for the varsity.

GIVES HIS VIEWS

"Because they have to, they separate the freshmen athletes from the upper three classmen. It is imperative that they do so. With a hundred or more football candidates trying out for positions on one team and three weeks in which to find eleven or five outstanding men, some one is certain to be slighted. It is for this reason that a freshman coach is necessary to uncover the most promising athletes for use by the head coach the following year.

"It is argued that a freshman rule would serve to keep out the transient athlete While it would probably tend to do that somewhat, it is not an infallible rule by any means. Was it not only a little over a year ago that practically the whole Illinois and Notre Dame football teams participated in a professional game at Taylorville? Most of those fellows were pure and unadulterated professionals. That, in spite of a freshman rule.

ARE NOT NUMEROUS.

"Tramp athletes are not numerous anyway. If the faculty is alive and onto its job, they can soon be eliminated. It has been done successfully at Bradley in the past. The question of tramp athletes pops up in the big school as well as in the minor college I believe this problem is well regulated now in the Little Nineteen.

"No school in this conference has any business putting in a freshman rule. They lack the students. Many schools couldn't have a team in the Little Nineteen with such a ruling effective.

"Forty, or fifty candidates at the most, show up at the largest schools in the conference and there should be no trouble in handling such a squad discriminately.

ONLY TWO INTERESTED.

"As far as I know, no other Little Nineteen schools have given much thought to the rule beside Millikin and Knox They are members of the Big Eight conference where the freshmen rule is enforced and as long as they are compelled to recognize it, naturally they are desirous of seeing the other schools within the state also adopt the same rule.

"Bradley never has and is not likely to give a second thought to the freshman rule"

Dr. Swaim, former Earlham, football and track star, is dean of men at the hilltop institute. He assisted Football Coach Walter Martin at the Tech for two years when Martin first came to Peoria in 1913. Whenever a conference meeting is held," Dr. Swaim is always on hand to help look after Bradley's interest. He is a keen student of athletics and as such his opinions on the freshman ruling are deserving of respect.

◆

Buck Head Coach.

Appleton, Wis., March 27—Howard (Cub) Buck, University of Wisconsin all-American tackle of several seasons ago, has been named head football coach at Lawrence college, according to announcement of President Samuel Plantz. Buck has been line coach of the Lawrence squad for three seasons, and has been the main factor in the development of the strong lines that have aided Lawrence to three successive state championships, besides a 1,000 per cent record in the Mid-West conference in 1922.

GOSSIP of the RING

BY FAIR PLAY.

Copyright 1923.

New York, March 28—If they don't stop "building up" would-be champions against fighters who have no chance, somebody is going to get killed one of these days, Then the old hue and cry will be raised again against boxing

There was Floyd Johnson's battle against Ray Thompson in which the man who is to meet Willard scored a knockout in 20 seconds. Now, Ray is a nice clean young boy, a soldier who got shot up in the war—where so few of our leading fighters went—but he long ago demonstrated that he is not qualified to stand up against the big 'uns. Yet he was stacked up against Floyd Johnson, who as every one knows, or should have known, far out classed Thompson.

MULDOON STEPS IN.

This pitting of Farmer Lodge against Luis Firpo was another such match The Didactic Duke of Muldoon once more has stepped in with very proper ruling when he says that Mr. Lodge can't be the human stepping stone on which Mr. Firpo shall climb another step toward the coming Dempsey match. Incidentally this is another one of those occasions on which Chairman Muldoon shows that his heart and mind are in the proper location, at times, to work harmoniously for the best interests of the fans

SURPRISE WIN.

The writer saw Lodge in Madison Square Garden a year or so ago. Paul Sampson was his opponent, Sampson came up to Lodge's waist, more or less but he was giving the big lumberman, who couldn't step without stumbling over his own feet, a nifty beating. For a time it looked as though Lodge was very much inclined to call it a day. But egged on by his seconds he finally threw out his right like a lassoe or a boomerang and accidentally caught Paul on the chin. Paul has never yet clearly understood just what happened to him And Lodge was just as much surprised.

TERRIBLY SLOW.

Yes, Lodge can hit, but he is slow, terribly slow and terribly awkward. At least all these things can be said about him based on his last appearance in these parts. Mike Gibbons, who is said to have him in hand, may have done a lot with him. Mike has the brains and the knowledge to do wonders with almost any fighter but if Mike has converted Farmer Lodge into even a fairly shifty guy, we'll stack Michael against Coue.

It is dollars to holes in doughnuts that even Firpo could play tag with Lodge. There are many others who could make it more interesting for the fans—and Firpo. Dig em out Mr. Rickard.

NEW IDEAS HELP AMERICAN GOLFERS

"America's rapid progress in golf and the fine showing of the American players in the British tournaments is due to the fact that golfers in the United States are always seeking to improve their game, always willing to try some new angle that seems to have possibilities," says Jock Hutchison.

"In the old country," continues Hutchison, "golfers are sticking to the same ideas that held good 50 years ago. In the United States many new original 'stunts have been devised in the last 20 years that have helped the game.

"American professionals have been largely responsible for the developing of the game by teaching a style that gets results. Some of the ideas that are advocated by Sarazen, Hagen, Barnes, Brady, myself and many other pros are not looked on with favor in England. We have gotten away from some old established customs because we found new schemes that worked to beter advantage."

BAIT For BUGS

By H. V. MILLARD

Under the head "Millikin to Bar Freshmen from Varsity Teams," the Chicago Tribune and other papers in the middle west carry the following

Decatur, Ill, March 26—Members of the faculty of James Millikin university have unanimously adopted the rule against freshman participation in athletics It will not go into effect until 1924.

◆

That's the best ad we have seen—for other schools in the state. Didn't take Bradley officials long to come out with a statement as to how they felt toward a Freshmen rule. Other schools with whom Millikin competes for students will also make capital out of it.

◆

If there is one thing that will keep a school's name before the public it is athletics We will make a little wager that out of every item that appears in a state paper concerning Millikin, 90 percent of them are on sports.

◆

What caused nine high school boards in McLean County to build gymnasiums last year? Nothing but the fact the citizens in the towns were enthused over basketball. What caused one of the leading factories in Marion, Indiana, to suspend operations one afternoon. Only because the Marion High school team was taking part in the state tournament at Indianapolis.

◆

Draw your own conclusions.

◆

Right at the time of writing these lines there are two D. H. S. Seniors in this office. Both took part in athletics and both state they would not go to Millikin with a Freshmen rule at the blue and white school.

◆

Art Metzler will represent in the state amateur 18-2 billiard play. He will either contest in the district matches or else go direct to Chicago for the finals which start April 10. Entries close April 7.

Robert W. Campbell is at present the state champion and the winner of the tournament will have the right to meet him for a new diamond medal and state title.

◆

Coach Dvorak of Urbana High school is working hard with his swimming team in preparation for the Decatur meet April 6. Thirty men are out at present, including the following men: Waldow, Graves, Evans, Beck, Swoyer, Mulliken, Hoagland, Noble, Luker, Singer, Patterson, Tentwetler, Schilling and Binyon.

◆

Johnny Sabo former Illini football and basketball star is visiting among his old friends at the State school. Johnny coached the Rochester University team this past winter and finished third in its conference.

◆

The sports editor of the Peoria Star and the sports editor of the Peoria Journal are up and at one another again and as a result the fans of the Tractor City will have some amusing reading during the off season of sports.

One of the boys printed a letter he received from a fan.

"I am glad to note that you devote your columns to the printing of good, live clean sport items instead of trying to fill them with fabulous tales about your ability as a sport writer. The average fan is pretty well posted on sport and knows which paper has the "livest sport page in Central Illinois" The old saying, "You can fool some of the people some of the time, but not all of the people all of the time," appears to fit this case very explicitly. A SPORT FAN."

◆

While we don't know just what the fan is referring to will say that he speaks a mouth full when he says a sport writer doesn't have to use space to tell the fans what a wonderful scribe he is, It's just like a baseball game. You can't fool the old boys out there in the bleachers. They know,

◆

With Bill Jackson moving out of Peoria Monday it is only proper that Dick Breen the new Tractor boss should move in. Dick has advised secretary Herold that he will report at that time.

◆

Hoots Hiser former Millikin star and Ralph Hicks have returned from their basketball trip with Rexford T. Smith's Denver Athletic Club. The team played 49 games in a half dozen states winning 31 and losing 10. The other eight were not finished —winding up in a general free for all. Hiser and Hicks led the scoring for the famous Rex T. teams.

◆

Maybe some of you folks don't recall who Rex T. Smith is. He is the fellow who bumfoozled Norman G. Wann into booking his Cheyenne Indians at Millikin for a game a year or so ago. They were as near basketball players as they were Indians.

◆

Chuck O'Berta one of the old stand bys of the Three Eye League of years gone by is to manage a ball club in his home town—Gillespie this season.

Final Effort.

The final effort to organize the Industrial Baseball League for the coming season will be made Thursday night at Painters Hall on Merchant street at which time all locals desiring to enter a team are requested to have a representative on hand,

The meeting will be presided over by F. G. Shannon and is called for 7.30 o'clock.

BLUE MOUND.

Mr and Mrs. Elmer Harrison were in Illiopolis Saturday.

Albert Allen has been quite sick the last few days.

Miss Marjorie Sallsberry of Decatur is visiting her grandparents Mr. and Mrs M. L. Hughes.

Clarence Christison came home Saturday from Decatur, where he has been in the Macon County hospital several weeks.

Katherine Belknop, daughter of Mr. and Mrs Otto Belknop, has been very ill with lung fever.

Otto Machiels of Benton, is visiting his parents, Mr. and Mrs. Herman Machiels

Mrs Fay Bullington of St. Louis is at home for a visit with relatives.

Ed Moss and family will move this week into the house recently vacated by Ralph Stroud.

The Methodist church will have services each night this week with the following subjects Wednesday, "Where Do the Dead Go After Death?" Thursday, "How Can a Man Be Born Again?" Friday, "What is the Holy Ghost?" Saturday "Who is Responsible, if a Man Goes To Hell?"

These meeting lead up to the revival which commences on Easter Sunday with Prof. C. L. Mills as music director and the sermons by the pastor, Rev. J. D. Butler.

The exchange which was held for the benefit of the high school band realized about $60 dollars.

Three children of Obed Dean have the measles.

Three-Eye Moguls Can Breathe a Bit Easier

Sixty-Five Danville Business Men Take Over Three-Eye Club—Other, Chatter.

BY HOWARD V. MILLARD.

Al Tearney president of the Three Eye league and several other club presidents as well as many Tri Optic baseball fans should be resting a lot easier today. Especially the league head and the club prexys.

For some few weeks Danville has been in a very bad way from a baseball standpoint and there were several well known minor league moguls who were very doubtful if the town in Vermilion county would ever be able to start the coming baseball season.

BIG HANDICAPS.

The club was close to $7,000 in debt and when you attempt to go out and raise that amount of money to pay last year's deficit in the face of the fact that the ball club finished near the bottom you can realize what a tough proposition the new officials of the Vets faced.

That is the reason a number of the men familiar with the ways of minor league clubs doubted the chances of Danville ever getting over the traces.

There is no telling what might have happened if Danville fell by the wayside. Quincy would be a horrible jump while Springfield hasn't a park. If Tearney wasn't able to interest an eighth city a six club league might have been the result.

SAVE THE GAME.

However, it now appears that all the wory is over for Tuesday night in Danville 65 business men subscribed one hundred dollars each, according to Gene Kessler, sports editor of the Commercial News and the prospects of the Vets getting by on the right foot this season look much brighter.

Two propositions were presented at the Tuesday night meeting. The fans buying, stock in the club and running it the same as the associations at Peoria, Bloomington, Decatur and the like, or for the business men to take over the club. It was the latter plan that was adopted and all the debts will now be paid and Danville will start with a clean slate just as they did last season

HULSWITT ARRIVES.

Rudy Hulswitt, who will endeavor to lift Danville up in the flag race this season, has arrived on the scene and will start assembling his players in a few days for spring drill.

Danville proved to be a good ball town last season. In fact they supported a loser better than most cities in the league would have done.

If Hulswitt can show a team that will be out there giving the other clubs a battle for a first division berth in the flag race the Danville association should prosper.

OTHERS GETTING READY.

Bill Jackson will move over to Bloomington from Peoria next Monday and then the Bloomer fans will feel that spring is truly here. Del Howard of Oakland expects to send Bloomington some of his surplus talent in case Bill needs help.

Bill Jackson has always been able to get a ball club together with little or no money and that he will put the Bloomers back in the pennant contending class is the opinion of many.

There was never a more popular manager to visit Decatur than Bill and his bleacher friends will be out there yelling "Hello Andy. Where is Min"?

PEORIA MAYOR TALKS.

Despite reports to the contrary Mayor Victor P. Michel insists that Peoria's new ball field will be in readiness before the opening of the I. I. I. league season here May 7.

The Mayor Tuesday engaged Walter Woodman, one of the best diamond tonsorialists in this section of the country, to aid Gus Moritz, in laying out the infield plat.

There is no reason to become alarmed over the ball park situation, says the mayor. It will be ready in ample time for the league opening. The workmen completed the task of filling in the park yesterday and started to grade it today. In a couple of days the infield will begin to look like something.

RACING NOTES

Contrary to the usual custom, the Kentucky Derby will not be run on the opening day of the Churchill Downs meeting. The meeting opens Monday, May 14, and Derby Day will be the following Saturday, May 19. The feature for the opening day will be the Clark Handicap for which the best horses in training have been named, including Whiskaway, Firebrand, Exterminator and Bunting.

Mose Goldblatt is receiving congratulations on his purchase of Metric at the Hewitt dispersal sale Goldblatt paid $8,650 for this colt, and among horsemen it is thought the price was low. Metric will be a starter in the Kentucky Derby and on his present form rather than his mediocre racing record of last year, he is conceded a good chance.

Eddie Dugan and M. Buxton, two veteran riders, started from Tia Juana for France to ride for a wealthy Russian owner, but upon arriving in New York changed their minds and decided to ride in this country. Dread of the long and damp walk back to America may have had something to do with their decision to remain in their own country

Commander J K. L. Ross will ship his Western stable to Louisville in a few days and his black and gold colors will be prominent this spring in Kentucky racing. Among the handicap horses that will race for the Canadian sportsman early in the season are Feylance and Rebuke the latter winner of the $30,000 Coffroth Handicap last Sunday.

Corcoran, star rider at the New Orleans meetings is galloping horses at Churchill Downs for his contract employer, Al Kirby and will sit in the saddle at the coming Kentucky meetings. He went home to New Orleans a few days ago on account of the illness of an uncle, but has returned to his work. He will have a large following this spring by those who profitably backed his mounts last winter

Melachrino, reported a year ago to be the star colt of the west, is getting some backing for the Kentucky Derby. He is a product of the Nevada Stock Farm, by Atheling II, Roselawn, and won two of his four starts last year. In the other two races he was once second and once third Several bets on him at 100 to 1 have been made in the future books.

HAIR STAYS COMBED, GLOSSY

"Hair-Groom" Keeps Hair Combed—Well-Groomed

Millions Use It—Fine for Hair! —Not Sticky, Greasy or Smelly

Get a jar of "Hair-Groom" from any druggist for a few cents and make even stubborn, unruly or shampooed hair stay combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions.

Greaseless, stainless "Hair-Groom" does not show on the hair because it is absorbed by the scalp, therefore your hair remains so soft and pliable and so natural that no one can possibly tell you used it.

GOLF ASSOC'N IN MEMBERSHIP DRIVE

Hope to Secure at Least 500 New Members.

The more members in the Business Men's Golf association, the sooner the new course at Nelson Park will be available for play. Realizing this, members of the association in their annual meeting in the Morrow Art shop Tuesday night appointed a committee to conduct a drive for at least 500 new members of the association. The membership fee for the year will be $2.50.

IMPROVEMENTS NEEDED.

In order to put the course in shape, a mowing machine, new sprinklers and a number of other improvements are needed. Money for the securing of these improvements must come from the B. M. G. A., for the city council is not financially equipped to furnish them. If a sufficient number of new members is secured, the fees will be devoted to these improvements and the course opened sooner. Although a number of members are playing the temporary course already, the new course will not be ready for real play until about July 1.

TO PUSH WORK.

The new course is almost double the yardage of the old Nelson Park course, being 3,200 yards long against 1800 yards formerly. The soil is well adapted to the quick growth of grass and should be in fine shape early in the season. Seeding will begin next week under the supervision of a grounds committee composed of Art Dawson, Carl Becker and Bob Humphrey who will push the work as rapidly as possible.

COMMITTEE.

Subscriptions for memberships in the association will be taken by the following committee:

Art Dawson at Snerly's, Art Morrow in Morrow's Art shop, Lutz Krigbaum in Krigbaum's Electric shop, Short Doherty in the Citizens National bank, Curly Evans in the Elks club, Bob Humphrey in Morehouse & Wells, or Merle Cooper in the Mississippi Valley Structural Steel Co.

IVESDALE YOUTH BURIED SUNDAY

Ivesdale, March 28—Clyde Harmon, the fifteen-year-old son of Mr. and Mrs. Charles Harmon residing north of town, died at his home Saturday morning after several weeks' illness of pneumonia. Burial was made Sunday afternoon in the Bement cemetery.

Dr. W. G. McPherson of Bement was a professional caller here Thursday.

Mrs. J. B. Dillon and daughter, Helen May, passed Sunday with Mrs. T. Crinigan.

Connor McQuire is ill.

Mrs. E. J. Tabaka and daughters, Bernadine and Phyllis, Mrs. J. Gallivan and Miss Nellie Gallivan were Decatur visitors, Saturday.

Mrs. S. J. Hicks, Mrs. E. Foran and Mrs. R. E. Milligan are on the sick list.

John Burns and daughter, Madonna, passed Wednesday in Monticello.

Misses Irene Tynan and Nellie Gallivan visited Mr. and Mrs. O. Boyer in Bement Wednesday evening.

Mr. and Mrs. Tom Ganley and Miss Margaret Kirvan were Decatur visitors, Wednesday.

Mrs. J. Laroe, Miss Nell Lawless and James Monaghan returned Thursday from Peoria, where they attended the funeral of Mrs. M. Martin.

Mr. and Mrs. J. C. Stout, George Gallivan, Sr., and M. Maley were Champaign callers Saturday.

Miss Josie McGrath passed Saturday with her sister, Mrs. F. Hannon, in Decatur.

Miss Elizabeth Ducey passed the week-end with her parents, Mr. and Mrs. James Ducey in Monticello.

Mrs. A. J. Foohy and Mrs. Ann Sherlock motored to Monticello, Friday.

Calvin Strater left Saturday for several days' visit with his parents, Mrs. and Mrs. B. Strater in Toledo.

Mrs. James Somers was called to La Salle last week by the serious illness of her mother, Mrs. Connerton, who died Thursday.

Mr. and Mrs. J. Nally of Bement, Dan Foran of Decatur and Chris Kennedy of Emmett, Kan., attended the funeral of William Kennedy, Thursday.

Tom Clark returned Wednesday from Bloomington, where he has been employed several months.

John Auth, Sr., returned Tuesday from La Salle, where he attended the funeral of his sister.

Mrs. J. Monaghan and daughter, Sabina, returned from Peoria Friday after attending the funeral of the former's daughter, Mrs. M. Martin.

FAILS TO AGREE AFTER 19 HOURS

Taylorville Jury Discharged From Case.

Taylorville, March 28.—The case of Ardith Schwab, who was placed under arrest on a charge of carrying concealed weapons went to the jury at 6 o'clock Monday night. After nineteen hours of deliberation this jury was unable to agree. At 10 a. m. Tuesday they were ordered by the judge to return in open court and report.

TRUCK STOLEN.

The new Ford truck belonging to the Hopper Paper Co., was stolen Monday night. The sheriff's office was notified and the car was recovered and returned Tuesday afternoon.

The car was found in a mud hole near the Harris branch and in their endeavor to plow through the thieves had so disabled the engine that they were obliged to abandon it.

OWENS-GRAHAM.

Otis Owens, son of George Owens, and Miss Mamie Graham, both of this city, were married Monday night at the Free Methodist parsonage, Rev. J. N. Van Nattan performing the ceremony.

The young couple will make their home in this city.

GRANTED PROBATION.

Clarence Kuhle, fifteen year old son of Herman Kuhle, pleaded guilty in the circuit court Tuesday to burglary and was sentenced to the state reformatory at Pontiac.

On the recommendation of the state's attorney and probation officer he was permitted probation.

MRS. E. BROCKWAY AGED 84, IS DEAD

Had Lived in Decatur Since 1857—Saw Many Changes.

Mrs. Elvina Brockway, widow of John A. Brockway, died at 5:30 o'clock Tuesday afternoon at the family residence, 305 West Cerro Gordo street. She was eighty-four years old last August. Her death was due to the infirmities of age, but was doubtless hastened by injuries sustained in a fall two years ago last December. Since then she had been unable to walk.

Mrs. Brockway's maiden name was Elvina Erisman. She was born in Middletown, Pa., Aug. 1, 1838. With her parents she came to Illinois in 1856. For a short time the family lived at Monticello, moving to Decatur in 1857, and this has been her home ever since. She and John A. Brockway were married here Nov. 7, 1860.

SAW MANY CHANGES.

During the sixty-six years Mrs. Brockway resided in Decatur she had seen a great many changes. She was well known among the old settlers of the county, but most of those she knew early in life have died. She was one of the oldest members of the United Brethren church, and attended the services regularly and took an active interest in church work as long as her physical condition would permit. She is survived by the following children: William E. Brockway, Fred C. Brockway, John A. Brockway, Jr., and Miss Minnie Brockway, all of Decatur; Frank L. Brockway of Los Angeles, Cal., and Albert W. Brockway of Pittsburgh, Pa. She also leaves the following sisters and brothers, Mrs. B. F. Doty and Miss Ellen Erisman of Decatur, Florence Padgett of Decatur, William H. Erisman Storm City, Kan. Edward Erisman of Oklahoma City, and Harry Erisman of Springfield, Mo., and Mrs. Margaret Allison of Boston, Mass.

The funeral will be held at the residence, 305 West Cerro Gordo street, Thursday afternoon at 3 o'clock, Rev. Harry L. Meyer officiating. Burial will be in Greenwood.

MRS. WILLIAM BENEDICT.

Mrs. William Benedict died at 3:15 o'clock Tuesday afternoon at the family residence, 427 South Webster street. She was seventy-three years old. Her death was caused by paralysis, with which she had been afflicted for eighteen months.

Mrs. Benedict's maiden name was Rose Ann Garrity. She was born in Watertown, Ky., in 1850. With her parents she moved to Indiana in 1860. The family moved to Decatur two years ago, coming from Fort Wayne, Ind. Beside her husband she is survived by two children, Ambrose Benedict and Mary Benedict, both of Decatur. The body was removed to the Moran & Sons undertaking establishment and prepared for burial. It will be taken to her home, 427 South Webster, Wednesday afternoon. The funeral party will leave Thursday morning at 7:45 for Oxford, Ind., where the funeral will be held that afternoon.

AUGUST LANGSFELD.

August Langsfeld, a resident of Decatur for thirty-seven years, died Tuesday afternoon at the Proctor home in Peoria. He was seventy-four years old last September. His death was caused by pneumonia.

Mr. Langsfeld was born in Germany Sept. 1, 1848. He came to Decatur in 1883 and this had been his home ever since until he retired from active life about three years ago and went to Peoria. Mr. Langsfeld was well known in Decatur. For over thirty years he was employed by the Decatur Coal company, and he had many friends. He was a member of St. James' Catholic church. He is survived by his wife, who lives in Peoria, and he also has five grandchildren in California, and a brother, William Langsfeld, of Decatur.

The body will be brought to the Moran & Sons chapel in Decatur Wednesday night.

The funeral will be held at 9 o'clock Friday morning at St. James' church. The interment will be in Calvary cemetery.

WILLIS E. MARSHALL.

Willis Edward Marshall, son of Jesse E. Marshall, 454 North Church street, died Tuesday at St. Mary's hospital. He would have been twenty-three years old in July. His death was caused by pneumonia, after an illness of five days.

Mr. Marshall was born in Cisco July 10, 1900. He was well known in Piatt county and in Decatur and had many friends. He was a member of the Methodist church and the Loyal Order of Moose. He was a molder by trade and was employed at the Decatur Malleable Iron works. Beside his father he is survived by a sister, Miss Josie Marshall of Battle Creek, Mich. The body was removed to the Moran & Sons undertaking establishment and prepared for burial. The funeral will be held at 9 o'clock Thursday morning at the Moran chapel. The burial will be in Cisco.

MRS. ANNA GRENIAS.

Mrs. Anna Grenias, wife of Thomas Grenias of the Lincoln Square cafe, died at 2:45 o'clock Tuesday afternoon at St. Mary's hospital. Her death was caused by pneumonia, after an illness of eight days.

Mrs. Grenias was born in Poland. She came to America eighteen years ago, and she and Thomas Grenias were married fifteen years ago. They have lived in Decatur for the last seven years. Beside her husband she is survived by two children, Gus Louis Grenias and Amanda Grenias. She also leaves a sister, Theresa Holda. The body was removed to the Moran & Sons undertaking establishment and prepared for burial.

The funeral will be held at 10 o'clock Saturday morning at St. James' Catholic church. The burial will be in Calvary cemetery.

HOWARD INFANT.

The infant daughter of Mr. and Mrs. Charles Howard, 169 East King street, died at 2 o'clock Wednesday morning a few hours after its birth.

FUNERALS

J. B. MERRITT.

The funeral of J. B. Merritt, who died Monday in Peoria, will be held at the Dawson & Wikoff chapel in Decatur at 2 o'clock Thursday afternoon. The body will arrive in Decatur this evening.

MRS. KATHARINE WILLIAMS.

The funeral of Mrs. Katharine Williams will be held at 2:30 o'clock Thursday afternoon at St. John's Episcopal church.

LOVINGTON BOY TAKES HIGH RANK

Lovington, March 28.—Mr. and Mrs. John Morrison received word recently that their son, William M. Morrison, valedictorian of the Lovington township high school class of '22, ranked second in the examination for the first semester in the freshman class of 1,200 at the University of Illinois, losing first place by the small margin of only .04.

This not only speaks well for the student, but for the local high school.

SPECIAL SERVICES AT MOWEAQUA

Moweaqua, March 28—Special Passion Week services are being held in the various churches of the city. Monday night Rev. R. Y. Williams of the Methodist church preached in the Christian church; Tuesday evening Rev. Mr. Cross of the Christian church spoke at the Presbyterian church; Thursday night Rev. J. H. Cozad of the Baptist church will occupy the pulpit of the Methodist church, and Friday night Rev. Mr. Burkett will talk at the Baptist church.

Miss Staul, a returned missionary from India, made a most interesting talk at the Methodist church Sunday night.

Mrs. W. K. Andrews left for Zanesville, Ohio, Friday evening, where she will visit Rev. and Mrs. Walter Whalen and family, and Miss Lillian Andrews, who is attending school there.

Word was received here, Saturday, of the death of Miss Mae Visino's father, who was taken to Rochester, Minn., several weeks ago, for treatment for cancer.

Mr. and Mrs. Bright Bridgewater of Decatur spent several days here last week the guests of relatives.

Joe Gregory and Paul Winegardner of the Federal Reserve Bank of Chicago motored to Blue Mound Saturday on business.

Paul Winegardner, of Chicago, was a guest in the home of Gid Housh, the latter part of the week.

Miss Winifred Minturn and Miss Annette Van Dyke of the Decatur Musical College spent Sunday in the E. O. Smith home.

Miss Helen Day was a week-end guest of Mrs. Glen Lovering, in Assumption.

Mr. and Mrs. Millore Wamen, of Decatur were guests of Mr. and Mrs. Malcom Stewart Sunday.

Miss Mane Rice of Browns' Business college Decatur, spent Sunday with her grandmother, Mrs. Milinda Jacobs.

YOUNG WOMAN DIES SUDDENLY.

The community was shocked to hear of the sudden death of Mrs. Virgil Walker, which occurred Saturday morning. She had been ill with flu, but was able to be up and around the house, having prepared supper Friday evening. On retiring she was unable to sleep until 3 o'clock. Mr. Walker arose at the usual hour, and told her not to get up. Later a child of a neighbor came to see her, and came out of the room, saying she was asleep. The husband went to her but could not arouse her. Physicians were called at once, but she never regained consciousness and died a short time later. The body was taken to Patoka for burial Sunday morning.

Honoring Miss Beatrice Knisley of Greenville, Mrs. Jesse Long entertained a few girls Saturday afternoon. Contests and games were enjoyed. Several prizes were won. Those present were Miss Kathryn Gregory, Mary Burkett, Wilma Erwin and Beatrice Knisley.

Roy Proctor is reported much improved.

Mrs. Roger McGee spent the week-end at her home in Decatur. She has been substituting in the high school the last two weeks.

Misses Helen and Agnes Hamen spent Sunday at their home in Bement.

Mr. and Mrs. Wilbur Dawson and daughter of Decatur spent Sunday with Mr. and Mrs. Eugene Harper.

The Very Essence of Sunshine in These Hops

100% Pure

From the sweet scented vines in the sun splashed fields of Oregon come the hops which go into White Banner. Health and vim are in them and in the pure barley malt which they flavor.

White Banner Hopped Malt Extract

"That's the Brand"

Don't be put off by an offer of of any substitute. The hops are already in. Your grocer can get White Banner, the old original malt, if he hasn't it.

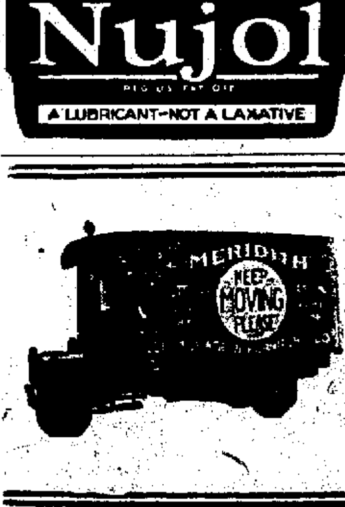
Constipation
Relieved Without The Use of Laxatives

Nujol is a lubricant—not a medicine or laxative — so cannot gripe.
When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving.
Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication. Try it today.

Nujol
A LUBRICANT—NOT A LAXATIVE



GET IT CLEAN

for Easter. You will be wearing new clothes; why not give your auto a new dress for the holiday? When we clean your car it comes back to you CLEAN, no two ways about it. Our work often takes the place of auto painting, and costs far less.

No more Rheumatism

Suffering has gone from your face, mother!

S. S. S. Is the Great Builder of Red-Blood-Cells and Rheumatism Must Go! Just Try It!

"Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glory again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I bend way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you." There is a reason why S. S. S. will help you. When you increase the number of your red-blood cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder, system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run down, tired men and women, beautifies complexions, makes the flesh firmer. Start S. S. S. today. It is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S.S.S. *makes you feel like yourself again*

MOTHERS, DO THIS—

When the Children Cough Rub Musterole on Throats and Chests.

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt relief. It does not blister.

As first aid, Musterole is excellent. Thousands of mothers know it. You should keep a jar ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it may prevent pneumonia). 35c and 65c jars and tubes.

AUTO RULES TO BE ENFORCED

State Officer to be Here Monday.

A double drive to enforce the automobile laws and traffic rules will be instituted by the police department and B. M. Harman, chief of the state automobile department, next Monday, and all who have not applied for licenses by that time will be brought in and fined. Any man who applies for a license after that date will have to explain his delay. Those who have been ignoring the rules as to parking, speeding, failing to have proper lights, not having license plates on both front and rear of their cars, or violating any of the other regulations covered by state laws and city ordinances may expect to be called in and fined. Chief Harman of the state automobile department will have a force of deputies with him and they will work with the police and sheriff's officers in rounding up the offenders.

TO GET SPEEDERS.

Sheriff Underwood declared Tuesday afternoon that he would issue no more warnings to speeders on the hard roads. Those who have been disregarding the speed laws are due for a severe shock as soon as the books containing the license numbers to date have been received. For some time his deputies have been taking the numbers of speeding cars. In a few days the books will be issued and then he can get the names of the owners of cars bearing those numbers Instead of having them fined in the justice courts he may just turn the information over to the grand jury and have them indicted This will make it more expensive for the offenders, for costs in the circuit court are high. No one has any sympathy for the road hog The ordinary fine does not seem to do much good

DR. H. C. WILLETT AT FIRST METHODIST

Says Training of Disciples Was Feature of Christ's Mission.

Dr Herbert L Willett spoke to a full house at the First Methodist church Tuesday evening his theme being "Events of Tuesday of Passion Week in the Life of Christ" He emphasized the training of the disciples as one of the great features of the mission of Christ and insisted that the disciples of today must have the same solicitude the same [illegible] spirit and the same zealous service in carrying out the plans of Christ as the disciples of that day

The Rodgers family gave special musical numbers, beginning at 7 15 They will also assist in the services Wednesday night with [illegible] The regular church night program will be carried out, with supper at 6 15, followed by preaching services

Dr. Willett At Congregational.

Dr Herbert L Willett, the noonday speaker at the Y annex, will preach Wednesday evening at 7 30 in the First Congregational church An invitation is extended to the public to attend this service and hear Dr. Willett. Members of near-by churches that have no services during this week are very cordially invited to attend. There will be special music furnished by the quartet of the church.

Class Elects.

The Up and Doing class of the Riverside Baptist church met Tuesday with Mrs. Oliver Johns 1233 East Cantrell street. Officers were elected as follows:

President—Elinor Ott.
Vice president—Evelyn Lebo
Secretary—Velma McClure.
Treasurer—Anna Badorek

The class will meet the first Friday in each month hereafter The next meeting will be at the home of Miss Ruth Beck, 1213 East Cleveland avenue

Revival Closes.

The revival services at the First United Brethren church closed Tuesday night After three weeks of continuous meetings, it was decided to devote the remaining time before Easter Sunday to home visitations and personal work. Rev. J. O. Todd will assist his brother, C T Todd in his pre-Easter financial campaign, also Dr. H. W. Trueblood in his revival at the Second United Brethren church

A day of prayer will be observed Friday by the missionary society and a devotional service and supper will be held at 6 o'clock Friday by the Otterbein Guild

There will be no meeting of the Willing Workers of the First English Lutheran church this week on account of the Holy Week services at night

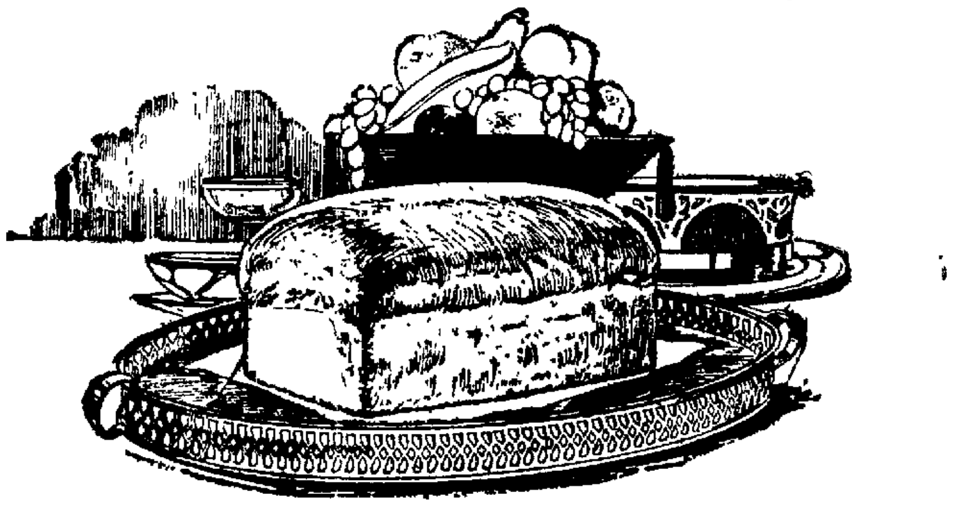
YOUR GUIDE TO GOOD BREAD



Too often, the quality of the "Staff of Life" is not considered seriously enough. Too often, folks say, "Give me a loaf of bread," and accept it without knowing its maker, or whether it is high in food-value or not.

Your protection lies in asking for your bread by name. For instance, you know that bread bearing the name CONKLIN'S is of fine quality—a h food-value bread.

CONKLIN'S means quality Decatur. It is a rating of more t twenty years' standing here. So when you buy bread at yo r grocers, remember that it is quality that counts, and ask for your bread by name.

MAYOR'S CAR GETS STUCK IN MUD

Takes Inspection Trip Around Lake.

UPSTREAM 13 MILES.

Ducks Are Seen at Many Points.

In a trip which included encircling the north end of the lake basin, crossing the river on the iron bridge north of Oakley, Mayor C M Borchers inspected the situation in the lake basin rather thoroughly Tuesday afternoon, putting in the whole time in his car on the roads which ran along the shores of the lake, as nearly as he could get with his car, to that point, thirteen miles up stream from the dam which, the civil engineers say, marks the end of the place in the river where the building of the dam will affect the water level in the river bed.

WAS QUAGMIRE

Perhaps it would be more accurate to say that the mayor spent this time inspecting the basin with the exception of the time which was taken in getting out of what appeared on the surface to be one of the smoothest parts of the road but which developed, when the car hit it, to be a quagmire which had been smoothed out by a road drag and then sprinkled with loose dirt by the same.

This loose surface dirt had been dried by the bright sunlight and to all appearances that stretch of road was excellent. But just as soon as the car ran down the hill and onto the seemingly fine stretch of road the mayor remarked that the car was "stuck."

FARMER APPEARS

And stuck it was. Pushing and pulling, using planks which had been found near the fill for digging away the sticky mess of molasses-like clay which came up with the whirling wheels, all availed nothing and a consultation of war was being held when a farmer with a team and wagon appeared on the crest of the hill. He came down driving on down to the bottom where Decatur's chief executive was thinking out loud.

"Why hello Charley," said the farmer "I believe I have you now where I can talk to you about that lake and my land" and after some chaffing he unhitched his horses from his own wagon and soon had the mayor's car out on firm ground

13 MILES UPSTREAM

From Faries park across Rea bridge, then up the valley until the Coulter's Mill bridge was reached, then across the lake again and up to the old iron bridge the trip took the mayor and his companion while the lake grew more and more narrow until at the iron bridge the stream was not quite bank full, justifying the estimates made by the engineers when the formation of the lake was planned that at this point, thirteen miles upstream from the dam, the effect of the dam at the 610 level would end.

Ducks were seen at many points along the lake. Not in as great numbers as near the County bridge but flocks could be seen dipping and playing in the water at the William street bridge, along the shores of Faries park and in the basin above that stretch of water.

Water action on the banks and fills show that already the "beaching" effects of the lapping of the water is visible and this is expected to result in stabilizing the banks somewhat

GROWING GREENS TO USE ALL YEAR

BY W. R. BEATTIE,

Extension Horticulturist, United States Department of Agriculture.

W. R. BEATTIE

One of the ways of preventing the human system from suffering from digestive monotony is to provide plenty of green or leaf vegetables in the diet. Fresh green food not only serves as the broom for the stomach but supplies the human system with the mineral elements that are so essential to health.

Spinach, kale, mustard, dandelion, sour grass and other kinds of greens taste best in spring because they are more tender and fresher at that time

Collards, kale, cabbage, brussels sprouts, kohl-rabi, turnip tops and spinach are among the important fall, winter and early spring green foods for the south. Cabbage, kale and spinach are the important fall, winter and spring green foods for those middle sections where the climate is moderate. Fall cabbage and spinach for late fall use, storage cabbage and turnips for winter use and spinach, kale and mustard for spring and early summer use are a good combination for the northern states. In addition plants such as bassella, swiss chard and New Zealand spinach thrive during warm weather.

By the use of coldframes, coverings of straw or pine boughs and other means of protection, spinach and kale may be carried through the winter rather far north.

Beds on which late fall, winter and early spring kada and spinach are grown should be raised three to six inches above the surrounding surface so as to drain well. They are best located on a southern or eastern exposure to get the full benefit of the sun A shelter of pine boughs or corn fodder along the north and west sides of the beds are a great protection against cold and wind. Plenty of fertilizer is essential where fall plantings are made for spring use.

Highly nitrogenous fertilizers should not be applied until after the cold weather or until active growth of the plants begins.

The season for greens on the table can be prolonged by canning the surplus grown during the spring and summer. Mixtures of young, tender beet tops, swiss chards, mustard and other greens may be made. In combining the mixture for canning only a small proportion of mustard or of any pungent green material should be used.

TAYLORVILLE HORSE INVADES STREET CAR

Taylorville, March 28—Being chased into the interior of his street car and bruised badly when the animal overtook him was the unpleasant experience of Motorman Lloyd McClughan at Taylorville Monday evening

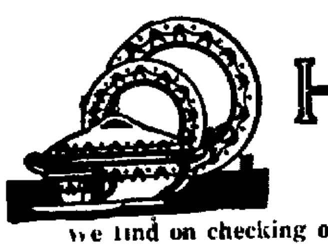
While on his regular run McClughan saw a team of runaway horses headed directly for the front of his car He shut off the power and hastily retreated to the inside of the car. He was too late to escape, however, for one of the horses, with the momentum of the speed acquired in its mad rush, crashed through the front end of the car and down the aisle to the fifth row of seats, striking the motorman.

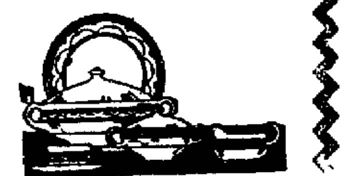
McClughan was taken to the St Vincent hospital, where his injuries were examined and found to consist only of painful bruises The accident occurred on South Shumway street The team was hauling the milk wagon belonging to Charles Corzine.

Dead Mouse Is Found.

Robert Johnson, janitor at the court house, has been putting in his spare time during the last week looking for a dead mouse in the county superintendent's office. In the meantime the odor had become something fierce. The corpse was finally located Tuesday morning after he had taken a roll top desk apart. The mouse was found wedged in the back of the groove in which the roll slides.

STOCK REDUCING SALE OF HAVILAND CHINA





We find on checking our stock of high grade Dinner Ware that we are carrying entirely too many patterns. We are therefore discontinuing eight patterns of Haviland & Co.'s ware and two patterns of French Guerin ware.

CITY ADVERTISING

NOTICE FOR BID.

Sealed bids will be received by the City Council of the City of Decatur, Illinois, at their office in the Council Room in the Court House in said City, from this date until the 9th day of April, A. D. 1923, at 10 o'clock A. M., for the construction of the improvement of the roadway of WEST MARIETTA STREET from the end of the present pavement at the west line of Van Dyke Street, west to the east line of Dunham Street, for the full width of twenty-eight (28) feet between curbs, excepting that portion of West Marietta Street occupied by the tracks of the Illinois Traction System from a line drawn two (2) feet east of and parallel to the east rail of the east track, west to a line drawn two (2) feet west of, and parallel to, the west rail of the west track of said Illinois Traction System, and excepting that portion of West Marietta Street occupied by the track of the Illinois Central Railway Company from a line drawn two (2) feet east of and parallel to the east rail, west to a line drawn two (2) feet westof and parallel to, the west rail of the track of said Illinois Central Railway Company, by excavating, grading and preparing subgrade, by placing thereon a Portland cement concrete foundation five (5) inches in thickness, consisting of one (1) part Portland cement, four (4) parts of clean, sharp, coarse sand and six (6) parts of clean, washed stone or gravel, together with sufficient water to produce a mixture of such consistency that when struck off with a template it will hold its shape, by placing thereon an asphaltic binder one and one-half (1½) inches in thickness with a wearing surface consisting of sheet asphalt one and one-half (1½) inches in thickness; the necessary combination curb and gutter, brick catch basins, brick manholes and pipe drains, the removal of the necessary sidewalks and laying of the necessary standard concrete sidewalks, the necessary grading of all parkings, all complete in place.

Said improvement to be constructed in accordance with the plan, profile and specifications prepared by the Mayor and Consulting Engineer, and ordinance providing for said improvement, which are now on file in the office of the City Clerk of said City. Said improvement to be bid upon as a whole.

The Contractor shall furnish bond for one-third of the amount of the contract price, for said improvement, based upon the approximate estimate to the City of Decatur, conditioned that said improvement will be constructed strictly in accordance with the said plan, plat, profile, specifications and ordinance for same and contract hereafter to be entered and that said improvement shall remain and be in good repair for and during the full period and at the end of five years from the time said improvement is accepted by said City. That he will promptly pay all debts incurred by said Contractor in the prosecution of such work, including those for labor and materials purchased.

All bids for said improvement will be publicly opened by said Council on the 9th day of April, A. D., 1923, at 10 o'clock A. M., at the office of the City Council in the Council Room in the Court House in said City, and the right is hereby expressly reserved to reject any and all bids. Proposals must be made on blanks furnished by said Council and in compliance with the instructions thereto attached, which can be had on application to the City Clerk, and must be accompanied by cash or a check payable to the order of the Mayor of said City in his official capacity, certified to by a responsible bank in the City of Decatur, Illinois, for an amount not less than ten (10%) per cent of the aggregate of the proposal, in accordance with the ordinance for said improvement. Work on the construction of said improvement shall commence on the date fixed in a notice given by the City Council to that effect, and shall be completed within 120 days thereafter.

The Contractor to whom shall be awarded the contract for making said improvement shall, upon completion and acceptance of said improvement and confirmation of such acceptance as provided by law, receive in cash that portion of the cost of said improvement to be paid by said City; the balance of the cost of said improvement to be paid in local improvement bonds which the Contractor shall take at their face value, same to bear interest at the rate of six (6) per cent per annum, according to the Statute in such case made and provided.

Dated at Decatur, Illinois, this 26th day of March, A. D., 1923.

MUSIC RECITALS IN PUBLIC SCHOOLS

Programs Furnished by Prof. F. L. Hydinger.

Professor F L Hydinger of Millikin Conservatory has introduced a novel idea in music appreciation in the Decatur public schools Miss Mayme Irons, music supervisor in the city schools, has invited him to give a lecture recital in one of the public schools each week

POPULAR CLASSICS.

These lecture recitals take in popular classics by [illegible], Beethoven, Mozart and Rubinstein, and other composers. The programs last thirty minutes Each is prefaced by an explanatory note concerning the composer's life and the meaning of the music

APPRECIATED BY CHILDREN.

Professor Hydinger has been surprised to find the great appreciation shown by the children from the fourth to sixth grades They listen with extreme attentiveness and applaud vigorously The appreciation in the Decatur public schools seems to be growing rapidly

So far Professor Hydinger has visited in twelve of the public schools and it is his intention to include them all He is giving his services entirely without pay and is simply doing this in order to do his part toward the music upbuilding of Decatur

SOCIAL NEWS

ROBERT I. HUNTS NOW IN BERMUDAS

Mr. and Mrs Robert I. Hunt left the Barbadoes for a twelve days sail to the Bermuda Islands on March 14, arriving at the Bermudas on Monday March 26, according to a message received from the Decatur folk by Mrs. I. D. Moore. They have been joined by their three children, Miss Virginia Hunt, who attends Smith College, Northampton, Mass., Floyd Hunt, a student at Yale, and William Hunt, who attends the Choate school in Wallingford, Conn., during their Easter vacation.

Mrs. Hunt writes that the Barbadoes have the most even climate she has ever known. She compares it to our June, only not as warm as that month as there is always a refreshing breeze.

* * *

Mrs A. W. Eichman and Mrs H. C. Hill were hostesses to the members of the Wednesday Bridge club with a 1 o'clock luncheon at the Oriental Inn The color scheme of lavender and gold was used in decorating. Following the luncheon, three tables of bridge were at play in the home of Mrs. Hill on West Prairie avenue.

* * *

TRY SLIP-ONS FOR COMFORTS OF CHILDREN

Soft chenille spots
In polka dots
On frock of ratine,

A cute wee rig
Quite trim and trig
Designed for work or play
The little dress, I'd have you note
Hides matching close-knee knickers,
Much preferred to petticoats
By juvenile high kickers

Slip-ons are the name they bear,
They open on the shoulder,
Comfy for the kids to wear,
Likewise for those who are older

For Stomach Agony
Ask Your Druggist About Mi-O-Na. It Gives Relief In Five Minutes
Your druggist will tell you that Mi-O-Na is guaranteed to relieve quickly and safely, upset stomach and indigestion, or your money will be refunded.
Have you gas on stomach?
One Mi-O-Na Tablet and the misery is ended.
Are you bilious, dizzy or nervous?
Mi-O-Na will help to put you right in a day; gives relief in five minutes.
Now, dear reader, don't go on suffering with stomach trouble. Be fair to yourself throw aside prejudice and try Mi-O-Na
And money back if you don't say Mi-O-Na is worth its weight in gold. Sold by leading druggists everywhere and by The Decatur Drug Co.

Fat That Shows Soon Disappears
Prominent fat that comes and stays where it is not needed is a burden, a hindrance to activity, a curb upon pleasure You can take off the fat where it shows by taking after each meal and at bedtime one Marmola Prescription Tablet. These little tablets are as effective and harmless as the famous prescription from which they take their name. Buy and try a case today. All druggists the world over sell them at one dollar for a case or you can order them direct from the Marmola Co., 4612 Woodward Av., Detroit, Mich. You can thus say good-bye to dieting, exercise and fat.

Famous Movie Star Condemns Curling Iron

'Little Mary' Pickford, whose pretty curly locks have been so much admired, writes that she has never used the curling iron She fails to see the wisdom of burning the life out of the hair

That the heated iron is ruinous to the hair is being more and more appreciated Many are discarding this instrument of torture in favor of plain liquid silmerine This is not only harmless but really beneficial. Instead of giving one's tresses a burnt-out, lifeless appearance, it gives them a bright lustre, and the curliness looks altogether natural It is a simple thing to procure a few ounces of liquid silmerine from the druggist and apply a little with a brush before doing up the hair The beautiful wavy effect which results is agreeably surprising.

NORMA TALMADGE'S Manners

By Norma Talmadge

© 192[illegible] by NEA Service, Inc.

ETIQUET is simply another name for good behavior. The child who is taught to behave properly can be relied upon, almost instinctively, to meet every circumstance in later life with proper courtesy. It's very important to remember that the things one must NOT do are important as the things one must do.

PROHIBITIONS

1: A well-bred man does not nudge, grasp or slap another man on the back, and certainly does not so much as lay his finger-tips on a woman

2: A gentleman never borrows money from a woman, whether she be a friend, a social acquaintance or a relative

3: No well-bred man or woman speaks of money outside of business

4: One never should reprove a child a servant or any other person, for anything whatsoever, in the presence of others, even one's immediate family

5: No well-bred man or woman displays temper, anger, fear embarrassment or any other emotion in public, thus saving the sensibilities of others

IT'S BAD MANNERS for a man to show to anyone a letter he has received from a woman.

FANTASTIC SPRING HATS HIDE HEAD

Paris March 28—One of the fantastic little hats for spring just shown here quite hides the head In a general way it resembles the shapeless paper cap one finds in bon bons Of felt or crush straw, it swathes the entire head and is pulled so low over the eyes that beneath a tiny brim, they are hardly visible

FLANNEL AND FELT.

New York, March 28—Flannel and felt are the smart sporting goods for early spring Felt hats with wide brims have very little trimming today beyond a pleated scarf of georgette around the crown. Flannel sports frocks in light tints sometimes come without sleeves, which is nice for golfing but bad for sunburn,

COLORED SHOES.

New York, March 28—Street and afternoon shoes of dark red, dark blue and dark green are seen today as well as shoes in the lighter and brighter shades of those colors. A single strap high on the ankle or a light network of cut-out straps is all that holds them on the foot.

LIGHT HOSIERY.

London, March 28—Light hosiery is worn with dark costumes today. Tailored suits in brown or deep blue are accompanied by hosiery in white, silver or a lighter shade of the blue or brown. Pearl gray hosiery is popular with costumes of every shade except grey.

BRILLIANT BANDANNAS.

Paris, March 28—The bandanna handerchief, launching itself forth in more brilliant colors than ever has taken a new turn today It goes completely across the front and round the neck of a velvet afternoon frock tying at one side of the waistline and hanging in long ends.

INDIANAPOLIS WILL HOLD BALLOON RACE

Washington, March 28—Indianapolis has been awarded the national elimination balloon race, it was announced Tuesday at headquarters of the National Aeronautic association The contest will be held between June 9 and July 4, and the Indianapolis motor speedway will be utilized as a balloon field.

Entry of fourteen American balloons, the association said, is assured The first second and third in the contest will be the American entries in the international balloon race at Brussels in September for the James Gordon Bennett trophy.

PAN-BROILED STEAK IS IDEAL

BERTHA E. SHAPLEIGH,
Of Columbia University.

The ideal way to broil steak is to cook it under the gas flame or over the coals or charcoal. It may, however, be possible to use a frying pan. Heat the pan until it is very hot. Wipe the steak and trim it of excessive fat. Put it into the hot pan, turn it almost immediately, and do this once or twice until it is seared on both sides. Then allow it to cook first on one side and then on the other. Remove to a hot platter, add salt and pepper, and saute mushroom caps. Pour mushroom sauce around the steak.

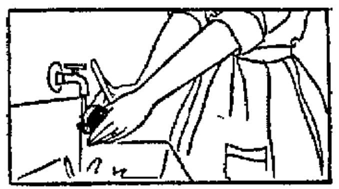
Miss Shapleigh.

For the sauce, wash, peel caps and remove stems from mushrooms Cook stems and skins in water for twenty minutes. Strain and use the liquor for the sauce. To the fat left in the pan in which the steak was cooked add a tablespoon of flour and stir until browned. Add one cup of mushroom liquor, one-fourth teaspoon salt, one teaspoon Worcestershire sauce, and a little peper. Cook three minutes, stirring all the time. Strain around the steak. The mushroom caps are cooked in butter ten minutes

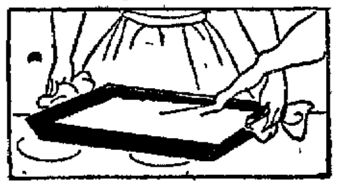
Household Suggestions

SLICING ONIONS.

Slice onions under a running faucet This will remove the odor from the hands and keep the fumes from irritating the eyes.



Quick Results.



If you wish to heat water quickly put it into a wide bottomed pan.

To Prevent Fading.

A little borax added to the water in which colored clothes are to be washed will set the color and prevent fading

KING FISHER BLUE.

London, March 28—King Fisher blue is a favorite new shade today. It is often trimmed with silver, a combination particularly effective. The silver, is often seen in figured silk or ribbon, in the form of cavalier cuffs made up of three or four wide ruffles.

Lost 34 lbs. in 30 Days
Blanche Arral, renowned Opera Star, tells how she discovered the Javanese secret of Slenderness, and explains how you, too, can quickly reduce
Mme Arral Tells Her Own Story
Fat people will enjoy reading a delightfully charming little book written by the eminent Prima Donna, Madame Blanche Arral. This renowned Opera Star had her own experience, in carrying a load of excess fat, which came near ruining her stage career, but she tells, in her book, how she found quick and positive relief from fleshiness in an easy and natural way. She had previously tried every advertised fat reducer without any satisfactory results. She drugged, dieted, exercised, wore "reducing garments" and in fact tried anything and everything likely to help her in her extremity, without getting any permanent relief. She grew so fat she had to give up her professional engagements. Then, in the course of her travels, in the Orient, she was induced to try a method by which the high caste women of the Orient always manage to retain their youthful, graceful figures. She tells her own story—what this wonderful method did—how she reduced 34 pounds in 30 days—and describes, in detail, her experiences and travels in the Oriental lands.
FREE
An interesting book, written by Madame Blanche Arral, world Famous Grand Opera Star, relating her interesting travels on the Isle of Java, and how she discovered the secret of a native Priest, by means of which she regained her former figure, health and voice The edition is limited and will only be sent to those who are really interested If you do not want to be disappointed.
WRITE TODAY
SEND NO MONEY
Madame Arral, in sincere gratitude for her own relief, resolved to benefit her fellow beings throughout the world. For a limited time a copy of her book will be sent free to those interested in reducing their weight. In this book Madame Arral tells her story in simple but eloquent language that will charm you.
Write for the free book today—NOW—while you think of it. Your name and address on a post-card will do, simple say "Send me a free copy of Blanche Arral's book."—Address:

Diamond Dyes

Each 15 cent package of "Diamond Dyes" contains directions so simple any woman can dye or tint her old, worn, faded things new, even if she has never dyed before. Buy Diamond Dyes—no other kind—then perfect home dyeing is guaranteed. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade or run.

Finest Thing!

Failure of the kidneys to promptly and thoroughly act, brings on a train of ills, and continued neglect, results frequently in Brights Disease, Uremic Poisoning, and Chronic Rheumatism, also a very serious nerve disorder often follows.

Backache, headache, restlessness, dry skin, hot flashes, and chills, should cause you to suspect the kidney action. Look for these symptoms: amount of urine, insufficient or too copious; irregular flow, with frequent desire, especially at night, followed sometimes by pain, burning, or smarting; pressure and pain in bladder region; pain in groins and back; swelling of feet and ankles; also a scanty flow of urine, accompanied by slight fever, chills, headache and rheumatism twinges.

Balmwort TABLET

Begin right away to use Balmwort tablets and the quick relief will amaze you, for they are true kidney medicine.

Mrs. Frank Monahan 1519 Penrose St., St. Louis, Mo., writes: "I am taking Balmwort Kidney Tablets and must say they are the finest thing on the market—and I feel I could not live if I had to be without them."

Go now to your druggist, and get this good medicine, Balmwort Tablets. Two sizes, 60c and $1.25.

Free Medical Book and Sample Medicines to anyone sending 10 cents in stamps to the Blackburn Products Co., Dept. B, Dayton, Ohio.

For sale by [illegible] Drug Co. [illegible] Drug [illegible] Drug Store, Franke's Drug Store and all druggists.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edward's Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach trouble.

Have you a bad taste, coated tongue, poor appetite, a lazy don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

Many a woman will buy an expensive Easter bonnet with the money she has saved by using

Many Birds Along Stevens Creek

Wind Sunday Made Flying Difficult.

If you were looking for birds Sunday morning it may be that you did not think luck was with you, particularly so if you were on high ground for the wind was blowing enough to make flying difficult. Wings and tails are sometimes hard to manage in no higher wind than that of Sunday morning. Even the songs were not so frequent as you will find them on a more quiet day. It is just possible that they do not care to compete with the wind, but I think the real reason is that the birds are not so happy on a windy day.

A trip along Stevens Creek, however, revealed a number of interesting things particularly after reaching the lower ground. Brush heaps have possibilities and they should not be neglected. Last year's nests are in some of them, difficult sometimes to recognize after winter has tossed them for months, but some other times bearing the mark of the builders in a very definite way. A rabbit jumped and ran from one brush heap. But such a brush heap in a very unattractive looking spot attracted our attention because from it came the familiar call of the wren. Its delightful note was alluring so the brush heap was investigated. There a Bewick wren was hustling in a very busy way. His tail jerked and he darted in joy from one spot to another. He didn't sing, not he, he was too busy just then, but he came close enough to show the white eye line and the white on the tip of his tail feathers. He is bigger than the house wren and measures five inches.

A song sparrow followed us for a distance singing his canary like song and the voice of a towhee was heard although the bird could not be found.

Crows were out in full force. Cardinals sang from the tree tops and flitted through the brush and the tangled vines. Next month is their nesting time and it may be well, even now, to be on a lookout for a likely place for such a nest. The jay birds called and made their usual racket. Blackbirds winged their way overhead, and of course there were many robins.

ADVENTURES OF THE TWINS
by Olive Roberts Barton

Hot Cross Buns

She led them to the little gate where they had entered.

Nancy and Nick had lots of fun helping the Scrap-Picture Shepherdess on her pretty little farm.

Nick milked the cows and Nancy gathered the eggs and fed the pigs and helped to watch the sheep.

They felt ever so much better after their exercise, and the pain they had gotten from eating too many goodies disappeared altogether.

"Now I'll tell you the way to the Cut-Out Lady's house," said the Shepherdess.

She led them to the little gate where they had entered—for do not forget, my dears, that the farm of the little Shepherdess was completely inside of a large Easter-egg—the kind you look into and see things. Well, that's where the farm was and Nancy and Nick had to make themselves ever so tiny to get into it, by making a wish with their magic shoes.

"Go to the right as far as you can see, then one turn to the left," said the Shepherdess, "and you'll come to the Muffin Man's house. He'll tell you which way to go after that. Goodby and thanks ever so much for helping me."

The Twins said goodby and started off. But this time they shut their eyes when they passed the lolly-pop field and the chocolate-bud bushes and the pop-corn stalks.

They went just as far as the Scrap-Picture Shepherdess told them and then turned to the left. And there, sure enough, was the Muffin Man's house.

"Hello there—who are you?" he cried out when he saw them. He was dusting some pulverized sugar over some newly baked hot cross buns.

"We are Nancy and Nick," said Nancy, "and we've come to ask you our way."

"I'll tell you gladly," said the Muffin Man. "But wait a minute, I see someone coming so I must sing." And he began:

"Hot cross buns, hot cross buns,
One a penny, two a penny,
Hot cross buns.
If you have no daughters,
Feed them to your sons
One a penny, two a penny,
Hot cross buns!"

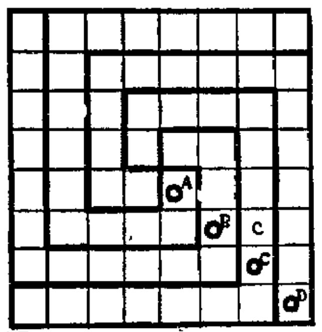
A PUZZLE A DAY

A third of twelve divide,
By just one-fifth of seven;
Then you will soon decide,
The answer is eleven.

Roman numerals, letters, etc., may be used.

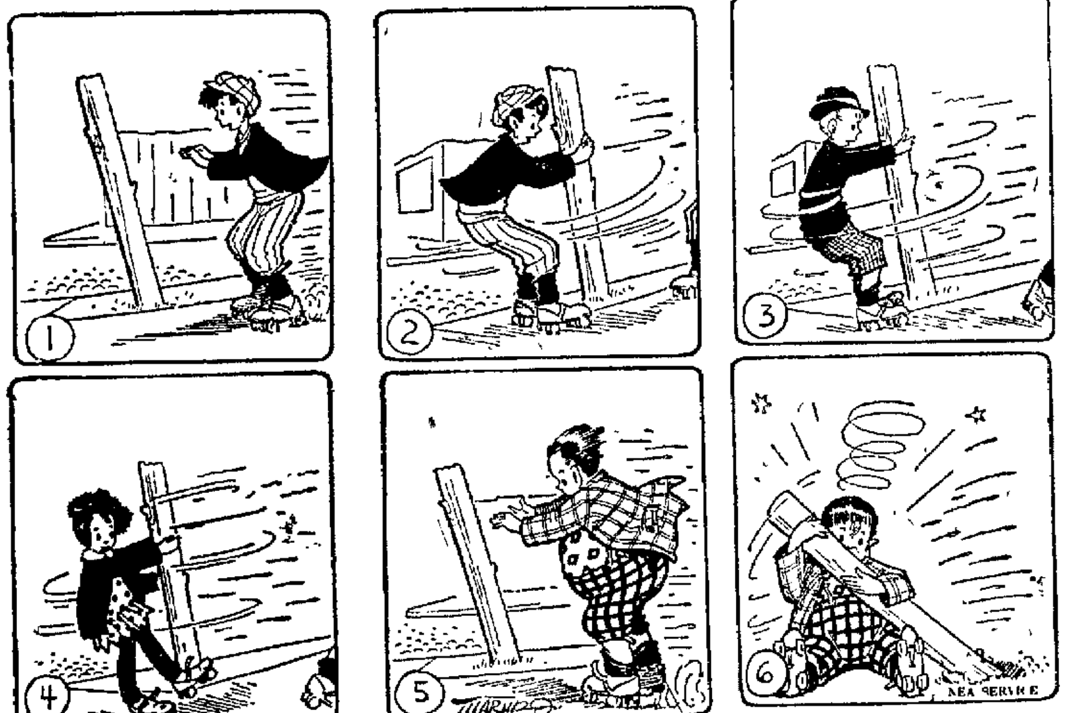
Yesterday's answer:



The checker board may be divided into four equal parts, each part containing a square upon which a checker has been placed, by following the above diagram.

Taken From Life (BY Martin)

It's a Long Road



WHO FIRST FELT "LIKE A FIGHTING COCK"?

COCK-FIGHTING was born with the cocks.

But it is only 80 years ago that the first man felt "like a fighting cock!"

Now he has brothers, sisters, nephews, nieces, all over the world—all feeling "like a fighting cock!"

It happens this way. A person half sick with bad stomach, dull and heavy headache, takes Beecham's Pills just before going to bed. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning with clear brain, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Beecham's Pills first began correcting disordered stomachs and stirring sluggish livers and bowels to natural activity—and feeling "like a fighting cock" is associated as inseparably with Beecham's Pills, as the pills are with good health.

THANK GIRLS FOR THEIR NEW DRESSES

J. M. U. Girls Make Garments for Welfare Home.

"Millikin Girls, they know how to sew; They are the Girls that ought to know. Each made a dress in latest style; Millikin Girls, they are worth while."

STYLE SHOW.

That was the yell with which the girls of the Welfare Home expressed some of their thanks to the members of the domestic art classes of the James Millikin university. The thanks were for the forty-six dresses these young women made for the girls in the home. A number of the dresses were worn in a real style show Tuesday afternoon when the girls who made the clothing went to the home to see the dresses on the girls. Mrs. Guy Lewis, and the members of her committee, forming the clothing committee for the Welfare Home furnished and served tea during the afternoon.

The girls of the Home had provided a little program for their visitors and gave them the yell which they originated themselves. It was heartily received by the Millikin girls.

MORE THAN NEEDED.

The reason all of the forty-six dresses were not worn Tuesday afternoon, was because there were not that many girls in the home and some of the dresses for smaller children will await their wearers, but will be put to good use later on. These dresses are all lovely ones although made from used clothing and scraps. Each had a touch of hand work and some of them are entirely hand made. The girls are delighted with the gift and will enjoy the Easter services to a greater degree wearing the new garments.

Church Calendar

THURSDAY.

In commemmoration of the institution of the Lord's Supper there will be appropriate services in the St. Paul's Lutheran church Thursday night at 7 45.

—:—

The subject of the evangelistic service in the First Methodist church Thursday night at 7.30 will be "Receiving the Easter Truth With Joy."

—:—

There will be a service at 3 p. m. Thursday in Grace Methodist church, Bishop Burns preaching.

—:—

The Young Woman's Mission Study class of the First Presbyterian church will meet in the church parlors Thursday afternoon at 2:30. At 7 30 Boy Scout troops 6, 19 and 32 will meet.

—:—

The Ladies' Aid of the Third United Brethren church will meet Thursday afternoon at 1 30 for its regular monthly business meeting.

—:—

The Sewing Circle of the Antioch Baptist church will have an indoor picnic in the church Thursday night at 8 o'clock. At 7 o'clock the official board will meet.

—:—

German services will be held in the St. Johannes Lutheran church Thursday night at 7 30. Holy communion will be celebrated.

—:—

The sixth ward of the First Christian church will meet all day Thursday in the church.

—:—

Boy Scout troop 12 of the East Park Baptist church will meet Thursday evening at 6 30 in the church.

—:—

The Invincible class of the Riverside Baptist church will meet Thursday with Mrs. Fred Harris, 1280 East Vanderhoof street.

NEW VIGOR FOR WORN-OUT WOMEN

ARE you suffering from "spring fever"—hardly able to drag one foot after another, and dull, sleepy, languid and worn out?

You ought to take Gude's Pepto-Mangan for a short time. Get a bottle and begin now—you'll be surprised to see how much stronger and more ambitious you feel—how much more work you can do, how your cheeks fill out and the rosy color comes back.

Your druggist has Gude's—in both liquid and tablet form.

Gude's Pepto-Mangan
Tonic and Blood Enricher

STOPS SKIN TROUBLES QUICK!

Few Drops Is All You Need! Don't Wait! Apply Healing Germicidal Trex Lotion Just a Few Times.

Immediately that fiery, itching, scaly eczema subsides; at once those ugly facial sores "dry up"; good-bye repulsive, white-capped pimples and blackheads. Trex Lotion is a marvel! Takes right hold. Trex Lotion is concentrated, strongly germicidal, but perfectly harmless. No matter how many salves, soaps or "blood remedies" you've tried. No difference how bad your case may be. Try Trex Lotion just once. Small bottle guaranteed. Don't be pestered any longer. Get this quick relief today. Decatur Drug Co.—Adv.

Piles Can Be Cured Without Surgery

An instructive book has been published by Dr. A. B. McCleary, the noted rectal specialist of Kansas City. This book tells how sufferers from Piles can be quickly and easily cured without the use of knife, scissors, "hot" iron, electricity or any other cutting or burning method, without confinement to bed and no hospital bills to pay. The method has been a success for twenty-four years and in more than eight thousand cases. The book is sent postpaid free to persons afflicted with piles or other rectal troubles who clip this item and mail it with name and address to Dr. McCleary, 880 Parkview Sanitarium, Kansas City, Mo.

100 PER CENT AMERICAN NOW.

The report in Champaign is that Senator W B McKinley is no longer a Canadian. He remains president of the traction and utility merger, but ownership of the same has entirely departed from Canada. Hereafter when Senator McKinley gives a half day to consideration of this big merger's interests he will not have to take a look at the map of Canada. He can tear this Canadian page out of his atlas, and this may prove to his liking and preferences.

Perhaps the folks in Canada are also pleased at this change in their affairs. It has been noted for some years they have not been as warm in their cordiality as at the time when they first called on us.

This was not because of anything in our own conduct. Best reports indicated the change in warmth of feeling was brought about by sentiment among Canadians generally. Those plain people of that deserving country took on a notion that Canadians should spend all their money at home. It is a parish feeling that doesn't go well with the supposed spirit of this world age but nevertheless Canadian people have taken it on.

The Canadians who called and invested with us had to spend most of their time with neighbors in their own country. It wasn't easy for the investing gentlemen to keep our memories green and next to their own stout hearts. There was a little rift in the lute, and then the thing grew until it threatened to become an estrangement. We are well out of it all around and next time there is a call everybody can be more cordial.

TRYING TO TAME THE ISSUE

These days we are hearing a good deal from Florida as to what are to be the leading issues in the national campaign of 1924. Generally speaking, there is the old time feeling that the economic condition of the voters will play a leading part.

Some leading Republicans are reported as saying that gasoline, sugar and coal may get to the front in determining the outcome of next year's big election. The gentleman from Wisconsin has said something about the price of gas going to a dollar a gallon, and there are folks on vacation in Florida who feel this may cut a figure. Anyhow, Mr Daugherty is going to exert himself perspiringly to keep down the price of gas.

They have turned it over to Mr Hoover to look after sugar; and everybody now inside the breastworks will try to get something done or promised about coal.

And yet all of these premature volunteers may prove to have missed the mark. Likely the price of gas will be about the same next year it has been for some time, the sugar foray should be defeated long before the big campaign gets under way, and it is hard to see that the coal situation can be any worse than it has been for a long enough time to get us acclimated to its horrors.

At this writing, it looks as if the best guess as to next year's economic issues will be the question of providing a foreign market for surplus products and crops of this country.

THIS THE YEAR TO GO

Some one told Hugo Stinnes in Germany that American delegates to the Association of Commerce meeting at Rome might have something to say at this time about reparations and other payments growing out of the big war. At once Herr Stinnes rushed on to Rome, and probably he took with him somebody who can talk English.

All this reminds one this may be a good time to pay a visit to Europe. An American may attract more attention there this year than will be possible at another time. If one will pass out a visiting or business card indicating he hails from America, also being careful to inject a few motions of possible importance, they will be inclined to gather around him and ask to do something about all these world problems.

The caller will be entirely without authority in the matter, may speak only for himself and that for the time being, but by keeping this a little in the background it will not detract from the prestige they insist upon piling on him.

Probably this is possible for only the year 1923. If you enjoy this kind of temporary distinction, right now is the time to call up ticket agents and learn about reservations to Europe. They will be glad to start you on the journey and will try to arrange to make you comfortable going and returning. Remember this is likely the last chance.

THE FINISH OF THE PIUTE

Out in Utah there is a band of Piute Indians who persist in entertaining the notion they can and will lick the United States. Heretofore their fighting efforts have been designated as "wars," and now it is proposed to change the nomenclature. There is a move in Washington to deal with these misguided Piutes as common criminals.

The suggestion is that the three or four Piute prisoners captured in the latest war against the United States be taken into court and tried for grand larceny or assault with intent to kill. It is even possible that one or more of the offenders may be put in a chain gang.

This is taking all the poetry out of the warfare of these Piutes. Heretofore they have borne up and persisted because privileged to look on themselves as warriors bold. If they are only lawbreakers and must answer to the sheriff, the day of their glory has departed indeed.

It begins to look like the finish of those Piute braves. And if they get into the criminal court there will be movie men on hand to preserve a record of their inglorious finish for the contemplation of coming generations.

It looks like the hardest kind of luck.

WE NEVER DID IT

Statesmen in England who are trying to do something for their farmer constituents are setting up the claim that the price of farm products in the Liverpool market is fixed by growers in America and Canada.

So far as we know, it is the first time a charge of this kind has been brought against our American farmers though we don't know about the brethren over in Canada. We can't bring ourselves to believe our own farmers are guilty, we are quite sure they will be able to establish an alibi that is rainproof.

There was a time when there was some fixing of prices for farm products in the Liverpool market, but most of this was done by our statesmen at Washington. A reference to that performance will disclose the fact that a bushel of corn was put at about $2.50, with wheat better than $3.

Somehow we just assume that if American and Canadian farmers were fixing the Liverpool prices for corn and wheat, they would have more regard for the figures that were established as a precedent in that former golden period. It is not possible we are guilty of the runt stunt that is now on. If we were fixing the price, the English farmer would have no ground of complaint.

PUT ALUMNI ON THE BOARD.

It is urged by several that it will be all right for Millikin to keep freshmen out of varsity athletics when other schools in the conference see the light in the same quarter. A liberal translation of this is that Millikin mustn't do it before the others, must not try to beat 'em to it.

This is a subject that at Millikin isn't viewed in the same light by faculty and alumni. But there is the chance that when we reach athletics the alumni are likely to be better inspired than the faculty. The faculty knows books, the alumni have rubbed up against the real world and are in position to make a more accurate estimate of the value of winning teams in athletics.

Perhaps it is agreed we must not destroy scholarship for athletics, but this applies to all other schools in the conference. If they can have freshmen in athletics and at the same time salvage scholarship, that is the mark that Millikin must realize and shoot at.

The matter might be settled by letting the alumni and the faculty pass on the questions that arise, one vote to one man all around.

LAWYERS IN THE ZOO

Something like a year ago there was large enthusiasm in Rockford in this state upon the establishment of a zoo for the delectation and improvement of visitors to the town's parks. Generous and forward-looking private citizens contributed a purse to buy animals for the zoo and for this enterprise and vision they were properly praised.

But there is another tune in Rockford at this time. Feed for the zoo animals was furnished and charged to the amount of $2,700. The generous contributers to the enterprise at its start are now called on to pay this feed bill.

The general rejoicing and acclaim have quieted down. The Rockford stage now is in possession of nine lawyers, all of them trying to talk at the same time. Animals in the zoo may starve to death in the excitement.

MAY BE NEXT MOVE

Every week we see an item in the papers telling us how well Henry Ford is fortifying his automobile business against the hazards of the future. He is buying raw material in everything needed to make and distribute cars. He is not going to be at the mercy of any of them.

But isn't the gentleman overlooking a bet? It is necessary to run the cars after they are distributed. To keep them going there must be gas, and at a price the consumer can pay.

As yet we have not heard that Mr. Ford has made any move to buy the Standard Oil Co.

Some people would buy parks sight unseen, charge it and be good enough to send out on the next delivery. Isn't irresponsibility a grand and glorious feeling?

Those who can't be present in person at the Old Timers' meeting are indicating their approval by sending John Knowlton $50 for expenses.

Commissioner Ruthrauff arises to remind them that if there is any spare money in the strong box he can use it in the lighting department.

But isn't there danger that if lawyers are put on a ration of 80 cents an hour they will slow down the work?

If this man Saunders puts Wall street out of business, Henry Ford is likely to lose prestige as a presidential candidate.

A London man is trying to divorce a wife who died in 1921; next thing will be a divorce before marriage to apply afterward.

And Sarah Bernhardt finished on the first page with banners and streamers flying across the eight columns.

That name Commodore Donald Willard sounds like the real thing; we must have had it made to order and a fit guaranteed.

And remember that when it comes to buying Easter flowers you can't wait for a post season markdown sale.

What is the idea in saying a woman over 40 years is dangerous? Does he mean sot in her ways?

ENACT DRY LAW IN PENNSYLVANIA

Harrisburg March 28— The lower house of the Pennsylvania state legislature passed a prohibition enforcement bill yesterday.

Just Folks

By Edgar A. Guest.

(Copyright 1923 Edgar A. Guest)

LULLABY.

Now the day is over, night is coming down,
And the stars are shining on her silken gown,
Dancing stars and twinkling on a silver sea,
And the Slumber-fairies wait and watch for thee.
By-low, my pretty babe,
Slip away to rest,
Shut your eyes and cuddle down
On your mother's breast,
Lullaby, rock-a-bye,
Gently to and fro
Slumber-land is waiting
Now for you to go.

Now the Sandman cometh with his golden sand,
Cometh now to take you off to Slumberland
And the Slumber-fairies where the bright moon beams
Have their baby garden filled with pretty dreams
By-low, my pretty babe
Let your eyelids close
Now the day is over,
Cometh sweet repose
Lullaby rock-a-bye
Slip away to rest
It is time to cuddle down
On your mother's breast

Now the boat is ready, silver sails are spread
Smooth and safe the journey to the Land of Bed,
Little waves and gentle splash the way along,
And the breeze above them croons a slumber song
By-low, my pretty babe
All is calm and fair
God shall smile above you
As you slumber there
Lullaby, rock-a-bye,
Gently ride away
Till the sunbeams call you
At the break of day

Little Benny's Notebook

Aftir suppir last nite pop was looking at some bills and shaking his hed sad, and ma sed Willyum heers a letter I got from my sister Fanny today.

That womin rites so meny letters its always a serprize to me she dont rite better ones, pop sed.

Now Willyum dont be catty, shall I reed it to you? ma sed.

Does she mention me in it? pop sed, and ma sed Wy no I dont beleeve so, no, and pop sed, Well if she hasent the common politeness to even mention my name wy should I waist time and energy lissening to wat shes trying to say? Id drather put in my time trying to solve the pickture puzzle he sed, and ma sed, Now Willyum this is reel intristing and you'll injoy it because its all about polliticks it seems there was an election in her town and her husbind ran for mayor.

Hows that did the old one ware out? pop sed and ma sed, Now Willyum dont be saurcastic you know very well they have elections there the same as everywares elts, it may be a small town but its not that small she sed.

Was he elected? pop sed, and ma sed, O thats the part I wunt to reed you, lissen wat she says, she says It was a very ixciting election and Im sure Harvey would of bin elected if the printer hadent left his name off the ballot. You know Harvey is a printer himself but the ballots were printed by a rival printer and Harvey says the hole thing was a pollitical and bizniss plot and Harvey would contest the election ony he's better off as it is because the last mayor wasent able to cullect his salary and Harvey is public spirited but not to that ixtent.

Some berg, pop sed.

And he kept on looking at the bills sad and ma red the letter all over agen, proving she injoyed it enyways.

LEE PAPE.

WOMEN NEED NOT TELL VOTING AGE

Illinois Solons Willing To Have Secret Guarded.

Springfield, Ill, March 28—Woman's most jealously guarded secret should be kept secret and not exposed to the world, in the view of members of the House elections committee of the state legislature, and as they have reported favorably a bill providing that a voter shall not be required to tell his or her age.

Representative Berry, Democrat Chicago, is author of the bill, which prohibits judges of registration from requiring the applicant to give his exact age or period of residence in the nation, state, county or precinct if it appears from his answers that he is a qualified voter.

DATE FOR EASTER HAS WIDE RANGE

Can Come Between March 22 and April 25.

[By The Associated Press]

Chicago, March 28—For the first time since 1888, Easter Sunday is to be observed in Christian countries throughout the world on April 1. A twist of the calendar left a gap of thirty-five years since that coincident occurred last, while the same thing is to happen again in eleven more years.

Fixing the date for Easter Sunday is determined by the rule that Easter shall be the first Sunday after the Paschal full moon. Easter, therefore cannot be earlier in the year than March 22, as it must be on the first Sunday having a full moon after March 21. Likewise, Easter Sunday cannot come later in the year than April 25. Next year's Easter will be observed April 20, while only two years ago Easter came as early as March 27.

ONE PERSON IN 73 IS DRUG ADDICT

Indianapolis Ind March 28—One person in every seventy three in the United States is a confirmed drug addict, according to the reports of narcotic inspectors made to the treasury department, Garland W Powell national director of the Americanism commission declared in an address at the annual Fathers and Sons association banquet here Tuesday night.

Medical estimates have been made he added that each addict fastens the drug habit on three normal persons during his existence. Mr. Powell announced that the American Legion through its Americanism commission is organizing a national campaign against the evil.

According to reports from many cities including New York, Memphis and Louisville, the narcotic evil is gaining a hold on high school pupils he said. He advocated the death penalty for a drug peddler selling his wares to children.

ABOUT TOWN

THE members of the council were discussing the North Main street re-surfacing project at a committee meeting Tuesday morning of this week and when City Engineer C. E. Andrew was called upon in regard to some detail he talked about "Mr. Pahk" and what "Mr. Pahk" had said about the question of using the half block in front of his place as a spot on which to experiment in the saving of the wood block pavement.

"Aw," said Mayor Borchers "forget that New England stuff. Say Mr Parke. Put that "R" in where it belongs."

Mr. Andrew is a new Englander and had his training at a Vermont technical college and his "down east" elimination of the "r" is sometimes quite noticeable.

The joking by the mayor brought out the story from a man who was present of a Decatur girl who is now teaching school in Massachusetts and who recently gave out to her pupils, in the spelling lesson, the word "lodge."

It came back on every spelling paper "large."

"Why," explained the Decatur girl to the thirty or more pupils, "the word I gave you was "lodge."

"Well Miss Blank said the children" didn't we spell "lahge"—and then the western girl gave it up.

Ten Years Ago Today In Decatur

MARCH 28, 1913.

An epidemic of measles had struck the J. M. U. and one fraternity, the S. A. E. had been quarantined.

Sargent Chapel ball team had been organized by J M Shawhan with Art Watkins as catcher.

With only 2,690 voters voting Decatur passed a bond issue for $135,000 for a new city filter plant by a margin of only 143 votes.

Wabash Conductor C F Tullis and Engineers O C Wasson Stewart and Kearns, returned from Peru Ind where they had been marooned for several days in their hotel by high waters.

TWENTY YEARS AGO TODAY.

Captain W E. Bingham caught a bass in the Sangamon river weighing two and one-half pounds.

James Henson, assistant supervisor and humane officer, quit the study of law for the summer, to resume work at his old trade of bricklaying.

R E. Pratt of Chicago sent a written acceptance of the lighting franchise granted by the city council to the Decatur Illuminating and Electric Power company.

Lord Robert Cecil Is Well Liked in Washington

British Statesman Has Reputation For Sincerity and Directness of Purpose.

By Mark Sullivan.

(Copyright 1923)

Washington, D. C, March 28— The arrival of Lord Robert Cecil in America tomorrow, provides one of those rare occasions when it is possible to say some things about a man practically without restraint or qualification, and those occasions are not frequent in the course of any writings which aim to give the public a reasonably accurate appraisal of public men.

Not all of that rather steady procession of persons who have come from Europe to America during the war and since have furnished as complete an opportunity to speak without reservation. As to some you had the feeling that their public reputation was a little greater than a careful estimate of their fundamental character and capacity would reveal.

LACKED SINCERITY

As to some others you had the feeling that their real relation to America might be less sincere than the circumstances of the visits were made to appear. During the war and to some extent after the war there was an amount of staged propaganda, with the conscious and legitimate purpose of promoting harmony among the Allies in the course of which values were assigned to men which they would hardly live up to in the light of a colder examination.

But Robert Cecil is the real thing. The writer of this article has received a letter from an American friend who had occasion for close and frequent contact with Lord Robert during the war and at the Paris Conference. This American writes:

SENSE OF JUSTICE

"You, of course know that Lord Robert Cecil represents the finest spirit that Wilson tried to breathe into the treaty. He has the finest sense of justice that one can possibly imagine. He never can be much of a politician because he does not temporize nor deal in expediency. If one can criticise him at all—and it is a criticism I will be proud of if I were he—it is that he holds his head on high like a crusader preaching the gospel of truth and charity. I do not believe he ever had a mean thought or even a low idea.

"I have disagreed with him at times violently, and he has as unmercifully hatted me and I have seen him hat others who I thought were more worthy subjects for his effort. You can expect great frankness from Lord Robert. No one who ever came in contact with Lord Robert Cecil ever felt that he expressed anything but what was the result of deep thought and almost, I might say sense of religious responsibility."

REAL ARISTOCRAT

Aside from these aspects of Lord Robert, he is also the genuine thing as regards British aristocracy. He is the finest of what an American has in his imagination when he thinks of a "British Lord," in the historic sense. Some of the British Lords who have come to America have been merely men successful in business or politics or both, who have been given the title in recent years as the reward of such success.

If we had in America the British system of awarding titles Mr. Lodge by this time would be the Duke of Massachusetts. General Pershing would be Viscount Missouri. Charles Schwab would be Baron Bethlehem. Mr Gray would be Lord Steel and Frank Munsey would be the Marquis of Maine.

ANCIENT LINEAGE

But Lord Robert Cecil is called by that title because he has an ancestry of aristocrats running back farther into the history of England than the present British kings. Of course not all by any means, of these hereditary Lords either are very impressive figures.

SOME RATHER FEEBLE

Some of them mean little more in the public life of Great Britain than the descendants of revolutionary generals mean in America. Some indeed of these hereditary British Lords are rather feeble persons. But Lord Robert Cecil actually inherits and lives up to an extraordinary line of the finest traditions of service. He has many of the qualities Americans of a generation ago attributed to William E. Gladstone.

He looks somewhat like Gladstone, although he is really more impressive with his big rather ungainly head his big ears big eyes deep set under craggy brows and big aquiline nose. On an occasion when the present writer visited him he sat with his neck on the back of his chair and at a distance of extraordinarily long legs his feet on another chair higher than his head.

NEWSPAPERARCHIVE® NEWSPAPERARCHIVE®

PANA BAPTISTS PLAN REVIVAL

To Start April 8 and Run Three Weeks.

Pana, March 28.—Revival services will start at the First Baptist church in this city on April 8th and will continue unceasingly for three solid weeks. The pastor, Rev. T. J. Phillips, will be assisted by Rev. F. M. Dunk, the singing evangelist. Rev. Mr. Dunk is in charge of the revival services of the state for the State Northern Baptist convention, which is under the direction of the Mission Board. Rev. Mr. Dunk is now conducting revival services at Belleville, Ill. He also conducted a series of revival services recently in Decatur.

DOCTOR'S HOME ON FIRE.

The fire department was called out to the home of Dr. F. A. Martin Tuesday morning. The fire originated on the roof of the home and but for the prompt arrival of the department Pana would have lost one of its beautiful homes. The building was constructed by the late Ex-Postmaster G. C. Butts and afterwards sold to Dr. Martin.

H. N. Schuyler is in receipt of a message informing him of the death of Misses Sallie and Millie Turnbolt at Springfield, Ill. The Turnbolt sisters were former residents of Pana and well known to the older residents here. They have been away from Pana for a good many years.

Harold J. Lyman, assistant ticket agent for the Big Four railroad, is now confined to the hospital for treatment. He has been ill for some time, and was advised to take a rest at the hospital.

Fred Zellmann and family of Hillsboro, called here to attend the funeral of Mr. Zellman's father, returned to that city Tuesday.

Mrs. Jennie D. Stebbins, a niece of H. N. Schuyler, is a guest at the Schuyler home this week.

INGROWN TOE NAIL

How to Toughen Skin so Nail Turns Out Itself

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

ED RICKEY VERY SICK AT SADORUS

Sadorus, March 28.—Ed Rickey, of Philo, is very seriously ill at the home of his sister, Mrs. Frank Richardson. His sister, Hulda, of Decatur is here helping to take care of him. He is unconscious a great deal of the time and cannot be left alone at any time.

Bill McMann of Savoy spent the week-end with Jack Mara.

Earl Hall is reported to be somewhat improved.

Neva Holterman who is attending school in Bement spent the week-end with her parents, Mr. and Mrs. Dan Holterman.

An Easter program will be given at the Methodist church Easter Sunday.

Annabelle Fiscus, who is attending high school in Champaign, spent the week-end with her parents.

Mina O'Brian, who is attending school in Monticello, spent the week-end with her parents, Mr. and Mrs. Hiram O'Brian near Parksville.

The Junior choir of the Methodist church practiced at the home of Will DeLong Friday evening.

Glen Holliday of Parksville was a caller in Sadorus Sunday evening.

Wilma Thornton spent the week-end in Tolono with relatives.

Mrs. Howard of Rantoul spent several days here last week with her daughter, Mrs. Harry O'Dell.

Mrs. Hadfield of Urbana, the mother of Albert Hadfield of this place died Friday afternoon at two o'clock. The funeral was held in Urbana Monday morning at ten o'clock. The body was taken to Pesotum on the train and then to the Rice cemetery.

Richard Hersine and wife moved into the Sadorus property west of town Monday.

Edgar Sterrit was taken suddenly and perhaps seriously ill with his eyes Friday night. He spent a sleepless and painful night. Saturday he was taken to Decatur to an eye specialist.

Word has been received here that Julius Hinds of Pesotum is very seriously ill. He was reported to be a little improved Saturday.

Margaret and Frank Chambers, who are attending school at Monticello Seminary returned home Friday evening for Easter vacation.

Ronald Styan of U. of I. spent the week-end with his parents, Mr. and Mrs. Edward Styan.

Mrs. Charlie O'Dell and Vera Riley spent several days with Mrs. Harry O'Dell.

The King's Heralds met at the home of Mrs. Sarah Hadfield Saturday afternoon.

FORSYTH.

Mrs. A. L. Graupman of Heyworth spent Saturday and Sunday with her parents, Mr. and Mrs. G. Adams.

George Fornwalt and Mr. and Mrs. C. Samon, all of Pana, spent Sunday with the former's brother, W. Fornwalt and family.

Mrs. Bert Mowry and daughter of Chicago are spending several days with Mrs. H. C. Mowry.

Mr. and Mrs. Ed Vest of Decatur spent Sunday with the latter's mother, Mrs. J. Mallott.

Elizabeth Sawyer spent the week-end with her cousin, Mary Martha Cooley.

Mrs. McDonald of Bloomington is spending several days with her daughter, Mrs. L. N. Lindsey.

Mr. and Mrs. C. Glosser and family of near Macon spent Sunday with the former's parents, Mr. and Mrs. John Glosser.

Mr. and Mrs. S. Miller and granddaughter visited with their daughter, Mrs. Pearl Doran of Decatur Saturday.

Mr. and Mrs. Dial and daughter of Kenney were callers here Sunday.

Mrs. F. Ferris of Decatur spent Sunday with her daughter, Mrs. W. Walters and family.

Mr. and Mrs. W. Clough and family spent Sunday with their son, Mr. and Mrs. V. Clough of near Argenta.

Mr. and Mrs. Ernest Walters and daughter of Decatur visited with relatives Saturday and Sunday.

Mrs. S. McKay and Mr. and Mrs. J. Davis and family spent Sunday with Mr. and Mrs. Guy Doran and family of Decatur.

Mr. and Mrs. Elwood McKinley entertained Saturday evening at a card party the following: Mr. and Mrs. H. Harmon, Mr. and Mrs. Carl Cooper, Mr. and Mrs. A. D. Tillman, and Mr. and Mrs. J. J. Cooley.

PIONEER FARMER BURIED IN ALTAMONT

Altamont, March 28.—William Oliver, pioneer farmer of Effingham county, formerly living on the farm owned now by Calvin Loltzel, was brought here for burial Tuesday from Indiana. He was ninety-two years old, and leaves a son, daughter and two sisters.

Funeral services were held from the Methodist church at 2:30 p. m., Tuesday, by the pastor, Rev. L. A. Magill. Burial was in Union cemetery.

ATHLETIC MEET.

The Effingham county athletic meet will be held in Effingham May 12. All high schools of Effingham county are members of this association. The tracks and grounds are in good condition, and unusual interest is being taken, so it is expected that this meet will be a grand success this year.

DAVIDSON SPEAKS AT VILLA GROVE

Villa Grove, March 28—Dr. W. J. Davidson, president of Wesleyan university at Bloomington, gave a very fine address at the Methodist Episcopal morning church services Sunday on the subject "What is Your Life?" Beginning Sunday night, services are held at the Methodist and Baptist church each evening until Easter.

BANQUET ENJOYED.

The banquet given in honor of the basketball teams by their mothers, Friday night in the high school gymnasium was greatly enjoyed.

Superintendent Clarence Orr was toastmaster and after a few well chosen remarks, the toastmaster announced Coach P. E. Pullium, who talked in a very interesting manner for a short time. Each member of the first team, Captain Ernest Combs, Kenneth Reynolds, Wayne Hulse, Harold Sanders and William Barmore responded to Coach Pullium's toast in a style peculiar to each. They were followed by a witty short talk by Evan Howell, which was greatly enjoyed. The dining room presented a gala appearance with its decorations of blue and gold. The basketball, which was the trophy the team won as state champions, hung over the center of the table.

E. R. Shuey and Mr. and Mrs. N. R. Tohill are in Westfield.

Mr. and Mrs. W. C. Jennings and daughter, Margaret, returned Saturday from Clinton, Ind., where they had attended the funeral of Mrs. Jennings' aunt, Mrs. Mary Moreland. Mrs. Moreland was seventy-five years of age. Her six brothers, all younger, were her bearers.

The Lenten prayer and discussion service will be held at the home of Mrs. C. H. Davis Friday afternoon.

Charles William little son of Mr. and Mrs. Charles Wiseman, and Barbara Jane, little daughter of Mr. and Mrs. Clarence Orr, where baptised at the Methodist Episcopal morning service Sunday. Mr. and Mrs. Wiseman left at noon for their home in Chicago.

DEATH OF J. R. SHUEY.

J. R. Shuey, the father of E. R. Shuey and Mrs. N. R. Tohill, who has been in declining health for two years, died at his home in Westfield at 12:30 Monday afternoon. He is survived by his widow and six children, Judge Charles Shuey of Charleston, E. R. Shuey of Villa Grove, Mrs. N. R. Tohill, Villa Grove, Mrs. L. A. Rider, Miss Edna and Miss Lois Shuey of Westfield. Mr. and Mrs. Shuey celebrated their golden wedding five years ago.

His brother, Will Shuey, who died two years ago was president of the Westfield United Brethren college for years and many other relatives are prominent members of the United Brethren church, of which he was a life long devoted member. The funeral will be held in Westfield Thursday.

Leon Reeder is quite ill at his home since Monday.

Den Skidmore is confined to his home with an attack of the flu.

Mr. and Mrs. S. A. Combs entertained the members of the state championship basketball team of which their son Ernest is captain, and a guest of each with a well appointed six o'clock dinner Monday evening.

Later in the evening they comprised a theater party.

[illegible] COUGH
KEMP'S BALSAM

Alkali in Shampoos Bad For Washing Hair

Many soaps and prepared shampoos contain too much free alkali which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified cocoanut oil shampoo for this is pure and entirely greaseless. It is very cheap and beats anything else all to pieces. You can get Mulsified at any drug store, and a few ounces will last the whole family for months.

Two or three teaspoonfuls of Mulsified in a cup or glass with a little warm water is all that is required. Simply moisten the hair with water and rub the Mulsified cocoanut oil in. It makes an abundance of rich, creamy lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly and is soft, fresh looking, bright, fluffy, wavy and easy to manage. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure your druggist gives you Mulsified.

STEARNS' ELECTRIC PASTE

is recognized as the guaranteed exterminator for Cockroaches, Waterbugs, Ants, Rats and Mice.

Don't waste time trying to kill these pests with powders, liquids or any experimental preparations.

Ready for Use—Better than Traps
2-oz. box, 35c 15-oz. box, $1.50
SOLD EVERYWHERE

COUGHING, WEAK AND RUN-DOWN AFTER FLU

Regained Flesh and Strength Quickly, and Tells How.

"I nearly died from 'flu' last October, and it left me with a terrible cough. The doctor gave me one bottle of medicine after another, but it did me no good. Went to Charlotte, N. C., and took treatment of a specialist without any permanent benefit.

"I saw Milks Emulsion advertised and started using it. It helped me right from the start. I had no appetite and my stomach was in bad shape. But 12 bottles have straightened me out entirely. I eat anything without distress, my cough is gone and I have gained back my strength and flesh."—Emma Withers, Box 50, Belmont, N. C.

Don't trifle with a weak, run-down condition. It leaves you open to serious diseases. Get your strength back. Milks Emulsion costs nothing to try.

Milks Emulsion restores healthy, natural bowel action; it is a truly corrective medicine, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food, and thus build flesh and strength. Milks Emulsion is strongly recommended to those whom sickness has weakened: it is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee: Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and $1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Domestic Oil Production Running Well Above Mark of Other Years

STOCK SESSION IS IRREGULAR

Operations for Rise Resume Activity But Advance Is Unsteady.

BY STUART P. WEST.

(Copyright, 1923)

New York March 28.—On the favoring news from Washington operations for the rise were resumed on the stock exchange today. At the same time professionals on the short side who had not taken in their contract Tuesday were covering them in. The advance however was extremely irregular.

New York Central was actively sold when the directors declared only the regular dividend at the rate of five per cent. The disappointment felt on this score coming on top of the comparatively poor showing in many of the February traffic statements, made itself felt in this class of stocks being left pretty much alone.

POOLING OBVIOUS.

Pool activities were obvious again in the equipment shares, in Studebaker among the motors and in a variety of specialties of the type of Mack Trucks, Associated Dry Goods, Owens Bottle, Reynolds Spring, Brown Shoe and Famous Players. Brown Shoe was bought in expectation that the greatly improved earnings of the company will bring about a dividend distribution.

The street was pleased today with the prominence of U. S. Steel in the advance both Tuesday and today. Its leadership from a speculative standpoint was calculated to inspire greater confidence in the general market movement. The pools in Marland Oil and Phillips Petroleum were busy again, maintaining that earnings and prospective warranted higher dividends and consequently justified a bullish position on the stocks. Among the equipments Baldwin Looomotive, Lima and Pullman were all conspicuous, so was American Locomotive.

HAS TWO ANGLES.

The advance on the stock exchange today might have been taken as an expression of relief that nothing disturbing was to happen at the conference of Federal Reserve governors, or it might have been interpreted as speculative Wall street accepting the non-action of the reserve board as an invitation to go ahead with its interrupted campaign.

At all events the essential thing was that the decline of the last fortnight had corrected the main weaknesses in the market position. It had carried prices of five and ten points from their highs in the early part of the month. It had undone, over a large part of the list, fully half of the rise since Feb. 1. Consequently the market was once more in shape to respond to good news from any quarter and it was perfectly ready to believe in the Washington dispatches which represented that business and credit conditions had not reached a stage yet where an advance in federal reserve rates was regarded as necessary.

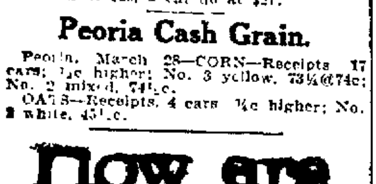
ST. LOUIS HAY.

St. Louis, March 28—Timothy—2 cars No. 3 at $16, 5 cars do at $17, 3 cars No. 2 at $18, 1 car do at $19, 3 cars do at $20, 2 cars No. 1 at $23. Clover-mixed—1 car No. 2 at $17, 1 car do and 1 car heavy mixed at $17.50, 1 car do do at $18. Clover—2 cars No. 2 at $18, 1 car No. 1 at $19, 2 cars do at $20. Alfalfa—1 car standard at $25, 1 car do at $27.

Peoria Cash Grain.

Peoria, March 28—CORN—Receipts 17 cars; ½c higher; No. 3 yellow, 73¾@74c; No. 2 mixed, 74½c.

OATS—Receipts, 4 cars, ½c higher; No. 2 white, 45½c.



How are the Roads?

Both the east and west roads to Clinton are in excellent shape, considering the time of year and the weather conditions of the last few weeks. Reports Wednesday morning were that one might travel both roads at a twenty-mile per hour speed without discomfort. A slight detour is necessary at Craig station station.

Tuscola—Most main roads in fair condition.

Shelbyville—Main roads in good condition, others drying rapidly.

Pana—Roads are better in every way and getting better every day.

Allenville—Roads are in very good condition; they are being dragged and there are few mudholes.

Mansfield — Roads are improving rapidly.

BEST WAY NOW TO SPRINGFIELD

Motorists Should Turn South At Dawson—Go South Half Mile.

Motorists who are planning to drive to Springfield should go to Dawson on the hard road and then turn south, crossing the interurban tracks, about a half mile. Then go west on aroad which has the appearance of a lane for four miles, then turn north back across the tracks, then west into Riverton. This is the route now suggested by the motor club officials who have looked into road conditions between Decatur and Springfield.

Tanker Shortage Only Obstacle to Progress

California Oil Goes To Mexican Refineries—Opposite True Six Months Ago.

BY J. C. ROYLE

(Copyright, 1923)

New York, March 28.—Tank steamers today are carrying oil from California to Mexico to keep the refinery of Aigula Oil company busy instead of carrying Mexican oil to the United States to keep American refineries busy as was the case six months ago.

So great is the demand for tanker facilities that it has been necessary to shut in production totaling 20,000 barrels a day in the Long Beach, California field. With proper storage and transportation facilities California could produce 730,000 barrels of oil daily according to the California Petroleum Bureau today.

The recent drop in California production has not been due to falling off in wells but because of failure of tankers to arrive and, the gain in the last week really has been 15,000 barrels. More than 2,000 producing wells are shut in.

AT NEW HIGH MARK.

Domestic production is at a new high record in other than the California petroleum areas and the daily average now is running 20 per cent above that of 1922. Imports which come largely from Mexico have fallen off 26 per cent from last year's average. Consumption is running 18 per cent above the 1922 average.

Domestic production and imports are now practically equal to domestic consumption and while stocks of crude oil in volume are 35 per cent larger than a year ago, when measured by the number of days supply at current consumption, they are only five per cent greater.

PROSPECTS BRIGHT.

All of these factors indicate prosperous year for the oil industry. Gasoline prices are approximately 10 per cent above the 1922 low, Penna crude is 37 per cent above last year's low and Midcontinent crude has had an advance of 48 per cent.

There is every prospect of a record breaking demand this year, consumption being estimated at 15 per cent higher than in 1922 and the prices of gasoline oils have risen seven times in as many weeks. Consumption must advance more rapidly than seems likely unless prices are to go higher. Experts have not hesitated to place the prospective profits of holders of current stocks of crude bought at low prices at $150,000,000.

The Union Oil company of California has acquired 12,000 acres near Fort Collins, Colo., and will commence drilling immediately in an effort to bring in a new field in that state. The new district is about 200 miles south of the Teapot Dome field in Wyoming. The Union company controls leases covering the entire oil structure of the district.

PRICES CALLED UNWARRANTED.

Although the index chart of the United States Chamber of Commerce shows foods have advanced in price less than many other commodities said Francis E. Kamper, president of the National Retail Grocers association today, the increase has been more keenly felt than in any other line.

"The advance in sugar is entirely unwarranted" he added. "First speculators boosted prices and then large consumers became panicky and overbought their requirements. Lastly there is a large amount of hoarding."

Two more sugar centrals in Cuba have finished their crops and it is expected that 15 more will close within the next fortnight. At least four centrals have closed with production well under preliminary estimates of production. Latest statistics on production by Cuban newspapers and experts continue to indicate a decrease of over 300,000 tons compared with early season predictions.

Southern cotton mills in widely scattered sections are continuing their voluntary wage increases which in most cases averaged about 10 per cent. Work will be begun at once to transfer spinning machines from Northern plants of the Pacific mills to its new South Carolina plant. Incursions of Northern mills into Southern fields where they are close to the source of raw materials and where labor conditions are favorable are growing more numerous and are now a decided factor in the textile situation.

TO BREAK RECORDS.

San Francisco, March 28.—Business activity in California is likely to break al' records this year if present indications are reliable. It is estimated $400,000,000 will be spent in the state in building construction aside from hydro-electric development which is expected to require expenditure of $40,000,000. Every municipality is reporting hitherto unequaled activity in both home and office building.

Summer building activities at Pasadena will exceed $6,000,000. San Francisco projects already announced total $30,000,000 and Los Angeles will spend $6,000,000 on eight downtown buildings alone. The world's highest impounding dam at Modesto will cost $5,000,000.

LABOR SUPPLY SHORT.

Detroit, March 28—Automobile factory executives are worried today over the labor supply as workers are inclined in some cases to seek outside work at this season. Many jobs are going begging but there are plenty of men hanging around the employment agencies waiting for something that just suits them.

MONEY MARKET.

New York, March 28—Call money easier; high 5¾; low 5; ruling rate 5¾; closing [illegible] 5; offered at 5¼; last loan 5; call loans against acceptances 5; time loans firm; mixed collateral 60 to 90 days, 5½; 4 to 6 months 5½; prime commercial paper 5.

GAINS MADE BY 70 IN LIST

Register Point Advances — Rails Make Only Feeble Response.

New York, March 28—More than 70 stocks had advanced a point or more above last night's closing quotations, before noon. Railroad shares made only a feeble response to the impressive strength shown by the industrial list, speculative interest in these issues being dimmed by the failure of the New York Central directors to increase the quarterly dividend. Several stocks reached new high records for the year, including Marland Oil, Phillips Petroleum and Union Bag and Paper.

Beechnut Packing was conspicuously heavy, falling 3 points from its early high level on profit taking. Some of the outstanding strong spots were Manhattan Electrical Supply, American Tobacco A. and B and Virginia Carolina Chemical preferred, up 3 to 3½ points. Call money opened at 5¾ per cent.

The closing was firm

LIVE STOCK ON DULL SESSION

Cattle Trade Uneven — Hogs Down Quarter— Sheep About Steady.

BY L. C. GRUNDELAND.

Copyright 1923.

Union Stock Yards, Chicago, March 28—Market conditions were again unfavorable in all branches of the live stock trade today. Light runs were reported here, while totals at ten principal trading points fell far short of the figures posted a week ago. Notwithstanding such apparent advantage sellers were unable to show their hand, and bids were lower from the start. Nearly 1200 hogs were held over from yesterday, while 3,500 of the estimated supply, were received from big killers from other markets. Prices were again off. No California spring lambs arrived during the day.

Receipts were 10,000 cattle, 30,000 hogs, 11,000 sheep and 2,500 calves.

CATTLE STRONG.

CATTLE: Good steers sold fairly well after a slow start, and values were steady to strong. Some sales were called 10@15c higher, but it was an uneven trade. Bulk of beef steers sold at $8.50@9.50, with choice heavy animals at $10@10.10. Choice yearlings went at $9.90, Cows and heifers were generally steady, while canners and bulls also sold slowly at unchanged price levels. Veal calves to packers, were mostly 25c lower, with good lots at $8@9, while outsiders took choice lots at $10.

HOGS LOWER.

HOGS: Prices were lower for all grades of hogs from the start. Butchers were generally 15c off while light hogs were as much as 25c lower in many cases. Choice lots sold at $8.40, while 240@290 pound stock went at $8@8.25. Best 160@200 pound stuff made $8.30@8.35. Shippers took only about 500 and many hogs were unsold at the close. Packing hogs, at $7@7.50 showed the least decline.

SHEEP STEADY.

SHEEP: Lambs sold slowly, but values were called about steady. Prime wool lambs were quoted at $14.50@15. Some shorn lambs went to export at $10. These were heavy. One lot of lamb weight yearlings sold at $14.25 to shippers. Aged muttons held steady on a light supply.

Chicago Live Stock.

Chicago, March 28—HOGS—Receipts, 30,000; dull; mostly 20 to 25c lower; bulk best 150 to 210 pound averages $8.25@8.35; top, $8.40; bulk 225 to 325 pound average, $8.00@8.20; few packing sows, $7.10@7.40; pigs, $7.75@8.00; heavy weight hogs, $7.95@8.20, medium $8.05@8.30; light $8.15@8.40; light lights, $7.75@8.35, packing sows smooth, $7.25@7.50; packing sows rough, $7.00@7.35; killing pigs, $8.75@8.00.

CATTLE—Receipts, 10,000; beef steers, active; strong to 15c higher, mostly 10 to 15c up; top matured steers $10.10; several loads handy-weight and heavy kinds $9.90@10.00; bulk beef steers, $8.50@9.50; good yearlings fairly numerous; mixed steers and heifers $9.00; few other loads, $9.50; later price paid for straight load light beef heifers; she stock and bulls generally steady; veal calves unevenly lower; mostly 25 to 50c off; stockers and feeders scarce, firm; bulk desirable bologna bulls around $5.25, bulk vealers early $8.00@9.00 to packers; bulk stockers and feeders, $6.75@7.85.

SHEEP—Receipts, 11,000; opening slow, few early sales; steady to strong; fed wooled lambs $14.50, many loads held around $15.00; six doubles 102 pound clipped lambs $10.00 to shippers for export to England; lighter weight clipped lambs up to $11.50; three doubles prime fed yearling wethers, $14.25, averaging 81 pounds, choice Iowa fed ewes at $9.25.

Peoria Live Stock.

Peoria, March 28—HOGS—Receipts, 3,000; 5@10c lower; top, $8.85; lights, $8.25@8.35; mediums, $8.20@8.35; heavies, $8.00@8.15; packers $7.25@7.60.

CATTLE—Receipts, 150; steady; 5c lower; top on veal calves, $9.00.

For Additional Market News See Page Five.

GRAIN PRICES REMAIN STEADY

Hogs Weaker But Quotations Unchanged— Poultry Firm.

No change was made in grain quotations Wednesday. Hogs are weaker with a fractional decline but Decatur packers allowed quotations to remain unchanged.

Spring chickens, 1923 model, are now quoted by shippers at thirty-five cents a pound, the opening quotation on springs for the trade this spring. Other poultry is steady and firm.

Eggs are wobbling around because of the great receipts but the consumption is also heavy so that prices remain unchanged by local shippers. With next week the storage of the April eggs, the best eggs of the year for storage purposes will begin and that is expected to help the egg market to stand firm.

OATS—May, 45⅝c.

WHEAT CLOSE IS UNSETTLED

Business Curtailed and Market Turns Easier In Price.

Chicago, March 28—Fresh upturns in the price of wheat took place today during the early dealings, the chief factor being an advance in Liverpool quotations. The Liverpool advance was ascribed in part to smallness of the stock of wheat there. Bullish crop reports from western Kansas and western Nebraska, tended also to lift values.

The opening, which ranged from ⅛ to ⅝c higher, with May $1.19⅝ to 1.20 and July $1.16 to ⅛ was followed by something of a reaction and then by new rallies.

Subsequently, the approach of holidays appeared to be curtailing business, and the market turned easier in price.

The close was unsettled at ½c net decline to ⅛c advance, with May $1.19½ to ¼ and July $1.15½ to ⅝.

Corn and oats were firmer in sympathy with wheat. After opening unchanged to ½ higher, May 74⅝ to ½c, the corn market held near to the initial range.

In the later dealings, the market showed lack of support, especially after wheat became somewhat weak. Corn closed heavy, at ¼ to ⅝c net decline, with May 74.

Oats started unchanged to ½c higher, May 45 to ⅛c and later showed but little change.

Declines in the value of hogs weakened provisions.

WOOL.

Boston, March 28.—The tone of the wool market here continued strong today due to the conditions in the goods trade and activity of the mills. Trading locally was not of large proportions, however There are indications that manufacturers have taken fairly large offerings of western wools recently although these transactions are being kept as secret as possible in order to avoid boosting prices

It's Better To Miss A Train Than An Opportunity!

When you're left standing on the station platform watching the train you meant to take disappearing in the distance—you don't feel particularly cheerful!

And how do you feel when you miss an opportunity—an opportunity to get something you want and to save money in getting it?

Especially when you remember that unlike the case of the missed train, there may not be another one you can take for a long time?

There often IS some excuse for missing trains—but not for missing opportunities. Not while The Review's Classified Section is waiting to tell you about them every day!

In these carefully catalogued columns of little ads you'll find all sorts of buying and selling chances that you can't afford to neglect.

Use this sensible service regularly!

Standard Oil Directors To Meet in Decatur

Visitors, Headed by Col. Robert W. Stewart, To Inspect Local Plant—Expect 300 to Come.

At least 300 of the 450 members of the force of the Standard Oil company of Indiana in the district covered by the Decatur headquarters will meet the real "brass collars" of the company when the board of directors of the company, headed by Col. Robert W. Stewart, chairman of the board, will come to Decatur next Monday.

LUNCHEON.

The first meeting will be held at 8:30 o'clock that morning at the Orlando hotel and the group will have luncheon together at some place not yet fixed by the local committee of arrangements which is looking after the details of the meeting.

Thomas B. Clifford, manager for the Decatur district, is superintending the completion of the plans.

INSPECT PROPERTY.

The trip is primarily for the purpose of a better acquaintance between the managing officials and the district workers and for an inspection of the property of the company at Decatur.

It is also expected that the visitors will be given a chance to see Decatur and to meet some of Decatur's active citizens.

Amos Ball, assistant general manager of the company, with offices in Chicago, was in Decatur Wednesday to assist in making plans and arrangements for the meeting.

DIRECTORS TO COME.

With Col. Stewart, the chairman of the board, will come the following directors of the company on this trip to get acquainted with Decatur and the employes in Decatur and the Decatur territory:

W. M. Burton, President.

E. G. Seubert, vice president and secretary treasurer.

Allan Jackson, vice president, in charge of sales.

John D. Clark, vice president and assistant of the chairman of the board.

R. H. McElroy, traffic manager.

E. J. Bullock, director of purchases.

T. J. Thompson, general manager of sales and Amos Ball, assistant general manager of the central division.

WORKED HIS WAY UP.

Like many of the leaders in American life and industry Col. Robert W. Stewart started from the farm, leaving the Iowa farm fifty years ago, the son of a blacksmith and a farmer. He worked his way through Coe college in Iowa and then through a law course in Yale after which he went back west, settling in Pierre, N. D., for the practice of law.

From Pierre he moved to Chicago in 1907 as general attorney for the Standard Oil company of Indiana, later becoming general counsel.

IN MILITARY SERVICE.

Col. Stewart acquired part of his military title in actual service, having been a major in the Spanish American war, receiving his title of Colonel in the active work which he has since done with the North Dakota national guard.

GOOD RELATIONSHIPS.

Throughout his career Col. Stewart has made a study of industrial relations and his hobby, so to speak, is the maintenance of the good relationships between the employes of the company with which he is identified and the company.

PROMOTES EMPLOYES WELFARE.

Col. Stewart's theory is a simple one. Down in his heart he has one controlling thought. It is just this: He wishes the heritage he shall leave to his children to be that he as a corporation executive was as much, or more, concerned in promoting the welfare of his employes than in merely making dividends for his stockholders. He will feel that in having done the former, there will be small doubt of his having accomplished the latter.

If a point of contact were established and maintained between all American employers and their employes: if the "human element" could be a living thing in industry, Col. Stewart has been convinced, in the light of his own experience, that labor unrest would end.

RELIGIOUS DRAMA AT GRACE CHURCH

Twenty-One Young People in Cast of Play.

An impressive, religious drama "The Ring of Rama Krishnaiah" was given in Grace Methodist church Tuesday night by the young people of the church, the cast including twenty-one people. The play was a portrayal of Christian Stewardship and Life service. Those in the cast were trained by Mrs. Raleigh Hoffer.

SCENES SHOWN.

The play was given in costume. The first picture showed the official board of a church, Grace church in this case, assembled. Money is wanted for missions, and the people are pessimistic on account of the church debt, etc., and refuse the money for missions.

The second picture shows a Hindoo home. The missionary, Mr. Arnold, is present also. The Hindoo people ask him when their teacher is coming, and he reluctantly tells them that there is no money provided to send a teacher. They are disappointed and downcast.

The third picture shows the official board in session again, one year later, and on account of such a successful year and optimistic outlook, they plan to raise the money. One of the members present pledges himself to the mission field, and therefore redeems the Hindoo ring, which was given the missionary, Mr. Arnold, by a Hindoo woman, who was of a Christian family.

DR. WILLETTS PREACHES.

Dr. Willetts preached to a well filled church Monday night, his subject being taken from "The Barren Victory."

BISHOP BURNS TO SPEAK.

Wednesday night Bishop Charles Wesley Burns will preach at 7:30, following the fellowship supper, to which all members of the official board, Sunday school board and others interested are invited.

JESUS' TEACHINGS BRING REFORMS

Dr. Willett Says They Can Be Applied Today.

Not only is religion an individual matter, it is a social matter and the teachings of Jesus, by means of the spread of His kingdom through the great general principles that he taught, have narrowed the confines of the world, brought nations and races more closely together and wrought the great social reforms in the world today. All this has been done through the unconscious following of His principles by man, according to Dr. Herbert L. Willett, speaking at the business men's luncheon Wednesday noon.

AT BASE OF REFORMS.

"'Will the great principles of Jesus' life work today?' we are asked. Some will claim that they are purely visionary. Some say that they are excellent if they may be applied. It is that group that says 'They will work,' that are doing things. His principles have brought about the abolitions of war for conquest, slavery, have curbed the drink evil. Jesus' teachings are at the base of all social reforms," said Dr. Willett.

TOO SILLY TO END NOW.

"Do not let them frighten you by saying that the end of the world is at hand. This world is far too young and too silly to end so soon. It is in its adolescent period. Just as the Master sowed His seed and waited patient for the harvest, so must we today follow His plan. The wait may be long but the harvest will come."

ANNEX FILLED.

The front section of the "Y" annex was filled Wednesday noon to hear Dr. Willet talk. It is not generally understood that all who wish to hear his talks need not take lunch. Chairs are arranged to seat all who care to attend and all are welcome.

Dr. Willett will speak Wednesday night at the Congregational church, Thursday night at the Westminster Presbyterian church, and Friday night at the Central Church of Christ.

MOOSE MINSTRELS ADD TO CAST

Expect Packed Houses For Both Performances.

Several new additions to the cast of the Moose Minstrel which shows the evenings of April 3 and 4 at the Empress theater are expected to add materially to the already well prepared program of fun, music and entertainment that is being worked up by Ray Colvin, director, and Herb Hell, interlocutor, who have been putting the cast through some stiff rehearsals of late.

ADDITION TO CAST.

Thomas Gilliland, well known in Decatur for his inexhaustible fund of stories has been persuaded to make his first public appearance with the minstrels and will go on in an act of his own that will feature his inimitable dialect stories.

Other additions to the cast are Frank Remley, who will fill an end-man berth, and Grover Roderick, who will sing a number of solo parts.

EXPECT PACKED HOUSES.

With 300 members selling tickets all over the city, indications are that the show will play to a packed house for both performances. Reports on the ticket sales and from the theater where the seats went on reservation Tuesday indicate that the good seats are going fast.

FEATURES.

Among the features obtained for the show are the Mt. Vernon Harmony Four and the Aeolian Quartet of Linn and Scruggs, both of which are excellent quartets. Several special dances are being put on by Miss Grace Bowman. The Midnight Cabaret scene, the grand wind-up of the show, is also expected to be a whirlwind of fun, music and dancing.

DR. H. L. WILLETT AT J. M. U. THURSDAY

Will Speak at 7:30 In The Evening In Auditorium.

Dr. Herbert L. Willett will speak in the Millikin auditorium Thursday evening at 7:30 on the subject "The Lesson From the Last Thursday in the Life of Jesus." The public is invited to attend. Mrs. Harold Gay will sing a solo from the anthem, "He Was Despised" (Homer).

NEWS FROM THE SICK.

Mrs. Ada O'Datter, 423 West Marietta street, who underwent a surgical operation Tuesday, March 20, in St. Mary's hospital is improving nicely.

WHAT DID *YOU* SEE?

X. Y. Z., saw a sign this side of Danville which reads "Four men have been killed at this turn. Are you the next?"

—:—

F. J. and P. H., two school boys, quickly noticed a sign placed in a restaurant window which read, "special dennir."

—:—

I. H. C. saw a woman driving a Ford car and reading a newspaper at the same time. He said she was going "a kiting" too, if you know how fast that is.

—:—

What did YOU see?

WABASH REVENUE SHOWS INCREASE

Putting Earnings Into Improvements.

MACHINERY BOUGHT.

Small Freight Wreck Near Vandalia.

Total operating revenue for the Wabash for the month of February showed just a slight increase over February of 1922, a total of $4,610,494, as compared with $4,532,121 a year ago. For the first two months of the year, the total operating revenue has been $9,481,732 as compared with $8,834,612 in the same two months of 1922.

Operating income for the two months has been $1,200,660 as compared with $975,038 a year ago and net operating income has been $639,240 in these two months as compared with $471,291 last year. This very favorable showing has reflected somewhat on the bond quotations of this company.

IMPROVEMENTS.

The road, however, is probably putting more of its earnings back into improvements than it has ever done before and will undoubtedly continue this policy. New rail, new ballast, new shop equipment and the like, is being bought in larger quantities.

The company has decided to purchase 91,000 yards of gravel ballast for the Decatur division. Of this, about 40,000 yards will be distributed on the north end and will come from the McGrath gravel pits near Steele. The rest will be distributed on the 9th and 13th districts.

A new 160-ton wrecker is to be purchased to be stationed at Decatur and the present 100-ton wrecker will be sent out to some other terminal on some district where equipment, not so heavy, is in use.

MACHINERY.

About $100,000 in new machinery and tools has been authorized for the Decatur shops and in fact, some of it is now being received. Among some of the more important machines purchased are the following: wheel lathe, four shapers, five 18-inch lathes, four 16-inch lathes, two 30-inch lathes, three electric welding outfits, two pipethreaders, a ten-foot shear, magnetic separator to remove brass chips from steel chips, blue print machine, punch for the car shops, locomotive crane for the car shops, many small tools for the pattern and coach shops.

The Decatur shops have also received authority to tear down twenty of the 51,000 series furniture cars and to scrap four of the small locomotives, the 228, the 58, the 215 and the 162.

FREIGHT WRECK.

Two freight cars in an Illinois Central northbound highball were wrecked and smashed from some cause, not learned locally, at a point just south of Vandalia early Tuesday night and traffic on the road was tied up for quite a number of hours. The Centralia wrecker was called and a work train was run from Decatur at midnight. It was necessary to build a temporary track around the wreck. The morning passenger train from Centralia was delayed about forty minutes in getting to Decatur.

EXPLAINS FEDERAL COUNCIL CHURCHES

Dr. Willett Speaks Before Ministerial Association Wednesday.

Speaking before the Decatur Ministerial association 11 a. m. Wednesday, Dr. Herbert L. Willett, who is conducting the pre-Easter services in Decatur, explained to the ministers the principle and operation of the Federal Council of Churches as in operation in cities similar in size and conditions to Decatur.

For some time the ministers of the city have considered the formation of such a council which will be a body of ministers and laymen representing each church in such religious movements as the present preparatory campaign for the Easter services. Dr. Willett's talk was the first complete understanding that they have received of the proposition.

It is probable that some action will be taken toward forming a Federal Council of Church in Decatur in the near future.

Divorce Case.

Clarence W. Pettyjohn has filed a bill for divorce from Marie L. Pettyjohn. They were married Dec. 16, 1911, and lived together till Oct. 1, 1920. He charges her with desertion.

MEETINGS

Great Light Lodge, No. 1004, A. F. and A. M.—Special meeting Wednesday evening at 7 o'clock in the Masonic Temple.

All members of Central Council S. B. A. will meet in the Dawson and Wikoff chapel Thursday afternoon at 3:30 to attend the funeral of Arnie May.

Stephen Decatur lodge, 979, A. F. and A. M.—Special meeting at 7 o'clock Wednesday night in Eldorado temple.

CHOOSING MATERIAL IMPORTANT MATTER

Tests Given at Clothing School.

INSPECT QUALITY.

Miss Haugh Gives Interesting Address.

Only a very small crowd was out to hear Miss Marjorie Haugh, Tuesday afternoon, when she talked in the Y. W. C. A. on the selection of materials. This speech was open to the public as well as to delegates to the clothing school, but it seemed to be the latter only who took advantage of the opportunity to hear this specialist on the subject.

INDIFFERENT TO QUALITY.

The talk was just a nice heart to heart talk, one woman to others, illustrated by simple tests it is quite possible for every woman to employ in choosing the materials she will buy for personal and household use. Miss Haugh said that women have shown a great deal of indifference to the qualities of materials. They think they are too busy to make these easy tests but spend much more time making up the materials that fade or do not last. Women must show an interest in the quality of materials if they wish the merchants to carry the good qualities. If they are willing to pay much for little, the merchant needn't worry, and he probably won't.

PRICE NOT INDICATION.

At one time Miss Haugh said, price was an indication of quality but such is not now the case. It is the custom of manufacturer and jobber as well as merchant, the latter often unable to help himself, to raise the price of the material in vogue, while the one not in vogue may be purchased for less money. She told of flannel that sold for $1.00 a yard as wool and cotton. All was cotton except the fuzz. Material sold for wool and silk was found to be mercerized cotton and wool.

WAY TO JUDGE.

"You can tell a great deal," she said, "about the materials by the look and feel of them. Cotton looks soft and dull, linen has a luster, wool is wirey and curley, and silk has a high luster. This would be an excellent way to judge of them if it were not for the fact that all are imitated. Certain standards of materials, how much they are a yard, their wearing qualities, should be known by all women."

A material that has long floats, she said, which is the pattern made by skipping threads, is a material that pulls and easily loses its newness. Some such materials are all right for the purpose for which they are intended but all wrong for others.

BURNING IS TEST.

Although not absolutely reliable, burning gives a good test of wools and silk. Cotton burns like paper, quickly. The ash which is white or grayish blows away. Wool burns slowly, does not catch fire easily and has a distinguishable odor as does silk. Linen burns about the same as does cotton, and silk does not burn easily, is easily extinguished and leaves a gummy ash. Artificial silk, being made of wood pulp, burns very quickly. Materials that are made of silk and wool will burn about the same.

As cotton is a cheap material it will never be adulterated. The thing to watch for in cotton is a strong firm material not heavily starched. Linens often are adulterated with cotton. One test, not always reliable, is washing several times until all dressing is removed and then to iron it. Cotton irons limp and dull—linen firm and shiny.

TEST FOR LINEN.

The test for linen used by so many women, wetting the finger and touching the material, is not at all reliable. Even if the material is cotton with little starch in it the moisture will go through rapidly, while if of linen with much dressing it will take some time for it to penetrate the cloth. Mercerized cotton is often sold as linen and the only sure test for this is the microscope.

Here a woman interjected the question as to whether the word of the merchant can be relied upon. Miss Haugh told her if he was a reliable merchant he could, provided, of course that he understood the business and bought from a reliable firm, but that the ordinary salesman or saleswoman could not for she probably knew no more if as much, about the question as the buyer herself.

BOILED MATERIALS.

Some other tests were given, using a tablespoon of lye in a cup of water. In this the materials were boiled for fifteen minutes. In less time than that the wool and silk in the materials were gummy masses while the cotton and linen remained practically unchanged.

Miss Haugh explained as to the leading of silks which spoil their wearing qualities and makes cheap silk look like the better qualities.

TALBOTT-BARRY MOTOR CO. BANQUET

Thirty Members and Employes Attend Event Tuesday.

The Talbott-Barry Motor company held a banquet in the plant home Tuesday night, at which time thirty members and employes of the company were present. An appetizing menu including chicken and "mashed," beans, etc., was served.

Music was enjoyed after the banquet, the music being furnished by Elliott McKee, pianist, and Harold Walters on the saxophone.

TIME FOR MAY INQUEST NOT SET

Funeral Of Drowned Man To Be Held Thursday.

The time for the inquest over the body of Arnie R. May, drowned in the Sangamon river near the city dam Tuesday morning, has not yet been set by Coroner Roy Dawson. No further light has been shed on the circumstances that surround his death.

NO EVIDENCE OF SUICIDE.

Although he is known to have been seen sitting on the abutment of the dam from early Tuesday morning until Charles Odell noticed a splash at the point and notified the police of an accident, there is no one who saw whether May accidentally fell in the water or jumped in. Rumors of suicidal intent are not borne out by those who saw May prior to his death and although some circumstances might seem to point that way it will probably remain for the inquest to establish the fact.

FUNERAL.

The funeral of Mr. May will be held at 3:30 o'clock Thursday afternoon at the Dawson and Wikoff chapel. The interment will be in Fairlawn cemetery.

GLEE CLUB TO MAKE TWO TRIPS

Will Appear in Bement and Mattoon.

The Millikin Glee Club will make two trips after spring vacation is over, announced the business manager of that organization Wednesday morning. The first trip will be made April 5, when twenty-five singers will journey to Bement, where they are to appear in a concert. The next trip, for which all arrangements are made already, will be made April 20 to Mattoon, Ill. The business manager received a letter Wednesday morning from Mattoon, telling of the final arrangements which were made for this trip. The concerts there will include two appearances, one in the afternoon, and one at night. The afternoon concert will be especially for the grade school children, while the evening program is for adults.

VACATION.

Spring vacation at James Millikin University starts Thursday, March 29, and continues until April 4, at which time the students will return to work. This gives them six days vacation. There will be no publication of the Decaturian, the weekly paper put out by the student body, this week because of vacation.

RECOMMEND COACHES.

Dr. L. E. Holden, president of the university, reports that applications for the position of coach continue to come into his office. Letters containing recommendations from such men as "Hurry-Up" Yost, and Bob Zuppke are included in the new lot, giving the Millikin committee a fine field of candidates from which to select the new Blue and White mentor.

BROADCAST DARLING TALKS.

Station WHAP will broadcast Wednesday evening at 7:30 a practical talk on chemistry by Dr. Elton R. Darling on a 360 wave length. Radio fans within a radius of 75 miles will be able to pick up these interesting talks, which will be continued each Wednesday evening. In the first talk Dr. Darling will line up his talks and follow with the first one, on "Soot."

MANY LIONS TO GO TO STATE MEET

Expect Two Car Loads to Make Trip.

Two special carloads of Decatur Lions are expected to make the trip to the state convention of Illinois Lions clubs which will be held in Bloomington Monday, April 30. One special I. T. S. car was packed with the Decatur delegation to the state meet in Peoria last year and owing to the nearness of the Bloomington convention it is hoped that two cars will be needed to make the trip.

PROGRAM PLANNED.

Plans for the big convention are already well formed in Bloomington and although the convention is to be crowded into one day's session, it is expected to get all business transacted in time that the delegates and guests may enjoy the excellent entertainment program being arranged.

EXPECT BAND.

Bloomington is expecting the Decatur delegation to bring the Millikin band, and although arrangements have not been made to secure the organization by the Decatur club, the members hope that they may take the band along.

TO LEAD SINGING.

Although he has not yet been notified of the fact, it is understood that the Bloomington committee is also expecting Elmer Lyons of the Decatur club to lead the community singing at the big banquet at the close of the convention. Members stated Wednesday that they would influence Elmer to officiate for the good of the Decatur order even though he might be disinclined to do so.

NO POST OFFICE AT LONG CREEK

April 1 the village of Long Creek will be deprived of its post office. Long Creek will from that time on be on Decatur R. F. D. Route 8. The inhabitants are equipping themselves with letter boxes.

CITY CLUB TO NAME MONROE PRESIDENT

Nominations for Officers Are Made.

DARLING SPEAKS.

Tells How Waste Material Can be Used.

Ralph J. Monroe, now vice president of the City club, was nominated for president by the nominating committee appointed to select names to be presented to the club for election to the various club offices at the election to be held April 11, at the meeting held Wednesday noon at the Orlando hotel.

OTHER OFFICERS.

Others nominated for the various offices are as follows:

Vice president—Charles P. Guest.

Secretary—Cecil Bohon.

Treasurer—Bernard Gralicker.

Governors for three years—Howard Krigbaum, C. N. Gorham, Rev. Harry L. Meyer.

MAKE GAS FROM SLUDGE.

Decatur can make gas from the sludge which will be created when the sewage disposal plant is in operation. It can make 6,500 cubic feet from every ton of this now waste material if it is made into briquettes and heated in retorts. Tar can be made also and ammonia recovered.

This change of waste into valuable material was only one of the instances where waste could be saved and turned into valuable products mentioned by Prof. E. R. Darling, of the Millikin chemistry department, in his talk before the members of the City club at the Orlando hotel Wednesday noon.

ATTITUDE CHANGES.

"Chemistry in Industry" was the title of this very interesting talk and after telling of the great change which was wrought by the war in the attitude of the world toward chemistry when it was taken from the purely academic realm and made intensely practical in its application the speaker gave some interesting instances.

Dr. Darling said that the "molecule juggler" still has his place but the practical, applied side of chemistry is being recognized.

POTASH INDUSTRY UNPROTECTED.

Before closing he paid his respects to the poor policy of the United States in allowing the Muscle Shoals plant to go to waste and to the policy of poor protection for the potash industry here.

The potash industry here is being deliberately choked to death by German competition which has placed five years supply of potash in this country produced by war prison labor in the German mines at low cost, said Dr. Darling. During the war the United States had forty-two potash industries. Now it has ten making a fight for life against this competition which is designed to kill the American industry.

WATER SUPPLY CO. CLOSING CONTRACTS

Engineering Department is Discontinued.

Formal announcement was made by W. M. Bering, secretary of the Decatur Water Supply Co., at the meeting of the directors at the office of the company Wednesday noon, that all capital investments by the company have been discontinued and that from this time on the only expenditures will be for repairs and up-keep.

CLOSE ENGINEERING DEPT.

Mr. Bering also announced that the engineering department, one of the most active departments of the company, will be closed May 1. Fritz Washburn, who has been chief engineer, will open an office of his own at that time.

CLOSE CONTRACTS.

All contracts are being closed up, even those which have run for as long as two years, such as the clearing jobs, and all bills are being paid.

Formal action on the usual quarterly dividend payable March 31 was taken. This will involve an expenditure of something over $17,000.

DISCUSS SPUR TRACK.

Plans for the putting in of a spur track near the Nelson park bridge for the unloading of the forty cars of broken stone there where it could be loaded on a barge and taken to wherever it would be needed were discussed.

PREPARE BUREAU FOR J. M. U. NEWS

Faculty Seeks to Stop Continued "News Leaks."

Millikin faculty members have discussed for some time the advisability of establishing a news bureau and publicity department and plans are now nearly completed, it was state Wednesday.

Owing to reports and news which have gone out from the school at various times, considered inaccurate and without base, this move is thought to be the proper course, Millikin maintains.

MARRIAGE LICENSE

Correll M. Bliss, Cooksville, Ill. 21
Cleo Ritchie, Colfax 21

Licensed In St. Louis.

Marriage licenses have just been issued in St. Louis to Roy W. Sharp of Arthur, Ill., and Ethlyle M. Meyers of Shelbyville and to James L. West and Mrs. Clara B. Tuggle, both of Clinton, Ill.

SCRAPS OF NEWS

NO COUNCIL MEETING.

Because all of the members of the city council were not present at the meeting called for Wednesday morning as a committee of the whole to consider paving and other projects before the council no meeting was held as planned after the adjournment, Tuesday noon.

LINCOLN SCHOOL EVENT.

An entertainment and bazaar will be given by the Lincoln school Fathers' and Mothers' clubs jointly, Friday evening, April 6, in the school. Ice cream, candy and pop will be served. There will also be a fish pond.

CHICKENS AT LARGE.

Already complaints have been made that people are allowing their chickens to run at large and cause damage to neighbors' gardens. They also cause damage in front yards, by destroying the grass roots and by scratching up dirt on the sidewalks. People are asked to keep their chickens penned up to avoid trouble.

STOLEN CAR FOUND.

A Packard Sedan, stolen Tuesday night from Vespasian Warner in Clinton, was found by the Decatur police on Johnson avenue between Main and Water streets, where the thieves had abandoned it, about 4 o'clock Wednesday morning.

LAKE LEVEL.

The lake level at noon Wednesday was 610.8 as compared to 610.85 at the same hour Tuesday.

MT. ZION UNIT MEETS.

The members of the Mt. Zion unit of the Home Bureau held a special meeting Tuesday, for the purpose of making dress forms. Four completed forms were turned out during the day. The meeting was held at the home of Mrs. C. C. Cooper and a pot luck luncheon was served.

MEET WEDNESDAY.

The Warren school Fathers' club will meet Wednesday night at 7:30 in the school instead of Tuesday as previously announced. Reports on the festival held recently will be made.

I. O. O. F. MEETING.

The District meeting of the Odd Fellows will be held Wednesday evening in Warrensburg. The degree staff of Decatur lodge number 65 will put on the work.

G. A. R. IN NEW HALL.

The G. A. R., after using its hall on North Main street for the last five years, has leased the hall at the corner of Main and William, formerly known as the K. P. hall.

C. D. A. CARD PARTY.

The Catholic Daughters of America will have a card party Monday, April 9, in the K. of C. hall.

NURSES ALUMNAE MEET.

The Alumnae Association of the Decatur and Macon County hospital will hold its regular monthly meeting in the nurses' home Monday evening, April 2, at 8 o'clock. All members are urged to be present.

S S

OLD TIME SOCIAL.

Starlight Council, D. of P., will hold an old time social Thursday evening in the Red Men hall, corner of William and Main streets. The public is invited to attend.

SERVE DINNER.

The Silver Arrow club will serve dinner in the Red Men hall Thursday from 11 o'clock to 1:30. The public is invited.

SEEK AID FOR OPAL ARTHUR

Would Take Case to Supreme Court.

An appeal for financial aid to carry the case of Opal Arthur, convicted of first degree murder at Monticello and sentenced to hang on May 4, to the supreme court, is being made by the parents of the convicted man. An effort is being made to raise $2,000 which is the amount necessary to have made out the bill of exceptions and record.

NEED $2,000.

The appeal is being made through letters sent to various individuals. One page of legal cap paper, typewritten, is signed by the attorneys, Hoff and Hoff, Miller and Ray, who defended Arthur. Their letter explains that inasmuch as Arthur offered his life to his country in the World war, they had offered their services to defend him and without payment for the service. They state that $2,000 is now necessary to carry the case to the higher court.

PARENTS WITHOUT FUNDS.

Accompanying this are three or four page of solid typewriten legal cap paper explaining the whole case. This is signed by the parents who say they are without funds to carry the case along. They state that the conviction of the son is based entirely on circumstantial evidence and they feel sure that the supreme court in reviewing the case, would reverse the verdict of the jury in the Platt county circuit court. The individuals who receive the letters are asked to send some sort of financial contribution to the attorneys, Hoff and Hoff, at Clinton, and an accounting of the funds would be rendered by the attorneys.

BORN

To Mr. and Mrs. Harry E. (Koshenska) Dressen, 240 North Witt street, March 23 a daughter. She has been named Clementine Mae.

To Mr. and Mrs. Ernest P. Reich, 2268 East Wabash avenue, March 28, a ten-pound daughter. Mrs. Reich formerly was Miss Nora E. Owens.

To Mr. and Mrs. Samuel Speagle, 1120 South Jackson street Tuesday, March 27, a son.

To Mr. and Mrs. Leslie Moody, Los Angeles, Cal., March 22, a daughter.

To Mr. and Mrs. Jasper Hullinger, 1251 Cottage Hill avenue, March 27 a son.

To Mr. and Mrs. F. W. Dannewitz, 646½ East Eldorado street, March 26, a son. He has been named Robert Lee.

MISS SCHUMACHER THE LECTURER

Review Cooking School Week of April 9.

IN Y. W. AUDITORIUM.

Cake Making, Salads and Frying the Subjects.

Arrangements begun some six weeks ago for The Review cooking school to be held in conjunction with the Corn Products Refining company of Chicago have now been practically completed. It will be in the week of April 9. All women are invited to this school.

MISS SCHUMACHER IN CHARGE.

Miss Mary K. Schumacher, formerly of the James Millikin university, will conduct this school and give lectures in the auditorium of the Y. W. C. A. Subjects of interest and profit to the housekeeper will be discussed each afternoon, with lecture and demonstration of the work, and the school will be profitable to all who attend.

SPECIAL SUBJECTS.

The sessions will be held Tuesday, Wednesday, Thursday and Friday, April 10, 11, 12 and 13. In each session special subjects will be discussed, such as cake making, salad making and frying. To obtain the greatest amount of benefit from the school each woman should attend all four of the sessions and hear each lecture, all of which will be free. Demonstrations of syrups, starches, and salad oils made by the Corn Products Refining company will be a part of Miss Schumacher's program.

ALL WOMEN INVITED.

All the women of both Decatur and Macon county are invited to attend the school, and they are promised a worth-while afternoon in making the effort to come out to the lectures. The auditorium in the Y. W. C. A. will be equipped in such a way that all processes of the work may be made clear to the classes.

The Review invites you to attend this school.

MINE ACCIDENT AT ASSUMPTION

Joseph Debrun Kille[illegible] Leaves Nine Childre[illegible]

Assumption, March [illegible]—Joseph Debrun, forty-four years old and the father of nine children, died at his home here at 10 o'clock Tuesday night, from injuries received when rock fell on him in the local mine at 1:30 in the afternoon. He sustained a pelvic fracture and internal injuries.

The death of Mr. Debrun, who was well known as an honest man and a diligent worker, leaves a situation that is distressing. His widow is in a delicate condition, and is prostrated by her sudden sorrow. The eldest of the nine children is but nineteen years old, and the youngest is a little more than a year old. The first is a son, and has been working with his father in the mine, but the others have been dependent upon the labors of the father for their support. Those of school age are in the local schools, one or two taking a high school course.

BORN NEAR HERE.

Mr. Debrun was born on a farm west of town, and from his early years he was inured to hard work, for his father died before his birth and early in life he learned to shoulder responsibility. He always has been a hard worker, and always has had the respect and confidence of those who knew him. He was a member of St. Mary's Catholic church and from there the funeral will be held, though the hour has not been determined.

Besides Mrs. Debrun and the nine children, Mr. Debrun leaves two brothers and three sisters, namely: Adam Debrun of Henry, Neb.; John Debrun of Assumption; Miss Catherine Debrun of Chicago; Mrs. Elizabeth Brown of Cherry, Ill., and Mrs. Christina Newman of Moweaqua.

TUSCOLA-ARCOLA ROAD TO BE BUILT

Seven and thirty-two hundredths miles of hard road, the distance between Arcola and Tuscola in Douglas county, are included in the road lettings to be made April 26, according to authoritative announcement from the state highway department. This with the road already built and contracted for south of Arcola, will give Tuscola hard road connection with Mattoon.

PET STOCK ASSOC'N NAMES CHAIRMEN

Mrs. W. O. Leedy Heads Bird [illegible]sion—Others Elected.

Mrs. W. O. Leedy was elected general chairman of the Bird division of the Allied Pet Stock Association at the meeting Tuesday evening in the home of Mrs. C. A. Simpson, 1445 North Water street. The other chairmen elected are as follows:

Chairman of the Rollers—Mrs. C. A. Simpson.

Chairman of the Hartz Mountains—Mrs. J. E. Pierce and Mrs. John Van Conia.

Chairman of Sales committee—Mrs. William Landolt and Mrs. Charles Christison.

Chairman on cages—Mrs. C. A. Simpson and Mrs. J. E. Pierce.

Standard Oil Directors To Meet in Decatur

Visitors, Headed by Col. Robert W. Stewart, To Inspect Local Plant—Expect 300 to Come.

At least 300 of the 450 members of the force of the Standard Oil company of Indiana in the district covered by the Decatur headquarters will meet the real "brass collars" of the company when the board of directors of the company, headed by Col. Robert W. Stewart, chairman of the board, will come to Decatur next Monday.

LUNCHEON.

The first meeting will be held at 8:30 o'clock that morning at the Orlando hotel and the group will have luncheon together at some place not yet fixed by the local committee of arrangements which is looking after the details of the meeting.

Thomas B. Clifford, manager for the Decatur district, is superintending the completion of the plans.

INSPECT PROPERTY.

The trip is primarily for the purpose of a better acquaintance between the managing officials and the district workers and for an inspection of the property of the company at Decatur.

It is also expected that the visitors will be given a chance to see Decatur and to meet some of Decatur's active citizens.

Amos Ball, assistant general manager of the company, with offices in Chicago, was in Decatur Wednesday to assist in making plans and arrangements for the meeting.

DIRECTORS TO COME.

With Col. Stewart, the chairman of the board, will come the following directors of the company on this trip to get acquainted with Decatur and the employes in Decatur and the Decatur territory:

W. M. Burton, President

E. G. Seubert, vice president and secretary treasurer.

Allan Jackson, vice president in charge of sales.

John D. Clark, vice president and assistant of the chairman of the board.

R. H. McElroy, traffic manager.

E. J. Bullock, director of purchases.

T. J Thompson, general manager of sales and Amos Ball, assistant general manager of the central division.

WORKED HIS WAY UP

Like many of the leaders in American life and industry Col Robert W. Stewart started from the farm leaving the Iowa farm fifty years ago, the son of a blacksmith and a farmer. He worked his way through Coe college in Iowa and then through a law course in Yale after which he went back west, settling in Pierre, N. D., for the practice of law.

From Pierre he moved to Chicago in 1907 as general attorney for the Standard Oil company of Indiana, later becoming general counsel.

IN MILITARY SERVICE.

Col. Stewart acquired part of his military title in actual service, having been a major in the Spanish American war, receiving his title of Colonel in the active work which he has since done with the North Dakota national guard.

GOOD RELATIONSHIPS.

Throughout his career Col Stewart has made a study of industrial relations and his hobby, so to speak, is the maintenance of the good relationships between the employes of the company with which he is identified and the company.

PROMOTES EMPLOYES WELFARE.

Col. Stewart's theory is a simple one. Down in his heart he has one controlling thought. It is just this: He wishes the heritage he shall leave to his children to be that he as a corporation executive was as much, or more, concerned in promoting the welfare of his employes than in merely making dividends for his stockholders. He will feel that in having done the former, there will be small doubt of his having accomplished the latter.

If a point of contact were established and maintained between all American employers and their employes; if the "human element" could be a living thing in industry, Col Stewart has been convinced, in the light of his own experience, that labor unrest would end

RELIGIOUS DRAMA AT GRACE CHURCH

Twenty-One Young People in Cast of Play.

An impressive, religious drama "The Ring of Rama Krishniah" was given in Grace Methodist church Tuesday night by the young people of the church, the cast including twenty-one people. The play was a portrayal of Christian Stewardship and Life service. Those in the cast were trained by Mrs. Raleigh Hoffer.

SCENES SHOWN.

The play was given in costume The first picture showed the official board of a church, Grace church in this case, assembled. Money is wanted for missions, and the people are pessimistic on account of the church debt, etc., and refuse the money for missions.

The second picture shows a Hindoo home. The missionary, Mr. Arnold, is present also. The Hindoo people ask him when their teacher is coming, and he reluctantly tells them that there is no money provided to send a teacher. They are disappointed and downcast.

The third picture shows the official board in session again, one year later, and on account of such a successful year and optimistic outlook, they plan to raise the money. One of the members present pledges himself to the mission field, and therefore redeems the Hindoo ring, which was given the missionary, Mr. Arnold, by a Hindoo woman, who was of a Christian family.

DR. WILLETTS PREACHES.

Dr. Willetts preached to a well filled church Monday night, his subject being taken from "The Barren Victory."

BISHOP BURNS TO SPEAK.

Wednesday night Bishop Charles Wesley Burns will preach at 7:30, following the fellowship supper, to which all members of the official board, Sunday school board and others interested are invited.

JESUS' TEACHINGS BRING REFORMS

Dr. Willett Says They Can Be Applied Today.

Not only is religion an individual matter it is a social matter and the teachings of Jesus, by means of the spread of His kingdom through the great general principles that he taught, have narrowed the confines of the world, brought nations and races more closely together and wrought the great social reforms in the world today All this has been done through the unconscious following of His principles by man according to Dr. Herbert L. Willett, speaking at the business men's luncheon Wednesday noon.

AT BASE OF REFORMS.

"'Will the great principles of Jesus' life work today?' we are asked Some will claim that they are purely visionary. Some say that they are excellent if they may be applied. It is that group that says 'They will work' that are doing things. His principles have brought about the abolitions of war for conquest, slavery, have curbed the drink evil. Jesus' teachings are at the base of all social reforms," said Dr. Willett.

TOO SILLY TO END NOW.

"Do not let them frighten you by saying that the end of the world is at hand. This world is far too young and too silly to end so soon. It is in its adolescent period Just as the Master sowed His seed and waited patient for the harvest, so must we today follow His plan. The wait may be long but the harvest will come."

ANNEX FILLED.

The front section of the "Y" annex was filled Wednesday noon to hear Dr Willet talk. It is not generally understood that all who wish to hear his talks need not take lunch. Chairs are arranged to seat all who care to attend and all are welcome.

Dr Willett will speak Wednesday night at the Congregational church Thursday night at the Westminster Presbyterian church, and Friday night at the Central Church of Christ

MOOSE MINSTRELS ADD TO CAST

Expect Packed Houses For Both Performances.

Several new additions to the cast of the Moose Minstrel which shows the evenings of April 3 and 4 at the Empress theater are expected to add materially to the already well prepared program of fun, music and entertainment that is being worked up by Ray Colvin, director, and Herb Hell, interlocutor, who have been putting the cast through some stiff rehearsals of late.

ADDITION TO CAST.

Thomas Gilliland, well known in Decatur for his inexhaustible fund of stories has been persuaded to make his first public appearance with the minstrels and will go on in an act of his own that will feature his inimitable dialect stories

Other additions to the cast are Frank Remley, who will fill an endman berth, and Grover Roderick, who will sing a number of solo parts.

EXPECT PACKED HOUSES.

With 300 members selling tickets all over the city, indications are that the show will play to a packed house for both performances. Reports on the ticket sales and from the theater where the seats went on reservation Tuesday indicate that the good seats are going fast.

FEATURES.

Among the features obtained for the show are the Mt. Vernon Harmony Four and the Aeolian Quartet of Linn and Scruggs, both of which are excellent quartets. Several special dances are being put on by Miss Grace Bowman. The Midnight Cabaret scene, the grand wind-up of the show, is also expected to be a whirlwind of fun, music and dancing.

DR. H. L. WILLETT AT J. M. U. THURSDAY

Will Speak at 7:30 In The Evening In Auditorium.

Dr. Herbert L. Willett will speak in the Millikin auditorium Thursday evening at 7:30 on the subject "The Lesson From the Last Thursday in the Life of Jesus." The public is invited to attend. Mrs. Harold Gay will sing a solo from the anthem, "He Was Despised" (Homer).

NEWS FROM THE SICK.

Mrs. Ada O'Daffer, 423 West Marietta treets, who underwent a surgical operation Tuesday, March 20, in St. Mary's hospital is improving nicely

WHAT DID *YOU* SEE?

X. Y. Z. saw a sign this side of Danville which reads "Four men have been killed at this turn. Are you the next?"

F. J. and P. H., two school boys, quickly noticed a sign placed in a restaurant window which read, "special dennir."

I. H. C. saw a woman driving a Ford car and reading a newspaper at the same time. He said she was going "a kiting" too, if you know how fast that is.

What did YOU see?

WABASH REVENUE SHOWS INCREASE

Putting Earnings Into Improvements.

MACHINERY BOUGHT.

Small Freight Wreck Near Vandalia.

Total operating revenue for the Wabash for the month of February showed just a slight increase over February of 1922, a total of $4,610,491, as compared with $4,532,121 a year ago. For the first two months of the year, the total operating revenue has been $9,481 732 as compared with $8 834,612 in the same two months of 1922.

Operating income for the two months has been $1,200,660 as compared with $975,038 a year ago and net operating income has been $639,240 in these two months as compared with $471,291 last year. This very favorable showing has reflected somewhat on the bond quotations of this company.

IMPROVEMENTS

The road, however, is probably putting more of its earnings back into improvements than it has ever done before and will undoubtedly continue this policy. New rail, new ballast, new shop equipment and the like, is being bought in larger quantities

The company has decided to purchase 91,000 yards of gravel ballast for the Decatur division, Of this, about 40 000 yards will be distributed on the north end and will come from the McGrath gravel pits near Steele The rest will be distributed on the 9th and 13th districts.

A new 160-ton wrecker is to be purchased to be stationed at Decatur and the present 100-ton wrecker will be sent out to some other terminal on some district where equi ent, not so heavy, is in use.

MACHINERY.

About $100.000 in new machinery and tools has been authorized for the Decatur shops and in fact, some of it is now being received. Among some of the more important machines purchased are the following: wheel lathe, four shapers, five 18-inch lathes, four 16-inch lathes, two 30-inch lathes, three electric welding outfits, two pipethreaders, a ten-foot shear, magnetic separator to remove brass chips from steel chips, blue print machine punch for the car shops, locomotive crane for the car shops, many small tools for the pattern and coach shops.

The Decatur shops have also received authority to tear down twenty of the 51,000 series furniture cars and to scrap four of the small locomotives, the 228, the 58, the 215 and the 162.

FREIGHT WRECK

Two freight cars in an Illinois Central northbound highball were wrecked and smashed from some cause, not learned locally, at a point just south of Vandalia early Tuesday night and traffic on the road was tied up for quite a number of hours. The Centralia wrecker was called and a work train was run from Decatur at midnight. It was necessary to build a temporary track around the wreck. The morning passenger train from Centralia was delayed about forty minutes in getting to Decatur

EXPLAINS FEDERAL COUNCIL CHURCHES

Dr. Willett Speaks Before Ministerial Association Wednesday.

Speaking before the Decatur Ministerial association 11 a. m. Wednesday, Dr Herbert L. Willett, who is conducting the pre-Easter services in Decatur, explained to the ministers the principle and operation of the Federal Council of Churches as in operation in cities similar in size and conditions to Decatur.

For some time the ministers of the city have considered the formation of such a council which will be a body of ministers and laymen representing each church in such religious movements as the present preparatory campaign for the Easter services Dr. Willett's talk was the first complete understanding that they have received of the proposition.

It is probable that some action will be taken toward forming a Federal Council of Church in Decatur in the near future.

Divorce Case.

Clarence W. Pettyjohn has filed a bill for divorce from Marie L. Pettyjohn. They were married Dec. 16 1911, and lived together till Oct. 1, 1920. He charges her with desertion.

MEETINGS

Great Light Lodge, No. 1064 A. F. and A. M.—Special meeting Wednesday evening at 7 o'clock in the Masonic Temple

All members of Central Council S. B. A. will meet in the Dawson and Wikoff chapel Thursday afternoon at 3:30 to attend the funeral of Arnie May.

Stephen Decatur lodge, 979, A. F. and A. M.—Special meeting at 7 o'clock Wednesday night in Eldorado temple.

CHOOSING MATERIAL IMPORTANT MATTER

Tests Given at Clothing School.

INSPECT QUALITY.

Miss Haugh Gives Interesting Address.

Only a very small crowd was out to hear Miss Marjorie Haugh, Tuesday afternoon, when she talked in the Y. W. C. A. on the selection of materials. This speech was open to the public as well as to delegates to the clothing school, but it seemed to be the latter only who took advantage of the opportunity to hear this specialist on the subject.

INDIFFERENT TO QUALITY.

The talk was just a nice heart to heart talk, one woman to others, illustrated by simple tests it is quite possible for every woman to employ in choosing the materials she will buy for personal and household use Miss Haugh said that women have shown a great deal of indifference to the qualities of materials. They think they are too busy to make these easy tests but spend much more time making up the materials that fade or do not last Women must show an interest in the quality of materials if they wish the merchants to carry the good qualities. If they are willing to pay much for little, the merchant needn't worry, and he probably won't

PRICE NOT INDICATION.

At one time Miss Haugh said, price was an indication of quality but such is not now the case It is the custom of manufacturer and jobber as well as merchant, the latter often unable to help himself, to raise the price of the material in vogue, while the one not in vogue may be purchased for less money. She told of flannel that sold for $1.00 a yard as wool and cotton All was cotton except the fuzz Material sold for wool and silk was found to be mercerized cotton and wool.

WAY TO JUDGE.

"You can tell a great deal," she said, "about the materials by the look and feel of them. Cotton looks soft and dull, linen has a luster, wool is wirey and curley, and silk has a high luster. This would be an excellent way to judge of them if it were not for the fact that all are imitated Certain standards of materials, how much they are a yard, their wearing qualities, should be known by all women"

A material that has long floats she said, which is the pattern made by skipping threads, is a material that pulls and easily loses its newness Some such materials are all right for the purpose for which they are intended but all wrong for others.

BURNING IS TEST

Although not absolutely reliable burning gives a good test of wools and silk. Cotton burns like paper quickly. The ash which is white or grayish blows away. Wool burns slowly, does not catch fire easily and has a distinguishable odor as does silk. Linen burns about the same as does cotton, and silk does not burn easily, is easily extinguished and leaves a gummy ash Artificial silk, being made of wood pulp, burns very quickly. Materials that are made of silk and wool will burn about the same

As cotton is a cheap material it will never be adulterated The thing to watch for in cotton is a strong firm material not heavily starched. Linens often are adulterated with cotton. One test, not always reliable, is washing several times until all dressing is removed and then to iron it. Cotton irons limp and dull—linen firm and shiny.

TEST FOR LINEN.

The test for linen used by so many women, wetting the finger and touching the material, is not at all reliable. Even if the material is cotton with little starch in it the moisture will go through rapidly, while if of linen with much dressing it will take some time for it to penetrate the cloth. Mercerized cotton is often sold as linen and the only sure test for this is the microscope.

Here a woman interjected the question as to whether the word of the merchant can be relied upon. Miss Haugh told her if he was a reliable merchant he could, provided, of course that he understood the business and bought from a reliable firm, but that the ordinary salesman or saleswoman could not for she probably knew no more if as much, about the question as the buyer herself.

BOILED MATERIALS.

Some other tests were given, using a tablespoon of lye in a cup of water. In this the materials were boiled for fifteen minutes. In less time than that the wool and silk in the materials were gummy masses while the cotton and linen remained practically unchanged.

Miss Haugh explained as to the leading of silks which spoil their wearing qualities and makes cheap silk look like the better qualities.

TALBOTT-BARRY MOTOR CO. BANQUET

Thirty Members and Employes Attend Event Tuesday.

The Talbott-Barry Motor company held a banquet in the plant home Tuesday night, at which time thirty members and employes of the company were present. An appetizing menu including chicken and "mashed," beans, etc., was served.

Music was enjoyed after the banquet, the music being furnished by Elliott McKee, pianist, and Harold Walters on the saxophone.

TIME FOR MAY INQUEST NOT SET

Funeral Of Drowned Man To Be Held Thursday.

The time for the inquest over the body of Arnie R. May, drowned in the Sangamon river near the city dam Tuesday morning, has not yet been set by Coroner Roy Dawson. No further light has been shed on the circumstances that surround his death.

NO EVIDENCE OF SUICIDE.

Although he is known to have been seen sitting on the abutment of the dam from early Tuesday morning until Charles Odell noticed a splash at the point and notified the police of an accident, there is no one who saw whether May accidentally fell in the water or jumped in. Rumors of suicidal intent are not borne out by those who saw May prior to his death and although some circumstances might seem to point that way it will probably remain for the inquest to establish the fact.

FUNERAL.

The funeral of Mr. May will be held at 3:30 o'clock Thursday afternoon at the Dawson and Wikoff chapel. The interment will be in Fairlawn cemetery.

GLEE CLUB TO MAKE TWO TRIPS

Will Appear in Bement and Mattoon.

The Millikin Glee Club will make two trips after spring vacation is over, announced the business manager of that organization Wednesday morning. The first trip will be made April 5, when twenty-five singers will journey to Bement where they are to appear in a concert. The next trip, for which all arrangements are made already, will be made April 20 to Mattoon, Ill. The business manager received a letter Wednesday morning from Mattoon, telling of the final arrangements which were made for this trip The concerts there will include two appearances, one in the afternoon, and one at night. The afternoon concert will be especially for the grade school children, while the evening program is for adults

VACATION.

Spring vacation at James Millikin University starts Thursday, March 29, and continues until April 4, at which time the students will return to work. This gives them six days vacation. There will be no publication of the Decaturian, the weekly paper put out by the student body, this week because of vacation

RECOMMEND COACHES.

Dr. L. E Holden, president of the university, reports that applications for the position of coach continue to come into his office Letters containing recommendations from such men as "Hurry-Up" Yost, and Bob Zuppke are included in the new lot, giving the Millikin committee a fine field of candidates from which to select the new Blue and White mentor.

BROADCAST DARLING TALKS

Station WHAP will broadcast Wednesday evening at 7.30 a practical talk on chemistry by Dr Elton R Darling on a 360 wave length. Radio fans within a radius of 75 miles will be able to pick up these interesting talks, which will be continued each Wednesday evening In the first talk Dr. Darling will line up his talks and follow with the first one, on "Soot"

MANY LIONS TO GO TO STATE MEET

Expect Two Car Loads to Make Trip.

Two special carloads of Decatur Lions are expected to make the trip to the state convention of Illinois Lions clubs which will be held in Bloomington Monday, April 30, One special I. T. S. car was packed with the Decatur delegation to the state meet in Peoria last year and owing to the nearness of the Bloomington convention it is hoped that two cars will be needed to make the trip.

PROGRAM PLANNED.

Plans for the big convention are already well formed in Bloomington and although the convention is to be crowded into one day's session, it is expected to get all business transacted in time that the delegates and guests may enjoy the excellent entertainment program being arranged.

EXPECT BAND.

Bloomington is expecting the Decatur delegation to bring the Millikin band, and although arrangements have not been made to secure the organization by the Decatur club, the members hope that they may take the band along.

TO LEAD SINGING.

Although he has not yet been notified of the fact, it is understood that the Bloomington committee is also expecting Elmer Lyons of the Decatur club to lead the community singing at the big banquet at the close of the convention. Members stated Wednesday that they would influence Elmer to officiate for the good of the Decatur order even though he might be disinclined to do so.

NO POST OFFICE AT LONG CREEK

April 1 the village of Long Creek will be deprived of its post office. Long Creek will from that time on be on Decatur R. F. D. Route 8. The inhabitants are equipping themselves with letter boxes.

CITY CLUB TO NAME MONROE PRESIDENT

Nominations for Officers Are Made.

DARLING SPEAKS.

Tells How Waste Material Can be Used.

Ralph J. Monroe, now vice president of the City club, was nominated for president by the nominating committee appointed to select names to be presented to the club for election to the various club offices at the election to be held April 11, at the meeting held Wednesday noon at the Orlando hotel.

OTHER OFFICERS.

Others nominated for the various offices are as follows:

Vice president—Charles P. Guest

Secretary—Cecil Bohon.

Treasurer—Bernard Grallcker.

Governors for three years—Howard Krigbaum, C. N. Gorham, Rev. Harry L. Meyer.

MAKE GAS FROM SLUDGE.

Decatur can make gas from the sludge which will be created when the sewage disposal plant is in operation. It can make 6 500 cubic feet from every ton of this now waste material if it is made into briquettes and heated in retorts. Tar can be made also and ammonia recovered.

This change of waste into valuable material was only one of the instances where waste could be saved and turned into valuable products mentioned by Prof. E R. Darling, of the Millikin chemistry department, in his talk before the members of the City club at the Orlando hotel Wednesday noon.

ATTITUDE CHANGES.

"Chemistry in Industry" was the title of this very interesting talk and after telling of the great change which was wrought by the war in the attitude of the world toward chemistry when it was taken from the purely academic realm and made intensely practical in its application the speaker gave some interesting instances.

Dr. Darling said that the "molecule juggler" still has his place but the practical, applied side of chemistry is being recognized.

POTASH INDUSTRY UNPROTECTED.

Before closing he paid his respects to the poor policy of the United States in allowing the Muscle Shoals plant to go to waste and to the policy of poor protection for the potash industry here.

The potash industry here is being deliberately choked to death by German competition which has placed five years supply of potash in this country produced by war prison labor in the German mines at low cost, said Dr. Darling. During the war the United States had forty-two potash industries. Now it has ten making a fight for life against this competition which is designed to kill the American industry.

WATER SUPPLY CO. CLOSING CONTRACTS

Engineering Department is Discontinued.

Formal announcement was made by W. M. Bering, secretary of the Decatur Water Supply Co., at the meeting of the directors at the office of the company Wednesday noon, that all capital investments by the company have been discontinued and that from this time on the only expenditures will be for repairs and up-keep.

CLOSE ENGINEERING DEPT.

Mr. Bering also announced that the engineering department, one of the most active departments of the company, will be closed May 1. Fritz Washburn, who has been chief engineer, will open an office of his own at that time.

CLOSE CONTRACTS.

All contracts are being closed up, even those which have run for as long as two years, such as the clearing jobs, and all bills are being paid.

Formal action on the usual quarterly dividend payable March 31 was taken. This will involve an expenditure of something over $17,000.

DISCUSS SPUR TRACK.

Plans for the putting in of a spur track near the Nelson park bridge for the unloading of the forty cars of broken stone there where it could be loaded on a barge and taken to wherever it would be needed were discussed.

PREPARE BUREAU FOR J. M. U. NEWS

Faculty Seeks to Stop Continued "News Leeks."

Millikin faculty members have discussed for some time the advisability of establishing a news bureau and publicity department and plans are now nearly completed, it was state Wednesday.

Owing to reports and news which have gone out from the school at various times, considered inaccurate and without base this move is thought to be the proper course, Millikin maintains.

MARRIAGE LICENSE

Correll M. Bliss, Cooksville, Ill.	21
Cleo Ritchie, Colfax	21

Licensed In St Louis.

Marriage licenses have just been issued in St. Louis to Roy W. Sharp of Arthur, Ill., and Ethlyle M. Meyers of Shelbyville and to James L West and Mrs. Clara B. Tuggle, both of Clinton, Ill.

SCRAPS OF NEWS

NO COUNCIL MEETING.

Because all of the members of the city council were not present at the meeting called for Wednesday morning as a committee of the whole to consider paving and other projects before the council no meeting was held as planned after the adjournment, Tuesday noon.

LINCOLN SCHOOL EVENT.

An entertainment and bazaar will be given by the Lincoln school Fathers' and Mothers' clubs jointly, Friday evening, April 6, in the school. Ice cream, candy and pop will be served. There will also be a fish pond

CHICKENS AT LARGE.

Already complaints have been made that people are allowing their chickens to run at large and cause damage to neighbors' gardens. They also cause damage in front yards, by destroying the grass roots and by scratching up dirt on the sidewalks. People are asked to keep their chickens penned up to avoid trouble.

STOLEN CAR FOUND

A Packard Sedan, stolen Tuesday night from Vespasian Warner in Clinton, was found by the Decatur police on Johnson avenue between Main and Water streets, where the thieves had abandoned it, about 4 o'clock Wednesday morning.

LAKE LEVEL.

The lake level at noon Wednesday was 610.8 as compared to 610.85 at the same hour Tuesday.

MT. ZION UNIT MEETS.

The members of the Mt. Zion unit of the Home Bureau held a special meeting Tuesday, for the purpose of making dress forms Four completed forms were turned out during the day. The meeting was held at the home of Mrs C. C Cooper and a pot luck luncheon was served.

MEET WEDNESDAY

The Warren school Fathers' club will meet Wednesday night at 7:30 in the school instead of Tuesday as previously announced. Reports on the festival held recently will be made

I O O F. MEETING.

The District meeting of the Odd Fellows will be held Wednesday evening in Warrensburg The degree staff of Decatur lodge number 65 will put on the work

G. A. R. IN NEW HALL.

The G. A. R. after using its hall on North Main street for the last five years, has leased the hall at the corner of Main and William, formerly known as the K. P. hall.

C. D. A. CARD PARTY.

The Catholic Daughters of Americ will have a card party Monday, April 9, in the K. of C. hall.

NURSES ALUMNAE MEET.

The Alumnae Association of the Decatur and Macon County hospital will hold its regular monthly meeting in the nurses' home Monday evening, April 2, at 8 o'clock. All members are urged to be present.

S S

OLD TIME SOCIAL

Starlight Council, D of P. will hold an old time social Thursday evening in the Red Men hall, corner of William and Main streets. The public is invited to attend.

SERVE DINNER

The Silver Arrow club will serve dinner in the Red Men hall Thursday from 11 o clock to 1 30 The public is invited.

SEEK AID FOR OPAL ARTHUR

Would Take Case to Supreme Court.

An appeal for financial aid to carry the case of Opal Arthur, convicted of first degree murder at Monticello and sentenced to hang on May 4, to the supreme court, is being made by the parents of the convicted man. An effort is being made to raise $2,000 which is the amount necessary to have made out the bill of exceptions and record.

NEED $2,000.

The appeal is being made through letters sent to various individuals. One page of legal cap paper, typewritten, is signed by the attorneys, Hoff and Hoff, Miller and Ray, who defended Arthur. Their letter explains that inasmuch as Arthur offered his life to his country in the World war, they had offered their services to defend him and without payment for the service. They state that $2,000 is now necessary to carry the case to the higher court.

PARENTS WITHOUT FUNDS.

Accompanying this are three or four page of solid typewriten legal cap paper explaining the whole case. This is signed by the parents who say they are without funds to carry the case along. They state that the conviction of the son is based entirely on circumstantial evidence and they feel sure that the supreme court in reviewing the case, would reverse the verdict of the jury in the Piatt county circuit court. The individuals who receive the letters are asked to send some sort of financial contribution to the attorneys, Hoff and Hoff, at Clinton, and an accounting of the funds would be rendered by the attorneys.

BORN

To Mr. and Mrs. Harry E. (Koshenska) Dressen, 240 North Witt street, March 23 a daughter. She has been named Clementine Mae.

To Mr and Mrs. Ernest P. Reich, 2268 East Wabash avenue, March 26, a ten-pound daughter. Mrs. Reich formerly was Miss Nora E. Owens.

To Mr. and Mrs. Samuel Speagle, 1120 South Jackson street Tuesday, March 27, a son.

To Mr. and Mrs Leslie Moody, Los Angeles, Cal., March 23, a daughter.

To Mr. and Mrs. Jasper Hollinger, 1251 Cottage Hill avenue, March 27 a son.

To Mr. and Mrs. F. W. Dannewitz, 666½ East Eldorado street, March 28, a son. He has been named Robert Lee.

MISS SCHUMACHER THE LECTURER

Review Cooking School Week of April 9.

IN Y. W. AUDITORIUM.

Cake Making, Salads and Frying the Subjects.

Arrangements begun some six weeks ago for The Review cooking school to be held in conjunction with the Corn Products Refining company of Chicago have now been practically completed. It will be in the week of April 9. All women are invited to this school.

MISS SCHUMACHER IN CHARGE.

Miss Mary K. Schumacher, formerly of the James Millikin university, will conduct this school and give lectures in the auditorium of the Y. W. C. A. Subjects of interest and profit to the housekeeper will be discussed each afternoon, with lecture and demonstration of the work, and the school will be profitable to all who attend.

SPECIAL SUBJECTS.

The sessions will be held Tuesday, Wednesday, Thursday and Friday, April 10, 11, 12 and 13. In each session special subjects will be discussed, such as cake making, salad making and frying. To obtain the greatest amount of benefit from the school each woman should attend all four of the sessions and hear each lecture, all of which will be free Demonstrations of syrups, starches, and salad oils made by the Corn Products Refining company will be a part of Miss Schumacher's program.

ALL WOMEN INVITED

All the women of both Decatur and Macon county are invited to attend the school, and they are promised a worth-while afternoon in making the effort to come out to the lectures. The auditorium in the Y. W. C. A. will be equipped in such a way that all processes of the work may be made clear to the classes.

The Review invites you to attend this school

MINE ACCIDENT AT ASSUMPTION

Joseph Debrun Killed, Leaves Nine Children

Assumption. March 28—Joseph Debrun, forty-four years old and the father of nine children, died at his home here at 10 o'clock Tuesday night, from injuries received when rock fell on him in the local mine at 1:30 in the afternoon He sustained a pelvic fracture and internal injuries

The death of Mr Debrun, who was well known as an honest man and a diligent worker, leaves a situation that is distressing. His widow is in a delicate condition, and is prostrated by her sudden sorrow. The eldest of the nine children is but nineteen years old, and the youngest is a little more than a year old The first is a son, and has been working with his father in the mine, but the others have been dependent upon the labors of the father for their support. Those of school age are in the local schools, one or two taking a high school course.

BORN NEAR HERE

Mr. Debrun was born on a farm west of town, and from his early years he was inured to hard work, for his father died before his birth and early in life he learned to shoulder responsibility He always has been a hard worker, and always has had the respect and confidence of those who knew him He was a member of St. Mary's Catholic church and from there the funeral will be held, though the hour has not been determined

Besides Mrs. Debrun and the nine children, Mr. Debrun leaves two brothers and three sisters, namely: Adam Debrun of Henry, Neb.; John Debrun of Assumption; Miss Catherine Debrun of Chicago; Mrs Elizabeth Brown of Cherry, Ill., and Mrs. Christina Newman of Moweaqua.

TUSCOLA-ARCOLA ROAD TO BE BUILT

Seven and thirty-two hundredths miles of hard road, the distance between Arcola and Tuscola in Douglas county, are included in the road lettings to be made April 20, according to authoritative announcement from the state highway department. This with the road already built and contracted for south of Arcola, will give Tuscola hard road connection with Mattoon.

PET STOCK ASSOC'N NAMES CHAIRMEN

Mrs. W. O. Leedy Heads Bird Division—Others Elected.

Mrs. W. O. Leedy was elected general chairman of the Bird division of the Allied Pet Stock Association at the meeting Tuesday evening in the home of Mrs. C. A. Simpson, 1445 North Water street. The other chairmen elected are as follows:

Chairman of the Rollers—Mrs. C. A. Simpson.

Chairman of the Hartz Mountains—Mrs. J. E. Pierce and Mrs. John Van Conia.

Chairman of Sales committee—Mrs. William Landolt and Mrs. Charles Christison.

Chairman on cages — Mrs. C. A. Simpson and Mrs. J. E. Pierce.
